## City Exposition Park?

A preliminary design for a 150-acre sports and recreation complex here in St. Albert was unveiled Tuesday night.

The complex, which could include a sports palace, coliseum, open air theatre, pool, snowmobile track, go-cart track, archery range, golf driving range and midway, would be situated between the Sturgeon River and Riel Drive where the rodeo grounds are now.

The design is the result of a team of consultants headed by Bert Morrow, an international planner for trade fairs, expositions, theme parks, festivals and recreational facilities.

The team's study, costing about \$15,000, looked at St. Albert's present recreational and tourist facilities and at growth possibilities for the future.

When the preliminary study and design were released at a public meeting at Club Mocombo Tuesday night, several invited guests from various city agencies and groups were on hand to ask questions and prepare for later input. A few members of the general public were also on hand.

During the meeting, the chairman, Alderman Barry Breadner, emphasized that the study is "very much still just a concept. We can plug in different things and plug them in different ways."

The three main components of the exposition and recreation complex include the present rodeo facilities, and open air natural park and an 'active' sports area.

Mr. Morrow emphasized that the complex would benefit local residents both through all the activities it would provide and through the tourist revenue it would attract.

If the public and city council endorse the design, the next step will be a comprehensive master plan. Construction for the project would be staged over at least 10 years, Mr. Breadner estimated.

**NEXT WEEK: A THOROUGH LOOK AT THE STUDY AND WHAT IT COULD MEAN FOR THIS CITY.**

# Board's new superintendant a 'bargain'

By Jeff Adams  
If there's one word that would describe the new superintendant of St. Albert's Protestant School Board it'd have to be 'qualified'.

A former superintendant

of schools and chief commissioner for the city of Edmonton, Dr. Peter Bergen, 57, has just returned from seven years in Toronto as executive director for the Ontario School Trustees Council.

As head of that organization, Dr. Bergen directed the affairs of four school trustees associations, coordinating education studies, research papers, conferences and served as a liaison to the provincial government for all primary and secondary education in Ontario.

A former assistant superintendant of schools in Edson and superintendant in Jasper he holds a B.A. in History and a Masters degree in Arts from the University of British Columbia and a Ph.D. from the University of Alberta.

Despite his impressive credentials, despite the fact that supervising St. Albert's school board will be a far smaller matter than jobs he's already held, Dr. Bergen insists that he isn't over-qualified, nor is he 'stepping down' by coming to this city.

"Qualifications have nothing to do with size. Just because St. Albert is smaller, does that mean it should have any less quality? The level of education should never suffer, and that's my responsibility. Also, there is greater satisfaction in a smaller system, far better and closer relations with staff."

Dr. Bergen bristles at the thought that might see his new position is a step towards retirement. "After you've been in a job five years or more, you start to lose your edge. Coming here, I've got a whole new cutting edge and new ambitions."

He admits that he could retire here "but I don't make any promises and that's far into the future."

Originally from Tiede in the Ukraine, Dr. Bergen came to Carlisle, Saskatchewan with his family in 1930. They bought a farm in Carman, Manitoba in 1935 that his brother still owns. He attended school in Gretna, Manitoba and then taught nearby in Fisherton. From 1943 to 1946 he was in the Canadian Army and then went on to three years at the University of British Columbia.

For the next six years he was principal of a school in Coaldale, Alberta, sandwiching a Master of Arts degree from UBC into his schedule during that time. From 1957 to 1958 he was assistant superintendant of Edson's board of education. His Ph.D. in Education Administration at U. of A. followed, and then four years as Jasper Place's superintendant.

From 1964 to 1967 he was Edmonton's superintendant of schools and then, when the city was looking for someone to fill the newly-created position of chief commissioner "and I was the only candidate they could agree on," he became Edmonton's new manager. Supervising a staff of 8,100, he'd come a long way from teaching 46 children in eight grades in Fisherton, Man.

## A CULTURE SHOCK

After seven years in that job, he said, "I was glad to go back into the education field" by accepting the executive director's position

in Toronto. It was a 'culture shock' to go there after the wide open spaces of Manitoba and Alberta, he said, but the spokesmen role he held for the province's trustees provided the challenge he needed to be happy.

"The job of the individual trustee is at the local level," he explained, "however, if you're united into associations and a council, you have far greater impact on the government." A large part of his responsibility meant providing that impact.

However, after seven years in Toronto, he and his wife Anne (who he married during his university years in B.C.) decided to return to Alberta "and since I was no stranger to this area, the St. Albert job was a good choice."

Dr. Bergen says it's apparent, with Edmonton out to annex St. Albert, that he's arrived in this city at its most crucial time. "I must say though that when I accepted the position I wasn't aware of the intensity of the move towards annexation. You know, there's been talk about annexation since I was here in the 1950's and I figured they'd be talking about it for another 10 years."

The fact that Edmonton could annex St. Albert, that his job could be obsolete within a year or two, doesn't bother Dr. Bergen. "We'll continue to operate this system as if we're never going to be annexed. We could be in deep trouble if we stop planning ahead and start slowing down."

It may be an inappropriate comparison, he said, "but it's like the coming of the Lord; we know He's coming but that doesn't mean we stop working." In any case, he joked, "sometimes I think the Lord may come before we're annexed."

After only three weeks on the job he said he can't predict yet what changes, if any, he might want to make from the way his predecessor Elmer Gish, organized the board offices. "My priorities may be a little different, after all, we're two different people, but so far my main impression is that I'm very pleased with the education offered in this district."

Something else that's impressed him, he said, is the board's decision to keep Mr. Gish working until the end of the month with Dr. Bergen assisting him. The 'overlap period,' he said, has allowed him important time to meet staff members and familiarize himself with the system. "I commend them for it."

After almost 40 years in the field of education and public administration, the St. Albert Protestant School Board's new and very qualified superintendant says, "I still never cease to be amazed at the quality of education offered in a democratic country. The public has a role and its needs are met without dictatorial edicts above. We work together. I'm sold on our system, I really am."

Next week: Elmer Gish, the school board's outgoing superintendant, after 10 years at the job.

Superintendent Bergen

## Board considers in-school ad policy tonight

St. Albert's schools can't be turned into department stores.

That, says superintendent Elmer Gish, is why the St. Albert Protestant School Board will be deciding tonight whether or not to endorse a policy governing advertising in schools.

Briefly stated, the policy leaves the decision on who can advertise and conduct business in the city's schools up to the superintendent.

"It's not practicable for all of these requests to come directly to the board," Mr. Gish said. "With my 10

years of experience in this job I have a fairly good idea of what's acceptable."

Part of the responsibility, he said, will be delegated to each school principal. They can deal with textbook

salesmen, educational supply houses and advertisements concerning local community events. This arrangement should work, he said, as long as business people don't go into the

'schools and pester anyone'.

Matters that the superintendent will still control include "more dubious enterprises" like students selling chocolate bars and saving soup can labels. "That is a questionable area with some trustees," Mr.

Gish said, "but other board members say this is enterprising, getting the kids out there working for charities and their schools."

"It doesn't matter to me personally if the kids collect Campbell's soup labels or sell chocolate bars as long as it doesn't interfere with their school work." He added that, "The one thing I don't want is people going in, canvassing from the teachers and bothering the kids there. I won't allow that."

Mr. Gish admits that his views on advertising and business in the schools are only his own and that some trustees might disagree, but

he says he's talked the issue over with the incoming superintendent, Dr. Peter Bergen, and they're in general agreement.

One trustee who isn't quite so keen on business in the schools is Shirley McCaffery. "The less commercial things going on in our schools the better," she says. Mrs. McCaffery said she's opposed to the chocolate bars and soup can "enterprises" in St. Albert because children can be exploited.

"There is the potential for all kinds of things that could happen." She agreed, however, that some policy is better than no policy.

## Cable companies to share St. Albert

In a decision that has made St. Albert the Little Berlin of cablevisionland, the CRTC has introduced a second cable company into the City of St. Albert. In the little publicized August decision, the commission upheld the claim of QCTV Ltd. that their licence granted QCTV the right to service certain designated sections of St. Albert. More importantly, all areas which are to be added to the city in the future will also be served by QCTV.

The case has been a complex and unusual one. The original licence to serve St. Albert was granted to Capital Cable Ltd. Capital then set up a local studio, presenting community programming on Channel Five, as well as the regular cable channels. Enter QCTV. They had an application forward for a licence to serve all areas annexed to Edmonton. Capital, however, neglected to lock up future territories in its licence. Realizing this they applied for a licence to

serve these areas only to find QCTV had also staked a claim. The end result was that QCTV's application, although it did not mention St. Albert, did include areas that were actually within the City of St. Albert city limits. When the CRTC learned that some of the territories that Capital Cable wished to service were already covered by QC's licence, another hearing was scheduled. It was this hearing which ended in August with the decision to divide the city, into separate territories. QCTV will also service any area that is annexed to St. Albert in the future.

The Gazette attempted to phone Mr. Olanski of QCTV, but he was unavailable. The Gazette hopes to enlarge on his company's plans for St. Albert in a future issue.

Over at Capital Cable, things look glum. Capital Cable Vice-president Randy Elliott said the CRTC's decision was "not a typical

one" and that it put St. Albert in a unique position, as the only community of less than metropolitan size that is serviced by two cable companies. Mr. Elliott says that the decision puts a clamp on any growth in their St. Albert operation. It is as yet unknown whether QCTV has any plans for a studio here.

"If we can't get any more customers, we can't put any more money into the local programming," said Mr. Elliott. "And the most amazing thing is that we were originally granted St. Albert in our licence and then the other extended licence was granted to a company who had never even mentioned St. Albert on their application! It just gave the legal description of the lands involved."

There is no avenue of appeal for Capital Cable, and the city will remain bisected, regardless of whether or not Edmonton is successful in its annexation bid.

## City Hall wrong again, Mr. Breadner

The Gazette experienced a second incident in as many weeks of the city's planning department giving out incorrect information, despite Alderman Barry Breadner's urging the public to "go to City Hall - don't rely on information in the Gazette."

Acting on a legal description from the planning department, a Gazette reporter drove into Edmonton Tuesday to gather information about a piece of St. Albert property from the Land Titles Office.

On his return, he learned that the planning department's description had been incorrect and that the time and money spent was wasted.

A call to the department for help in getting correct information produced no help and this response: Sorry, but this doesn't happen very often.

Last week a local businessman reported being misinformed at city hall.

## Hunter shoots his foot

While on a duck hunting expedition, a man accidentally shot his foot, and had to be taken to Sturgeon General Hospital for treatment.

The man, hunting on the Alexander Reserve, changed positions to get a better shot of some ducks. While changing position, he pulled the trigger of his shotgun and blasted his left foot.

RCMP are hoping hunters will be extremely careful when hunting, as these types of incidents could prove fatal.

## On the beat

This is a series of small features designed to introduce members of the St. Albert RCMP Detachment to the public.

CST. R.J. [ROB] FOSTER

Rob arrived in St. Albert three months ago after graduating from recruit training. His wife, Debbie, and their 20 month old son make up the Foster family.

Before joining the RCMP, Rob lived in Niagara Falls, Ontario, and therefore finds the price of housing in St. Albert very expensive. Rob plays baseball and hockey, and enjoys skiing and hunting.

## Halifax company tries foreclosing Rivercrest ownership to reach courts

By Jeff Adams

A fight to take the Rivercrest apartment complex on Highway 2 away from its debt-plagued owners, Abacus Cities, will reach the Supreme Court in Edmonton next Tuesday.

Lawyers for the corporation holding the first mortgage on the property, Maritime Life Assurance Company of Halifax, N.S., claim that Abacus stopped making monthly payments last May and they want their money.

To get it, they've filed a notice of foreclosure, asking the courts to force Abacus to sell the property and give Maritime Life their \$7.2 million-plus share of the price. If there's no buyers, then Maritime Life wants to own it.

Lining up against Maritime Life in their action will be Abacus, who claim that if they're given a little more time they can begin to make payments again, and 205 client investors in the project who also feel Rivercrest can be salvaged without being sold.

Sources for a fourth party involved, Thorne-Riddell Associates in charge of Abacus as receivers, have indicated that they'll either "remain neutral on the court action" or support Maritime Life's efforts to dispose of the property.

At meetings in Calgary two weeks ago, Thorne-Riddell was unsuccessful in convincing several hundred creditors to bankrupt Abacus. The creditors voted to give them more time.

Norm Gibault, heading up a committee of client investors in the Rivercrest project, says he hopes to raise \$1.5 million by next Tuesday to convince Maritime Life and the Supreme Court that

there's enough money there to finish the construction and start paying the \$86,000 monthly mortgage fees again.

"We are confident," Mr. Gibault said, "that if we can raise sufficient money certain developments will take place that will allow us to finish the project."

Right now, each of the 205 investors have at least \$15,000 tied up in Rivercrest, totalling more than \$3.3 million that they won't get back until the complex is finished and totally rented.

Mr. Gibault said many of

the investors, who range from plumbers and carpenters, aren't optimistic about ever getting their investment back. "We'll probably get nothing and we've known that for some time."

In any case, he said, their only hope of ever getting any return on their investment is through raising more money by Tuesday to convince the courts not to sell it.

Asked whether his company might delay the foreclosure action if another \$1.5 million was raised, Dom Williams from Maritime

Life's Halifax office said, "That's all hypothetical at this point. I wouldn't want to make any comment on our plans until it all happens."

If the mortgage is foreclosed and the land is put up for sale, Maritime Life's investment will be paid back first. Then Fort Garry Trust, who hold a \$2.5 million second mortgage are next in line.

Following that comes the many contractors who hold liens against the Rivercrest project for work that's been done but never paid for. The

provincial Land Titles office indicates that there's another \$1.9 million in liens that must be paid.

And then if there's any money left over -- which several sources say is highly unlikely -- the client investors would get their money back.

Abacus Cities, owned by Ken and Bill Rogers had more than \$508 million in assets before their financial troubles began some time ago. At least 6,350 creditors are now waiting to see what happens to their money.

## Still no fire alarm in apartments

Clean-up and repair operations, including an effective fire alarm system, may be near at hand for Rivercrest apartment residents if an upcoming action to sell or take over the project is successful.

The right to preserve the property, meaning to finish construction and make necessary repairs, is included in a foreclosure action by the company holding the first mortgage on Rivercrest, Maritime Life Assurance of Halifax.

Maritime Life wants to be able to make repairs to the apartments so that their \$7.2-plus investment doesn't deteriorate further.

If the company is successful in the foreclosure action and a fire alarm system is installed, it will end a long-standing dispute between several parties over who can force Abacus to do the work.

Fire Chief George Todd says he's told the provincial Fire Commissioner's office that the alarm system is only

partially installed and inoperative, and asked them to force Abacus (or its receivers, Thorne-Riddell) to finish the job.

Unfortunately, Joe Weinberger from the building standards branch of the commissioner's office says "as far as we're concerned the city of St. Albert is the governing authority here."

He said that in going to inspect the Rivercrest site he understood that he was only acting as a consultant to the city. "Where the (municipal) authority is as large and well-equipped as the city of St. Albert is," he said, "the jurisdictional powers pass on to it." He added that the city has all the clout it needs under the Building Standards Act.

"They're passing the buck," answers City Engineer Don Corrigan. "We have absolutely nothing under our bylaws that can let us shut Abacus down." He said there's "nothing I can do under the Building Standards Act," and so he

has turned the matter over to the city's lawyer, Stan Brown.

Mr. Brown says the city may have some authority under the Municipal Governments Act to make Abacus take action under a section that allows municipalities to force owners to repair or demolish unsafe and unsightly buildings.

Another call to the Fire Commissioner's office produced little help. Asked what action his office is considering against Abacus or Thorne-Riddell to make them complete work on the fire alarm, Jack Allmand, an assistant to the commissioner said: "We can't comment on that. As you know, Abacus is involved in litigations right now and we wouldn't want to say anything."

Back to Abacus: Paul Scott, part of the residential housing management staff in Edmonton, said he had no power to authorize any work and Thorne-Riddell was in charge.

Thorne-Riddell's Jerry Robinson said he was preparing a list of work to be done at Rivercrest but he had no idea when installation of a fire alarm and other tasks might begin.

### SOMEBODY'S GOT TO DO SOMETHING

Meanwhile, Fire Chief Todd says he's tired of everyone "passing the buck" while Rivercrest residents sit in unprotected apartments. "The place is a bloody mess. The people in there are in danger. It's spelled right out in the Fire Prevention Act that the province can do something. Why else have an act?"

He noted that some electrical work has been going on in the building but promises to complete the job (by more than one company) have been broken on June 25, July 25 and August 25. "My concern is with the people's safety. Somebody's got to do something."

## Around Town

## The Gazette REFLECTS

### Horner is the man to do it

If Dr. Hugh Horner is able to accomplish his objective of getting Canada's grain from the farm to the ports through a fast, fully efficient transportation system, Canada's economy will get the biggest boost it has enjoyed in this century. And the benefits created will extend far beyond this century.

His own background, coming from a farm family, later living in rural areas, his education leading to a doctor's degree in medicine, and his political experience will serve him in good stead in the new position of Grain Commissioner.

Old systems which have been feeding on themselves for years are not easy to change. The ex-politician will know that. New thinking on a problem always brings opposition from factions concerned. Farm organizations, wheat pools, other elevator companies, unions involved and farmers themselves - all will have strong feelings, and all will not agree. Dr. Horner is well aware of these kinds of difficulties.

On the other hand he has a strong advantage as he sets to work. The present situation in trying to move grain to markets is in such a deplorable state that the need for vast improvement is clear to everyone concerned.

Hugh Horner does have the ability to look beyond the trees and see the forest. He has shown imaginative thinking on many occasions during his political career dating from 1957.

If a new Pacific port facility was needed, and nothing was happening on the federal level, or on the federal-provincial level, then there is a way to make it happen by Alberta action. And Horner went to work, and came up with answers.

He has also a basic understanding of what makes people tick, and a genuine interest and understanding of their frustrations and difficulties. The fact that he is approachable, and puts to use knowledge gleaned from others, will be of considerable help as he takes on a formidable task.

All Canadians will wish him well.

## The Gazette BILLBOARD

WEDNESDAY, SEPTEMBER 26 - The Sturgeon Toastmistress Club will hold their first fall meeting at 8 p.m. at Paul Kane High School, Room 103. Everyone is welcome. For information call Margaret 458-8018.

WEDNESDAY, SEPTEMBER 26 - The RQB Agricultural Society will hold their annual meeting at 8:00 p.m.

FRIDAY, SEPTEMBER 28 - The regular monthly meeting of the Senior Citizen Club will be held in the Senior Citizens Centre (north of the curling rink) starting at 1:30 p.m. All seniors are welcome to attend.

SATURDAY, SEPTEMBER 29 - The Next-To-New Sale will be held between 1 p.m. and 3 p.m. in the Senior Citizen Centre.

SUNDAY, SEPTEMBER 30 - Craft Fair, 10 a.m. to 4 p.m. St. Albert Legion Auditorium co-ordinated by Legion Auxiliary.

MONDAY, OCTOBER 1 - Registration for babysitters course at 6:30 to 7:30 p.m. Sir George Simpson School assembly area. Fee: \$2.00. All over 12. For further information phone Marina Vettergreen 459-8914.

MONDAY, OCTOBER 1 - The Le-cerne Francophone will hold its monthly meeting at 8 p.m. at the Library in Father Jan School.

TUESDAY, OCTOBER 2 - Welcome Wagon Newcomers Club dinner 6 p.m., wine 7 p.m. dinner. Community Hall, Perron Street.

TUESDAY, OCTOBER 2 - The St. Albert Newcomers Alumni Club will hold their monthly meeting at 6:30 p.m. at the Club Mocambo.

TUESDAY, OCTOBER 2 - C.G.I.T. 7:15 p.m. St. Albert United Church. Take this opportunity to "Serve Others" and help make some sick kids evening a little happier.

TUESDAY, OCTOBER 9 - C.G.I.T. Registration - St. Albert United Church 7:15 p.m. Fee \$5.00.

WEDNESDAY, OCTOBER 10 - A course in Parent Effectiveness Training (PET) will begin at the United Church at 7:30. The eight sessions will be held each Wednesday until November 28. Instructor is Roy Chubb. For information on registering call Diana Reece at 459-4304.

### "Real problem of financial need"

## Board to study bus pass use in lunchrooms

The St. Albert Protestant School Board is investigating the feasibility of issuing 'lunch passes' after learning that more and more students are using bus passes to stay at schools during noon hour.

Acting on a July ad hoc committee recommendation, the board will be looking at a method of charging for the specific use of school lunchroom facilities instead of the current method of charging for a bus pass which entitles each user to also stay at school for lunch.

At the September 12 meeting, board superintendent Elmer Gish told the trustees that "Parents can't get someone to take care of their kids during lunch hour. There is a real problem of financial need." As a result, he said, the cost for a bus pass is far lower than baby-sitter or day care bills and so parents see it as an attractive alternative.

Unfortunately, many school lunchrooms can't accommodate extra students. Mr. Gish said Monday that at least three schools - Sir Alexander MacKenzie, Ron Harvey and W.D. Cuts - are all overcrowded. Gymnasiums and classrooms are being put to use as lunch areas and there aren't adequate facilities or supervision, he said. "It's not too bad now in the good weather," he added, "but it'll change."

As a result, the board will be looking at lunch passes so that parents can pay for the services that their children actually need, whether it be transportation or lunch supervision. "They don't like being shoe-horned into buying a bus pass to get lunch time privileges," trustee Scott Friese noted at the

meeting. Several trustees said they'd received complaints about the problem.

Trustee Shirley McCaffery noted that W.D. Cuts School has initiated a lunch sponsorship program which 'pairs up' a nearby student and a bused-in student.

The two have lunch together at the nearby student's home, thereby reducing the load on the school's lunchroom facilities. Such a program, Mrs. McCaffery said, shows "really good initiative on the part of the school".

The board's current bus policy which took effect two weeks ago charges students who live more than one and one-half miles from school \$45 for a bus pass. The family rate is \$90. Students living less than that distance away pay \$65 each and \$130 per family.

Mr. Gish said the students living farther away pay less because there's provincial grants to supplement the transportation costs. The government sees school buses as necessary for them to reach school whereas the vehicles are only optional for children living less than one and one-half miles away.

## Around Town

Lori Muzichuk took time off from typesetting at the Gazette Tuesday evening to give birth to a 7 lb. 15 oz. baby girl. Gary and Lori's three year old son Darrell demanded a visit to Sturgeon General first thing this morning. Grandma and Grandpa, Lorraine and Larry Mitchell were happy to oblige!

## Council to try again

# Technicality invalidates drive-in by-law

By Jeff Adams  
Much to City Council's embarrassment, it learned last week that a recently-

passed bylaw banning restricted adult films from the St. Albert Drive-in Theatre has been rejected by

the Attorney General. City Clerk Fiona Daniels said the Attorney-General's office contacted her about

the bylaw, which had asked that the drive-in be classified as a "Designated Drive-in Theatre", to tell her that an

incorrect reference to the Amusements Act made it invalid.

As a result, City Council agreed on September 18 to initiate the bylaw process again, this time correctly. The first stage in the process is contacting the drive-in's owner, Albert Hauptman of Edmonton. He'll be invited to appear before council at its October 15 meeting to offer any comments on the proposed bylaw.

Mr. Hauptman assured the Gazette that he'll be there. "We'd like to state our case," he said. "I thought they (council) rushed the procedure a bit last time, so now we'll get a good chance for rebuttal. I don't know if we'll change their minds any, but we'll try."

Mr. Hauptman said he may have found some solutions to the noise and movie content problems that made council decide the bylaw was necessary in the first place.

First of all, he said, the drive-in will be going ahead with plans to install a new electronic sound system that will make it impossible for local youths to break through the drive-in's fences, turn up the speakers to full volume, and then go back outside and watch the movie for free. Mr. Hauptman acknowledged that the system, which operates off of patrons' car radios, was supposed to be installed several weeks ago but he said problems with underground wiring delayed it.

He added that the theater's staff have been investigating a solution to residents' complaints that they can see the theater's viewing screen -- often depicting nude scenes from restricted movies -- from their back yards and rear windows.

First of all, he said, the management is voluntarily changing its selection of movies. "We're taking a very hard look at the 'hard porn' type of films, at least that's what they (residents) seemed to think they were, and we're going to eliminate them. I'd have to admit that

at least one of them was pretty bad."

"Anyways, I'm of the old school. I'd like to see Mickey Mouse or something up there every week, if we could make a buck at it, but we can't because the public won't buy it. They want the 'Deer-hunter' and blood and guts like that."

In addition to changing their entertainment, Mr. Hauptman said they're considering a method of blocking the viewing screen from backyards and windows, probably by erecting some poles with sheets of painted plywood on them.

"It wouldn't be important to block all of the screen, just enough so that someone looking would only see patches of it, bits of color and lights." Eliminating that much of it, he said, would deter most people from trying to watch it from a distance.

When asked how soon this might take place: "Regardless of what happens with council it's something we're going to have to expedite very quickly because of the frost situation." When the ground freezes, he said, it'll be too late to dig holes for the poles and for the new sound system.

He added that another measure he's been considering is "ground patrols" to stop teenagers from breaking through the fences and disrupting the neighborhood.

"In any case," he concluded, "we're going to keep showing movies here and we may have to do something no matter what kinds of films we have."

With winter coming on, business at the theatre has been restricted to weekends only and Mr. Hauptman said things will close for good whenever the weather becomes too harsh for patrons to come out.

The drive-in's operations have been a subject of debate at several council meetings, with delegations calling for the proposed bylaw as well as complete removal of the theater.

## Elzinga's association calls rush nomination

By Jeff Adams  
The rest of Canada may not be ready for another federal election so soon but the Pembina Progressive Conservative Association is preparing for one.

It's calling for nominations now to represent the PC party in Pembina, even though Peter Elzinga, the incumbent member elected just four months ago, hasn't even had a chance to sit in the House yet during the PC's first parliamentary session in power.

The association's president, Jim Wilson of Sherwood Park, says the short nomination period (September 10 to September 28) is designed to get the PC's ready in case another election comes soon.

"It'd be nice, being a minority government, if we could get it over with," Mr. Wilson said. "Then there'd be no problem."

He said he had no reason to assume that any election would be called soon or that any other PC riding had arranged for such an early nomination date. "But we

just want to get it over and done with."

So far, he said, only Mr. Elzinga himself has been nominated. Papers signed by five members in standing of the Pembina association are necessary to try for the candidacy.

### "RUSH JOB"

"It's a rush job," said Dr. Len Nobert in reaction to the nomination announcement. Dr. Nobert, the Liberal candidate who ran against Mr. Elzinga in the last election, said the newly-elected member "hasn't even performed yet. He has to prove himself good or bad. It's ridiculous to be re-confirming him for the next election when there's no indication yet how he'll perform in the House."

"Right now we've just gotten over a federal election," he said, and there's no plans for the Liberals to follow a similar course of action.

"In any case," he said, "we certainly would have

given more notice than that (18 days). I'd think it would be for at least two months to give all interested people a chance to get nominated."

### "AMAZED"

Dan Hollands, former PC member for Pembina from 1972 to 1974 who ran and lost as an Independent Conservative in 1974 and chose not to run in 1979, said the quick nomination announcement left him "amazed".

He said he's never heard of "an executive calling a nomination meeting until an election is called. The only thing I can think from it is that the sitting member is so insecure before he even sits in parliament that he has to do this."

Asked whether he might consider competing for the Pembina PC candidacy, Mr. Hollands said, "I wouldn't be interested in this PC thing at all. I've seen some funny things in politics but this takes the cake."

The New Democratic Party, represented last May 22nd by Norman Flach,

report that they have no plans of their own for any nomination meetings yet. The provincial secretary, Tom Brooks, said "right now we're just sort of going to see what happens."

He said the PC's must be concerned that their plans to sell Petro-Can may produce the next election. As a result, he said, their recent announcement to institute the mortgage tax credit scheme is designed "to get one good piece of legislation on the books for the fall session in case they're defeated."

### DEADLINE SEPT. 28

Mr. Wilson reports that all notices of nomination must be in his hands by 6 p.m., Friday, Sept. 28. The nomination meeting itself will be held on October 26.

In the federal election five months ago, Mr. Elzinga almost doubled the number of votes he received in 1974. His total of 30,000-plus left Dr. Nobert in a distant second place with 11,556, followed by Mr. Flach with 4,877.

## First reading for Land Use By-Law

St. Albert's Land Use Bylaw (LUB), the document that will control how all land in the city is zoned, received first reading at Monday night's City Council meeting.

Despite many attempts -- most of them by Alderman Margaret Smith -- to amend the document during the meeting, it was approved by council with few changes.

Mrs. Smith objected to the two and a half-storey limit that has been set for housing heights, arguing that the old two-storey limit was high enough.

City Planner Wayne Gordon agreed that a two and one-half-storey limit was "quite generous" but only about two per cent of the city's housing -- most of it in the \$200,000-plus market -- would be affected by the new height. Council voted against Mrs. Smith's amendment, noting that the extra height can allow much more diversity in housing design.

Mrs. Smith also offered several other amendments, most of them dealing with the bylaw's conversion of measurements from feet and inches to metres and millimetres. She said that in converting the bylaw's planners had inadvertently reduced several side, front and backyard limits.

"I do not think that those numbers have changed in the last two or three drafts (of the proposed bylaw)," answered Alderman Barry Breadner, one of the council members responsible for the

136-page document. He said changes in measurement were well thought out by the planners and if Mrs. Smith had any objections she had had ample time before this stage to raise them.

Mrs. Smith's long list of amendments to measurements in the bylaw were all defeated.

One amendment that did pass came from Alderman Bill Shields. He noted that the bylaw's section on signs and billboards restricted large signs from any locations except arterial roads entering city boundaries. He said that to him, that meant billboards could only be built at two points -- north and south on the St. Albert Trail. He suggested that any reference to arterial roads and city boundaries should be eliminated.

Alderman Liesbeth Bakker objected, arguing that if no restrictions were placed on billboards they could be placed anywhere and, in any case, "we have several arterial roads crisscrossing and spiderwebbing across the city." Every road in and out of the city, she said, provided four corners and thus, four locations for billboards.

Alderman Roger Ayotte said he agreed that billboards shouldn't be erected anywhere but he doubted that if the 'arterial' restriction was eliminated signs would start popping up all over residential areas. "I think we have to trust the

discretion of some of these billboard people," he said, noting that businessmen prefer their signs to be in highly visible and well-travelled areas, which subdivisions are not.

A second amendment that received approval sets out who has the power to decide on applications to erect billboards. The proposed bylaw gave that job to the development officer but council agreed, after some discussion about defining a billboard within the bylaw, that the Municipal Planning Commission (MPC) will make the final decision on applications.

The LUB, more than a year in preparation by the MPC and city planning staff, stems from the provincial Planning Act of April 1, 1978

which stated that all Alberta municipalities must legalize an LUB within two years. That gives St. Albert at least six months to complete its public hearings and final two readings of the document.

Eight major land use categories or districts are included in the proposed bylaw, an increased number of options which the city says will allow land use to be far more specific and controlled.

The sections of the bylaw are far too detailed to outline here -- ranging from the role of the MPC, housing heights and dimensions, to yard, fence and parking restrictions -- but residents are urged to visit city hall, review the draft copy and provide input at the October 15 public hearing.

Cooking for Christmas starts November 6

### Cooking for Company?

Courses designed for anyone who loves to cook and entertain commence Tuesday, October 2 and Thursday, October 4. Classes are limited to 10 people, are friendly and informal, and last four weeks.

## Fr. Duchesneau given a moving reception here

Well over 100 former members of Pitch and Spice Singers joined together on Monday evening to honour their originator and director,

Father U. Duchesneau. He is briefly visiting his parents in St. Paul, on leave from his studies in Paris, France.

Father Duchesneau ar-

rived in St. Albert to be greeted with many smiles and a great deal of affection by his ex-students, some of them having formed the original group ten years ago. The overwhelming joy which greeted Father Duchesneau expressed their appreciation for the value of his work among them.

Kevin Perrott's speech represented the feelings of all those present when he told Father that the students missed him very much and felt a need for his presence and they hoped he might return to them some time in the near future. Heather Matear and Adele LeBlanc showed slides from all the many concerts and trips from Spokane to Quebec, bringing back memories and causing both laughter and tears.

Many of the older members have moved from St. Albert, some are married and some have families of their own but the close companionship of this larger "family" and their deep and sincere regard for Father Duchesneau was strongly felt by all.

Father Duchesneau talks to members of Pitch & Spice.

## Debt grant to pay for buses

City Council has agreed to transfer \$217,020 from the city's debt reduction reserve to the transit capital fund to buy three buses.

The loan plus 12 per cent interest will be repaid from the proceeds of the 1980 transit capital assistance grant.

City Manager Bob Byron noted that the loan scheme will reduce the city's debt reduction fund temporarily, but "it makes a great deal of sense for one fund to benefit another fund which both benefit the city." Borrowing from an outside source, he said, would be giving taxpayer's money away.

### COUNCIL OK'S RIEL SERVICING

The city will be borrowing almost \$1 million to provide basic servicing in Stage 11 of Riel Industrial Park.

At Tuesday night's meeting City Council approved four bylaws that authorize debentures totalling \$920,036 for installing water mains (\$112,906), power distribution (\$72,020), storm and sanitary sewers (291,090) and roads, curbs, gutters, railway track and lighting (\$444,020).

All of the borrowings will be at 12 per cent interest, the first three to be paid back in 25 years and the last to be paid in 20 years.

### SHOPPING MALL APPROVAL

Jason Development received the green light at Tuesday's extended council meeting for a major shopping centre west of the St. Albert Trail on Bellerose Drive.

The project which will include a major food chain store, a Canadian Tire outlet and several other retail stores, could go ahead within a few weeks says Jason Development's Fred Anderson.

### SHORT TRIBUTE TO BYRON

Outgoing City Manager

Bob Byron got a short but sincere tribute Sept. 18 at the end of the last St. Albert City Council meeting that he need attend.

"I'm not noted for giving out accolades, as most of you know," said Alderman Barry Breadner, "but never in public or private life have I ever seen anyone who works harder than Mr. Byron."

A round of table-thumping followed the short speech and then the meeting adjourned.

### BANK EXPANSION

Edmonton Savings and Credit Union on St. Anne Street received approval Sept. 18 for a \$150,000 expansion to the rear of its present building.

Part of the Development Control Resolution agreement includes a requirement that the credit union donate about 40 feet of frontage to the city's river land park plan.

The bank's manager, Ian Pope, has said construction will begin as soon as possible and should roughly double the size of the present floor

space.

### RINK RENTAL FEES SET

City Council has set the fees this year for the St. Albert Junior Saints hockey club.

Rental of Akinsdale Arena will cost the club \$200 per game plus \$37 per game or practice hour. The club had asked that council leave its rates the same as last year's (\$26.75 per hour), arguing that its revenues weren't enough to warrant an increase in fees, but the aldermen refused.

Commercial organizations will pay \$41 an hour for ice rental and local adult groups will pay the \$37-per-hour rate.

### DATA PROCESSING DEAL

City Council has authorized staff to negotiate a lease or purchase agreement with Traders Group Ltd. for data processing equipment.

Traders group was awarded the opportunity to enter into an agreement with the city after out-bidding two other firms.

## Clubs start fall program

The club program sponsored by Sturgeon Valley Baptist Church has solidified details for its fall-winter program.

Pioneer Girls will meet Thursdays beginning September 27 from 6:30 to 8:00 in the upstairs room of the Clubhouse at Grandview Ridge Condominiums.

Also on Thursday the first meeting of the Boy's Brigade will be held at Robert Rundle gymnasium (also 6:30 - 8:00). This program is open to all boys, age seven to 18. New members welcome. Any questions can be answered by Harry Nandzie (458-2961).

Jason Development received the green light at Tuesday's extended council meeting for a major shopping centre west of the St. Albert Trail on Bellerose Drive.

The project which will include a major food chain store, a Canadian Tire outlet and several other retail stores, could go ahead within a few weeks says Jason Development's Fred Anderson.

## Local Doctor attends Seminar

"Chiropractic's Role in Modern Health Care" was the topic of a four-day postgraduate study seminar attended by St. Albert Chiropractor, Dr. R. G. Dobie.

Dr. Dobie was one of 3500 professionals who returned Monday from the New York City series of classes featuring nationally renowned lecturers Dr. Norman Vincent Peale, Reverend Bob Harrington and Les Giblin.

Researchers and teachers from within the Chiropractic profession devoted additional lectures to the latest technological developments in the field. Instruction in new methods of treating sports injuries was also offered, including those used in caring for Olympic athletes as well as professional sports figures.

The seminar was sponsored by the Chiropractic Research Foundation of Fort Worth, Texas.

Dr. Dobie is a graduate of the Canadian Memorial Chiropractic College in Toronto, and has been practicing in St. Albert for six years.

# Catholics plan new parish - 3rd one in offing

By Carla Bit

A new Catholic parish in St. Albert should have been "built yesterday" according to Father Jake Joly, pastor at St. Albert Catholic Parish.

Crowding in the existing church is making a new facility that much more of a necessity, and church officials are seriously looking at a second and possibly a third parish.

The parish council's planning committee has been working on plans for a second church for over a year, but they are still not complete.

"When you look at the extra things that happen outside Sunday, a city this size should have three parishes," said Father Joly. "There are weddings, funerals and visitations; it's a lot for one parish."

The basic problem preventing an immediate go-ahead for the new parish, is that the church itself owns no land. Negotiations are now going on between the church and Sturgeon School Division #3 for acquisition of land on a proposed school site in Woodlands, but for the past three Sundays, services have been held at Vincent J. Maloney School on Churchill Avenue.

"It's been a packed house, but the school site is only one possibility," said Father Joly. "Sturgeon School Division, though, has been cooperative in encouraging us to go in that direction."

The final decision on whether the church builds alongside a school or buys land for a site will depend, however, on the members of the parish affected. He's leaving it up to parishoners to decide where they feel a church is most likely needed. The school site, he said could be a definite possibility, but if the parish council decides on a different location the church will have to buy land.

## LAND IS COSTLY

"Let's say they oppose building onto a school site but want to acquire land specifically for a church, with the price of land the parish would have to borrow money from the archdiocese in Edmonton which we would have to pay back," said Father Joly. "It wouldn't be a gift."

It is unlikely, he said, that the location would become conditional to the grant as

the archdiocese would go along with any recommendation the parish made, but there is no doubt the church would have to borrow the money. The existing parish, just does not have the money.

The present parish is 75 years old, and though construction began in 1902, mass was performed in the basement until 1920 when the main floor was completed. It serves 2,600 families but can only accommodate 950 comfortably.

"The church was large for its time, but the people who built it had real foresight," said Father Joly. "We have to have the same foresight."

About half the parish's present number would be a more comfortable figure to handle, he said. Soon there will be additional masses and with nine Sunday Liturgy masses, as well as funerals, weddings, hospital masses and visitations and personal counselling, the workload is getting more than can be handled.

One problem a new church will have to overcome is one of identity and self-determination. For a time, the new church will be, if nothing else, financially tied to the St. Albert Parish. But until a new priest is appointed, Father Joly and the two other priests at St. Albert Parish will probably have to do double duty.

Developing a community spirit, however, will not be that difficult. There seems to be a lack of community spirit in the Catholic parish now, but that, said Father Joly, has a lot to do with the physical numbers.

"It's hard to become individualized because it's more of an anonymous situation. On the one hand we have so many resourceful people capable of doing so many things, but we lack that spirit. A smaller community is better at providing fellowship, and right now it's just too big. On the other hand, there's strength in numbers, but if we broke it up into two, people in each parish would get to know one another better."

While priests work as a team relieving pressures on individual pastors, they do receive a lot of support from groups of lay people in the parish council.

"They're assuming a lot of responsibility especially in

the area of administration which leaves me free to do other work. Lay people also

help us with some of the prep work in counselling."

With the establishment of

a second parish, a third, probably will not be that far behind.

"Growth is catching up and we're one to two steps behind," said Father Joly.

St. Albert Catholic Church congregation attending one of the nine Sunday Liturgy masses. The church serves 2,600 families in the city but can only accommodate 950 comfortably. A second church is planned within the next three years, with a third possibly to follow that. As Father Jake Joly, pastor of the church put it, "Growth is catching up and we're one to two steps behind."

## Vicky Knight

With the aid of a time machine obtained from the federal government, a nameless Gazette staff member was able this week to hurl himself into St. Albert's future. His mission was to find out how things would be in an amalgamated Edmonton, one which would include St. Albert. Well, we can tell you he's returned a beaten man, crushed at this vision of the future. No, ladies and germs, the news ain't good. Here's our reporter's account:

### ANNEXATION plus one day

Edmonton city council took its first action today as regents of the territorial duchy of Edmonton. Following yesterday's announcement approving the annexation, the council met to discuss their widened responsibilities. After one glance at the

map of the new territory, the worried aldermen immediately voted themselves a 58% pay hike. Several aldermen agreed with Mayor Cease Servus that the new enlarged area was simply too much for overburdened officials to cope with at the present rate of remuneration. The hike was opposed by Ald. Alfolyer Booty and Ald. Dread Badger. Mr. Badger will state his reasons at a press conference to be held at the civic centre shell (already nicknamed Cease's Symphony in reference to its unfinished state.)

### ANNEXATION plus two

News was received today that the city council pay hike has caused some minor rebellions in the outposts of St. Albert and Sherwood Park. Although Mayor Surves said the citizens were too far away to be heard, he later apologized, and received a delegation of disgruntled residents. The group presented him with a petition bearing 19,000 names. A spokesman for the delegation told the mayor the petition represented over four per cent of the population, as is required by law for valid petitions.

If the residents expected to see fireworks, they were disappointed.

Mayor Surves gave a slow and triumphant smile, then shouted "Aha, four per cent of the population

as of when?" The gathering immediately fell into chaos, with several punches thrown at the capering Mayor, the gloating council and the thwarted residents.

In a parting shot, Mayor Surves had a word for the press. "And you guys can just cease making puns on my name!"

### ANNEXATION plus 230 days

A delegation of residents from the former city of St. Albert who were scheduled to meet with city council at 3 p.m. yesterday did not appear as anticipated. The group was to have petitioned council about the city's delay in alleviating traffic problems between St. Albert and Edmonton. It has been learned by this reporter that the delegation missed their appointment unavoidably, having become lodged in the 137th Avenue intersection traffic for several hours. They are scheduled to arrive in the city early this afternoon, if the driver ahead of them chooses to make a right turn. If not, they'll appear tomorrow.

### ANNEXATION plus 300

A small party of St. Albert residents came to city hall today, with a complaint for Mayor Cease Surves. The residents, wearing Arctic gear and clutching buffalo robes, parked their skidoos at the city hall and stormed the mayor's office, to denounce the city's snow removal policy. The group says their district has been in virtual isolation from the rest of the city for several months now and they aren't happy.

"We enjoyed the novelty and profit of converting major thoroughfares to cross country ski trails but now the thrill has gone, but the snow has not," said the delegation spokesman.

Mayor Surves apologized to the group, explaining that there had been a problem with one of the city's snowplows, while the other one was in for repairs.

The residents were promised a better policy in future, and the Mayor elaborated on this.

"Snow removal policy? Piece of cake - we can do it by the alternates system - this year we clean up in St. Albert and the next year in Sherwood Park."

This prompted a muttered reply from a member of the delegation.

"Seems to me you guys already cleaned up in St. Albert. Now how about some snow removal?"

## Resident warns council

# Fireplaces killing city's air

By Jeff Adams

St. Albert is quickly becoming as filthy and polluted as Great Britain during the worst years of the Industrial Revolution, says one local resident.

Alan F. Smith says most homeowners aren't aware of it, but the innocent logs burning in their fireplaces pose just as much menace as England's coal during the last century.

"The air's pretty dirty in St. Albert, there's no doubt about that," Mr. Smith told City Council September 18. He came before the aldermen asking that at least one future subdivision in the city be restricted from having wood-burning fireplaces.

### BRITISH STUDY

To back up his demand, Mr. Smith brought along findings from a recent British study into fireplace pollution. The research findings, he said, show "that fireplace pollution is the most serious of all environmental problems."

In an accompanying letter to council, he noted that "in a relatively small centre such as Leicester, the fireplace smoke level was the equivalent of smoking two packs of cigarettes a day."

The effects on Canadians can only be multiplied, he said, because this country's winters demand more use of the fireplace because they're longer and harsher.

Mr. Smith, Alderman Margaret Smith's husband, said the British study has shown that 80 per cent of Britain's pollution comes from burning wood. As a result, "smoke control zones" have been designated banning not only log-burning stoves and fireplaces but also the use of even a few sticks or twigs to start the main fire.

He said it's "politically unlikely" that St. Albert would ever designate a smoke control zone within an existing subdivision but he asked the aldermen to consider such action for proposed development. He added that he's already approached the province with the suggestion but no one is "contemplating any action at this time".

"Couldn't we have one clean subdivision in all of Alberta?" he asked. "Do we have to write off this dirty

city that we have now?"

Mr. Smith denied that he's allergic to fireplace smoke but agreed that "I can tell when it's around".

### NO FLUFF SUBDIVISIONS

Alderman Liesbeth Bakker suggested that Mr. Smith's distaste for fireplace smoke was similar to some people's dislike of the "fluff from poplar trees" that floats around Alberta periodically. "Maybe we should have a subdivision where we have no poplar trees," she suggested.

"This is not a little fluff we're talking about," answered Mr. Smith, reminding the aldermen that fireplace smoke has been linked to several respiratory ailments and a rise in cancer rates. He added that when Albertans become aware of the health hazard, it'll be difficult to sell a house within a subdivision where fireplaces are allowed.

That's pretty unlikely, said Alderman Rod Thronson, noting that fireplaces are now an asset in any house sale and they'll probably be so for quite a while yet.

Alderman Roger Ayotte said Mr. Smith might be better off taking his concerns to developers since they could assess the demand for fireplace-less houses and build accordingly. If the desire from buyers is there, he said, "a clean subdivision would be a very saleable commodity."

He added that any comparison between Britain and Canada's use of fireplaces was unfair. Whereas in Europe burning logs is a source of heat, he said, in Canada they are more for ornamental effect. In his home, Mr. Ayotte said, "We use it for the effect rather than the heat. If we use our fireplace 10 times all winter it's a big year."

Mr. Smith agreed that Canadians use their fireplace less often but there's a trend the other way now. He noted that 10 local companies promote wood-burning today as the major source of heat in homes, and a subdivision like Edmonton's Castledowns have "reinvented fireplaces in apartments". Wood-

burning in such high-density residential areas, he said, creates a "trend towards a dirtier and dirtier subdivisions."

He added that during last year's Grey Cup football game many fireplaces were in use and "it was especially bad".

The Department of Environment has been studying the city's air, at the request of council, and a final report is due soon.

Is this really a hazard affecting our quality of life?

# Lois calls help!

Lois Fabi, who has for a number of years coordinated the efforts of women who sew and knit, on behalf of the Ladies' Auxiliary to Sturgeon General Hospital, is running out of volunteers for this much-needed work.

Sheets, nightgowns, boots, nighties and gowns for the Pediatric Ward, orthopedic socks...all need to be repaired and replaced.

Women who could lend a hand can do the sewing in their own homes, at their own convenience, or a women's organization might like to get together to sew and visit.

Volunteer sewers are provided with all materials needed, including thread, and those in St. Albert or close to it can have the

materials delivered to their homes. Phone Lois evenings at 459-8161 for pick up and delivery, if you are interested in helping out this way.

For people in the towns and villages, and on rural routes throughout the MD and Sturgeon General Hospital district, central points could be established to take and pick up the necessary materials, and Lois would be happy to hear from interested individuals or groups.

The knitting requirements are to keep the hospital gift shop supplied with sweaters, dresses, slippers and so on, mainly for children.

## SEWING FOR YOUR BAG?

Women who don't sew or knit might like to help by serving in the gift shop for

two hours in the afternoon, or one in the evening, any day of the week.

Those who enjoy children would be most appreciated if

they could spend some time occupying them in the afternoons. The object is to help out the nurses, while not getting in their way.

Children may need to be fed, cuddled in a rocking chair, read to or engaged in play therapy. This is an area

where teen-agers can be of real assistance also. In the afternoon from 3:30 p.m. is the time.

## Flasher charged with two counts

As reported in last week's Gazette, the St. Albert RCMP apprehended a male and charged him with indecent exposure.

The incident was reported to the police last Tuesday afternoon by a female after she had been walking past the City Hall and a man jumped out of the trees naked from the waist down. The entire area was immediately flooded with policemen and the person responsible was spotted. At

this time, the man changed his method. He started evasion tactics and a foot race developed, whereby he became a streaker.

The Mounties did eventually get their man, and charged 17 year old Jeffrey Dunn of St. Albert with two counts of indecent exposure.

He appeared in court the next day and pleaded guilty to the two charges. Dunn is to appear in court October 12 for sentencing.

The RCMP still have over

a dozen reports of "flashing" on their files, and warn citizens to keep a lookout for

suspicious persons, especially those with a lack of clothing.

## Morinville man charged with hit and run

A Morinville man was arrested and charged with failure to remain at the scene of an accident after an incident last Friday evening.

The episode began when two vehicles were travelling north on Highway 2 towards the weigh scale. The driver

of the second vehicle attempted to pass the vehicle in front, but misjudged the distance and struck the rear end of the car. This action caused the first vehicle to go out of control and into the right-hand ditch. There were no injuries.

It would have been another routine motor vehicle accident but the offending vehicle did not stop to offer any assistance and sped off down the highway.

Two Calgary residents witnessed the incident and chased the vehicle northbound for several miles. They pursued the car onto secondary roads and were eventually able to obtain the license plate number of the offending vehicle.

The action of these concerned citizens led to the arrest of Ervin Ronald Pederson of Morinville.

# The Missionary of "Riviere Rouge"

## CHAPTER 3 PART / 'Destination and Destiny' by Mrs. Florence Lefebvre

After leaving Dubuque, Iowa, Abbe Albert Lacombe continued his travels on a steamboat up the Mississippi, reaching St. Paul, Minnesota in 12 days. Albert was placed in charge of this mission for three days, permitting Abbe Ravoux to travel to his more distant parishioners.

The newcomer realized the extreme poverty of the St. Paul Mission while he administered services to Canadiens and Metis of the

region. Finally the caravan, led by French-Canadians, arrived at St. Boniface. The entire party was suffering from exhaustion and Metis and Indian aides as well as faithful beasts sighed in relief along with Albert Lacombe. They had been warned of the conditions of the roads, and of the rivers and lakes which were almost twice their normal size due to rains. Some river crossings had taken two days and portages were routine. Albert's travels had taken two months, and the falling of the first snow signalled the

coming of an early winter.

The noise of the red river charettes heralded the approach of the oncoming caravan, and the settlers accorded it a happy and boisterous welcome. Abbe Lacombe rejoiced in his second meeting with his idol, Abbe Belcourt. He knew instantly that he had not been mistaken in his chosen vocation.

This mission was in the heart of the Indian population. In 1819, Abbe Dumoulin had baptized 52 persons and, blessed many marriages among the 300

who converged on his mission. Abbe Belcourt had taken over in 1848.

From the point where the oxen stopped on command, Fort Garry could be seen close by, contrasted by groupings of small houses. Clustered about the outskirts, the party could see many teepees in which lived families of the Sauteux tribe.

Before the new year, Albert Lacombe was well tutored by his director Abbe Belcourt. Apart from learning the language of the Indian tribe he worked alongside the settlers on the

## FATHER ALBERT LACOMBE

The dignified mien of Pere Lacombe did not restrain him from a life of action on behalf of his Church and his people. One hundred and twenty-seven years ago, he arrived at Fort Edmonton to serve the frontier people from St. Joachims in Fort Lac La Biche, to Ile la Crosse and even as far as Peace River.

construction of a church, as well as founding a convent and other enterprises.

When spring arrived, the Metis population was well prepared for the buffalo hunt and Abbe Lacombe was to be their chaplain. This was a serious assignment, so he set to work vigorously. While building his own charrette, he accidentally cut his right foot, but continued with his preparations.

On the day of the hunt's departure, the flag was unfurled and prayers said for a safe and successful expedition. The arrangements had been carefully planned, according to their moral code. The procession was on its way, accompanied by cries of joy, chants and barking of dogs. Albert Lacombe followed somberly on his mount. A buffalo herd was sighted, signals were registered and the excitement grew. The hunt was on. Chaplain Lacombe advanced to the centre and recited the Act of Contrition to which they answered "Kikona ki ingi" - (Amen). A day of hunting might bring a reward of 700 animals, a supply of meat and hides that necessitated much work and ability on the part of the women folk. When all was prepared, the camp became a jubilant, festive place and tomorrow was to be a repetition of the same.

Albert Lacombe surveyed his people. He preached by example, as well as by his words. He settled many disputes, taught the children and conducted morning and evening services. For him, the hunt was the first taste of true Indian custom, carried out Indian practices, to clothe and feed this nomadic tribe. It was survival in its rawest form. For their "Chef de la priere" it was a long, two or three months. Meditating in his tent in the wilds of Manitoba he realized that two years had passed since he had left his hometown in Quebec. The burden of his apostolate hung heavy on his spirit, but he admitted to himself that he liked this life, actually loved it passionately.

Another October arrived in the year of 1851, and the mail

from Montreal included a letter from Mgr. Bourget, inviting him to return to Quebec. After regrets and tears, Albert Lacombe was to retrace his trip back to Montreal. How he agonized at leaving his mission, all his friends and colleagues, and yet he anticipated seeing his loved ones with equal joy and gratitude. His future was in the hands of God.

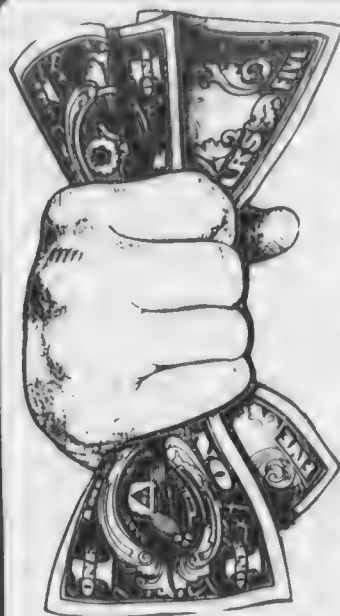

## A journey ends; A pilgrimage begins

In March of 1852, 127 years ago, Father Albert Lacombe was serving as vicar in the parish of Berthierville, Quebec. Having heard that Alexandre Tache was to be passing through Sorel, Lacombe decided to visit him and reminisce about conditions in the west which the Abbe had missed since his departure.

During this historic visit with the assistant to Mgr. Provencher of St. Boniface, it was decided that Abbe Lacombe would return to the west at the beginning of May to become an Oblate of Immaculate Mary after resuming his studies at St. Boniface.

He arrived at his destination on May 27 and was told of a change in plan. He was to continue on to Fort Edmonton to replace Abbe Thibault who was in failing health. Abbe Bourassa (at Lac St. Anne) would remain for some time to train Albert in his duties.

On July 12 he embarked on a barge of the Hudson's Bay Co. for his new assignment to Fort Edmonton. He arrived on September 17, and after two days there, he went on to Lac Ste. Anne September 19. Having received instructions, he returned to Fort Edmonton and on to Lac La Biche with his faithful guide Alexis. This started his long pilgrimage in the province of Alberta, his innumerable contributions to its communities and its people, but especially to the Mission of Saint Albert.

## Senior pom pom girls look bionic

The younger generation that was watching NBC's "Real People" Thursday night must be feeling a little less smug about their supposed physical superiority. The NBC program showed a film of the Sun City retirement community's cheerleading squad, and these ladies could rival the Dallas Cowgirls for style. And what's more these pom pom cuties could give the Cowgirls about 50 or 60 years!

The squad was formed to cheer on the Sun City ball team a couple of years ago. At first, it seemed an insurmountable challenge. The ladies were not too limber after a lot of inactivity and the cheerleading routines were demanding. But with the grit and esprit de corps that has marked their generation they persisted. The results are phenomenal. When's the last time you saw a group of four 60 year olds, five 70 year olds and two 80 year olds out practicing their cartwheels?

The ladies put on a dazzling show. After watching

some preliminary warm-ups it was obvious that they meant business. One little grandmother who was pushing 80 wandered up to the ballet barre, and proceeded to do a ballet extension that put her leg over her head at a perfect perpendicular. Having done this, she blithely commented that she had been a victim of arthritis only two years ago, and has barely been able to get around. Then she did a few nonchalant cartwheels. Out on the field, the troupe broke into an energetic line hustle, punctuated by some agile leapfrogs. The camera moved back, and when the greying tresses and the creases of time were no longer in focus, it was impossible to tell if they were grandmas or granddaughters! It was uncanny.

What might really spur some members of the younger set to feel challenged were the legs on these senior pom pom girls: everyone of them had gams that would put Marlene Dietrich, Betty Grable and Farrah F. right in the shade. It's enough to make some of us chubbettes wonder where we can pick up some second hand pom poms...

## Priest turned politician champions seniors

David Carter was the only Anglican dean in the Alberta legislature until he resigned his religious post in July because of Canon law, which declares that politics and pulpits don't mix.

As former Anglican dean of the Cathedral Church of The Redeemer, his territory was a diocese covering the southern third of Alberta.

He is an unusual priest.

He's also a rising star in the Progressive Conservative party and he is on a number of committees, including the caucus education committee and the senior citizens committee.

Carter remains in good standing with the church but he has asked the bishop that he not be attached to any particular church while he is a member of the legislature.

Carter, 45, is a champion of senior citizens of the inner city. Long before his surprise entry into party politics last fall, he led several campaigns for old persons, especially those who live near the cathedral.

He's worked for better housing, schools, libraries and day care centres for those whose lives are scarred by alcoholism, racial prejudice and poverty.

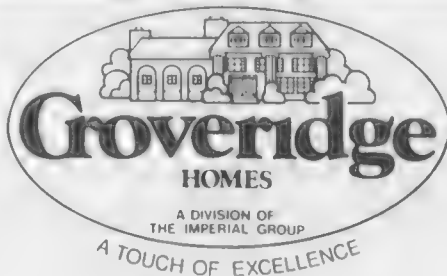

His district in Calgary is so unpleasant that several years ago many in the congregation were ready to pull out, sell the valuable church property and build a new cathedral elsewhere.

But Carter convinced the congregation to make a commitment to the neighborhood.

Despite his success in bringing about changes from within the church, Carter believes politics make a more effective setting to improve the conditions of people.

"Often the church takes too long to react," he said in a recent interview. "And most issues have to be met on an ecumenical basis -- like, for example, the need for high-rise apartments for senior citizens."

## Kozachuks celebrate 25th anniversary

To celebrate the 25th wedding anniversary of John and Toodie Kozachuk, 240 friends and relatives of the popular St. Albert couple sat down to a scrumptious dinner in the St. Albert Community Hall on Saturday evening, September 15.

Master of ceremonies was Toodie's brother, Hector Gervais and no one was spared as he introduced each member of the head table with family (?) jokes which had the crowd helpless with laughter. At the head table with Toodie and John were their bridesmaid, Dorothy McKay, best man, John's brother Bill, Hector and Helen Gervais who were matron of honor and groomsmen, Toodie's mother, Mabel Gervais, and the couple's only child, Larry with his wife Mary Jo, who arranged the celebration.

Also introduced were out of town guests: John's sister and her husband, Pauline and Steve Marko of Vegreville; a long-time chum of Toodie, Eileen (Maloney) Vandall, and her husband Bob from White Rock, B.C., and a nephew, Ronnie Grams and Tracy of Calgary.

Hector announced also that guests Art and Vina McCormack were celebrating their 35th anniversary that day, and Hec's daughter Sandy Ziese was marking her birthday.

A toast to the honoured couple was proposed by Larry Kozachuk, who also made a presentation on

behalf of all present. Spicing with much warmth and sincerity, Larry said his Mom and Dad were the greatest - "and I love them."

The couple received a

television set and a dishwasher - "which we discovered was what they wanted" Larry said. The Kozachuks' will be closing

their green grocery business on Bellerose Drive in about a month. Then they are moving to a five-bedroom home on five acres situated four miles north of Morinville, and two miles west on Egg Lake Road.

When the tables were cleared away Danny Boisvert and his seven piece local dance band took over, and John and Toodie led off the opening dance.

It was a delightful evening, gathering together a great number of families who are long time residents of St. Albert and district. Between dancing and visiting the evening flew by, and the Kozachuks' silver wedding will be long-remembered by the couple and their many friends.

Near closing time Toodie sang for her friends, and Mary Jo's father, Ken Williams also did a few numbers, accompanying himself on the guitar.

## Association shows big increase

16,275 Visiting Parties registered at the seven Information Centres operating throughout the Midnight Twilight Zone this past summer. Excluding the two additional booths this year (Westlock and Boyle), this figure represents a 99.3 per cent increase over last year's total of 7,519, and a 189.3 per cent increase over the past two years in the number of visitors recorded. Reports show that visiting parties represent an average of 2.7 persons per car, and that one out of every four cars stops to register, the total number of visitors to our Zone this summer increased from 80,204 in 1978 to 175,770 in 1979.

St. Albert Information Centre recorded the highest number of registrations with a total of 11,227 over a four month period. An increase of 349 per cent over last year's operation. Donnelly Corner reported 7,343 - total number of visitors, (not registrations) an increase of 159 per cent over last year. Westlock reported 1,100 registrations for a two month period and first year of operation. Athabasca reported 791 registrations, up 52 per cent over last year; High Prairie handled 612 registrations; Slave Lake reported 477 registrations and Boyle, first year of operation recorded 187 registered parties. Milt Lawrence in Barrhead, registered 200 visitors in a two-month period.

Research government figures indicate that the average overnight visitor in Alberta spends approximately \$32.00 per day per person. Assuming that just "half" of the 175,770 visitors spent an "extra day" within the zone, "Tourism" injected \$2,812,210.00 revenue that finds its way throughout our economy, from butcher to baker, from barber to banker!

### ANNUAL MEETING

Slave Lake will be the setting for the Midnight Twilight Tourist Association's 7th Annual Convention, October 19th and 20th.

### GOING WORLD WIDE

Over the past year, the Association produced and published 80,000 copies of promotional literature in the area. To date we have distributed a combined total of 61,000 copies throughout the world. In addition, there is a unique individual, Lewis Delrio of Barrhead, an avid C-Bee whose hobby is to converse with people all over the world on his complex "Ham Radio". Upon becoming a member of the Association recently, he promptly requested 300 copies of our promotional material and mailed them, at his own expense, to his wire-

less friends throughout Australia, Africa, Europe and the United States. Throughout the summer, he spent approximately \$300.00 buying up M.T.T.A. Tee-Shirts, pins, spoons, etc; to distribute free to his world contacts. How he got started? He mentioned that he lived in the "Midnight Twilight Zone" and was bombarded with questions and requests for information!

Hope to meet you at the Convention!

## Athabasca University moves

Athabasca University consolidates its 149 Street offices into a Princeton Development building at 12352 - 149 Street effective immediately. The continuing growth and expansion of the University has dictated this move now.

This move will provide Athabasca University with adequate space for three years. By that time the University expects to be relocated in a permanent location.

And all indications point to a doubling of course enrolments for the third straight year. To service this outstanding growth, the Uni-

versity is consolidating five office locations into one building.

The University will continue to lease its original building at 14515 - 122 Avenue where the Vice-President Learning Services, Course Development, Regional and Tutorial Services and the Library are located.

With this arrangement, students interested in Athabasca University are now able to discuss their educational goals with advisors, register and enrol, and pick up their course materials by making one stop at the Athabasca University West Building.

## Steinhauer among three to receive honorary degrees

Alberta's Lieutenant-Governor Ralph G. Steinhauer, Dome Petroleum Chairman and Chief Executive Officer John P. (Jack) Gallagher, and University of Alberta professor and researcher Dr. Raymond U. Lemieux, will receive honorary Doctor of Laws degrees at the University of Calgary fall convocation on November 2.

### Ralph Garvin Steinhauer

Born in Morley, Alberta in 1905, Ralph Steinhauer attended Doucet and Rose-neath schools. In 1923 he joined the United Farmers of Alberta and was a founding member of the Alberta Wheat Pool.

He married Isobel Davidson who was teaching school in Vilna, Alberta, in 1928. They have four daughters and one son.

In 1929 Steinhauer began farming full-time at Brosseau where he now has 1,800 acres in grain and pasture for livestock.

He served as a councillor with the Saddle Lake Indian Band from 1932 to 1966, during which time he spent three years as Chief.

On July 1, 1974, Ralph Steinhauer was named Lieutenant-Governor of Alberta -- the first Native Canadian representative of the Queen.

He received the Order of Canada Medal in 1967 and was named an Officer in 1972. He also holds an Honorary LLD from the University of Alberta and is a Knight of Grace of the Most Venerable Order of the Hospital of St. John of Jerusalem.

The Government of Alberta tendered him a farewell banquet on September 18th at Chateau Lacombe, when

over 400 enthusiastic well-wishers showed the affection and respect he has won during five years as Lieutenant-Governor.

### John Patrick Gallagher

John Gallagher was born in Winnipeg, Manitoba in 1916. Following graduation from the University of Manitoba in 1937, he became a field geologist with Shell Oil Co. in California and Egypt; and from 1939 to 1950, held numerous assignments with Standard Oil Company and Exxon in the Middle East, North Africa, North and South America and Canada.

During the past 25 years, Gallagher has built Dome Petroleum Ltd. into one of the largest and most successful Canadian independent petroleum companies.

### Raymond Urgel Lemieux

Born in Lac la Biche, Alberta in 1920, Raymond Lemieux received his BSc from the University of Alberta in 1943. He attended McGill University where he

received his PhD in organic chemistry in 1946 and, the following year, held a post-doctoral fellowship at Ohio State University.

After two years on the faculty of the University of Saskatchewan, he was appointed senior research officer with the National Research Council, Prairie Regional Laboratory, a position which he held until 1954 when he joined the faculty of University of Ottawa as professor and chairman of the department of chemistry, and where he also served as

vice-dean of the faculty of pure and applied science. In 1961 he accepted an appointment at the University of Alberta and served as the chairman of the division of organic chemistry from 1966 to 1973.

He has 21 patents and six patent applications, related mainly to antibiotics especially semisynthetic penicillins and cephalosporins, but also processes related to the synthesis of human blood group antigens, heavy water production and the curing of rubber.

## The Librarian in St. Albert has a Genie

Between the two of them, they can tell you about

• Tuning bagpipes • Ventriloquism • Training Sled Dogs • Electromagnetic polarizing accelerators • The cost of living in Mexico City • Gardening under glass • Or just about anything you ever wanted to know but didn't know whom to ask

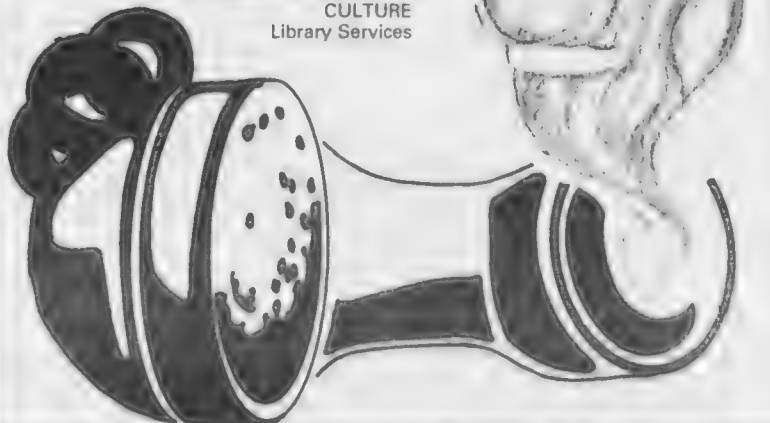

The Genie is a special Zenith telephone line connecting every library in Alberta to a province-wide information system.

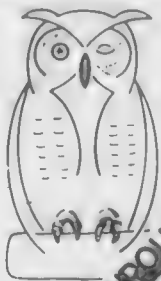

If you have a specific reference question which cannot be immediately answered at your library, let the Genie do it.

There's no charge. Your librarian will call the Zenith number and you'll receive the information you require as quickly as possible. It's like having a Genie at your fingertips!

The Zenith Genie -- just one of many special services available at your local library... Go ahead, ask.

### Cedar -- The Living Wood

Wood from the cedar tree has been recognized for its beauty and long lasting qualities for many centuries. In 800 B.C. King Solomon used lumber from the cedars of Lebanon to build his temple. The structure was renowned throughout the civilized world of that time for its opulence and beauty. The west coast Indians long ago recognized

the superior quality of cedar which they used to carve totem poles and large boats.

Cedar lumber has many fine features, making it a most versatile building material. It has a uniform grain structure that prevents the lumber from twisting and warping or weather checking. Special oils in the wood act as a preservative, preventing decay, and the cedar lasts much longer than any other species of coniferous woods such as fir, spruce or pine.

I had occasion to wander through a dense and extremely humid forest of magnificent cedar trees on our West Coast. I was intrigued by the sight of a giant cedar tree (which I estimated to be at least 300 years old) growing astride a fallen cedar of equal size and age. I was astounded to find that, after I chipped away four or five inches of rotten wood from the surface of the trunk, the heart of the fallen tree was still sound and well preserved.

Cedar's unique long lasting qualities make it an ideal material for use in exterior cladding, such as shakes, shingles and siding. By far the most common problem builders have when using cedar for exterior cladding is to

preserve its natural color and grain pattern. In the case of cedar shakes and shingles, the most common practice is to leave them untreated. After prolonged exposure to the weather the wood turns an even grey and remains that way for many years. Exposure to the elements does not significantly affect the longevity or protective ability of the shakes. However, when cedar is used as an exterior siding it is often desirable to retain or even enhance its natural color and grain pattern.

The method most often used to accomplish this, a method I most vehemently disagree with, is the use of "Olympic Stains." Through experience I have found that Olympic Stain is a highly overrated product sold to gullible individuals through highly sophisticated multi-million dollar advertising campaigns. The stain comes in three finishes: clear, semi-transparent, and solid, or opaque. It is quite obvious that if you use a semi-transparent stain you partially obliterate the beauty of the cedar. If you use an opaque stain you might as well use paint -- it will do a far superior job! Clear Olympic Stain will enhance the beauty of the cedar but, as with all Olympic Stains, it will do this for only a very short period of time. These stains have no ability to withstand the effects of ultra-violet sun rays, and break down very rapidly, leaving behind an unsightly pale residue. Perhaps this is the reason Olympic are now advertising an over-coat to cover all the ghastly staining jobs of the past.

The only material I know of that will enhance and preserve the natural color and beauty of cedar is an industrial grade of "Liquid Rawhide." The brand I have found to be superior to anything available is manufactured by "Bear Industries" of California, and is available in Edmonton at Bapco paint stores and Cedarwood Building Products. Bear Liquid Rawhide incorporates special ultra-violet inhibitors which give it the ability to be unaffected by the sun's rays, and will normally last up to 10 years with little evidence of weathering.

If you have ever travelled through the Western United States and B.C., the log cabins and picnic tables in all provincial parks and state parks are finished with this same material.

Next week I shall offer some suggestions on the importance of using the right nails for cedar, and also some ideas on the interior uses of cedar.

Remember that if you have any problems or questions concerning your home or place of business I'll be happy to answer them. Just drop me a line c/o The Gazette, 31 Perron Street, St. Albert. Your letter could win this month's competition for the grand prize valued at over \$20.00.

# Tributes and Tirades

## My Vicky Knight

A prolonged tirade goes out to the producers of a little piece of mediocrity inanely entitled "Struck by Lightning." The abysmal quality

of this program verges on the criminal, abusing as it does the expansive talents of Jack Elam. (You remember him, an old Western heavy who used to play the old Wino

occasionally on "Phyllis"). Lou Ferrigno of 'Hulk' fame could have been used instead, freeing Elam up for something worthy of his broad comic talents.

The show is like "the Munsters" seen through the eyes of "My Favorite Martian" as told on the late news. What else can you say about a program insanely scheduled for midnight, when that program concerns a young man named Stein, who discovers he's the last of the house of Frankenstein. He's told this by an old coot who blows in one night and announces that he is the guy's personal monster. Now, a late night slot is great for Fernwood Tonight and other stuff of a vaguely kinky nature. But "Lightning" is strictly family hour pap, with no bite to the writing and not even a thrill or two for those who find terror titillating. This group would be better advised to stick with the news.

Only one line in any way alleviated my gloom at watching this turkey: Young Please Turn to Page A18

## Throws own funeral

**MILTON MALSOR, Eng-**  
land -- Grandmother Christine Farman hates to miss out on a good time, so she hired the village hall and threw her own champagne funeral. "While I'm still around to enjoy it."

## Willing to bag it

LOS ANGELES -- Most shoppers are willing to bring their own shopping bags and bag their own groceries to cut food costs, says a study at the University of California. The study also showed that consumers tend to buy more poultry and less beef to save money, but are less inclined to hoard food or go to numerous supermarkets in search of specials.

## "I KNEW HIM, HORATIO"

With his bottomless appetite for metaphysical misery, Hamlet makes heavy weather of the skull found by the gravediggers. As he contemplates the old cranium and its past, Keith Baxter's face reflects the anxiety Hamlet is burdened with. The play opens tonight at the Shooroor Theatre at the Citadel Theatre. Curtain rises at 8:30 p.m.

## PLAYBILL

**WEDNESDAY, SEPTEMBER 26** — The Citadel Theatre opens the season at the Shoctor, with a modern dress production of *Hamlet*. Call 426-4811 for tickets.

MONDAY, OCTOBER 1 - 31 — A photographic exhibit entitled "19 Photographs of 18 People" will be on view in the Photography Gallery at the Centennial Library.

**THURSDAY, OCTOBER 4** — An Evening with Dave Brubeck, SUB Theatre, Students' Union Building. Two performances, 7 p.m. and 9:30 p.m. Tickets available at Farlie Mohawk.

FRIDAY, OCTOBER 5 -- Craig Russell (the little scamp) will appear for two evenings, Friday and Saturday, with performance Friday at 8 p.m. and Saturday at 7:30 p.m. and 10 p.m. Tickets are available at Farlie Mohawk.

**FRIDAY, OCTOBER 5** — The Alberta Ballet Company presents the National Ballet of Canada performing "Swan Lake" Friday and Saturday at the Jubilee Auditorium, curtain 8 p.m. Tickets are available at all Bay outlets.

**FRIDAY, OCTOBER 5** — David Sereda in concert on Friday and Saturday, 9 p.m. Espace Tournesol, 11845 77 Street.

**TUESDAY, OCTOBER 9** — The Edmonton Jazz Society is pleased to present in concert Eberhard Weber and Colours, with Eberhard Weber on bass, Rainier Brunninghaus on piano, Charlie Mariano, on saxophones and flutes; John Marshall on drums. Curtain at 8:30 p.m. SUB Theatre. Tickets at Mike's, HUB Box Office and at the door. Eberhard Weber and Colours are recording artists from Munich.

**SATURDAY, OCTOBER 27** – The Edmonton Public Library will present "An Evening with Lampoon Puppet Theatre," in the Centennial Library Theatre. Tickets at Woodward's and the door. The theatre will present short sketches and stories taken from a prize winning children's program which has been re-worked to appeal to adults as well as children.

Stein: Did you really know

Dracula. Old Monster: Yeah, kid ... Dracula was a jerk. Lest I be dismissed as an embittered old crone. I do

have something good to say. Last night's Lou Grant episode looks like an Emmy winner, with perhaps another one for supporting actor William Schallert, who gave a stunning performance as the genial, beleaguered and alcoholic husband of a top county supervisor.

When Schallert (as Mark Worth) pushes his way into an editorial conference and denounces the cruelty of the newspapermen who have been ridiculing him, more than the ears of the cast got pinned back. "If I were younger I'd beat the crud out of everyone of

you," says Worth/Schallert. "But I'm not." These three despairing words said more about the mutual responsibility of the press to the public and the public to the press than volumes of political treatises. The newsmen in the show were non-plussed and discomfited

at seeing their petty cruelties exposed to the light of the day. The scribe and the analyst, the editor and the announcer must work with the knowledge that a misstep can ruin lives, often undeservedly. All it takes is a few minutes at a typewriter. . . God . . . now I'll never Please Turn to Page A19

WITH SIMON

Founded in the fall of '75 by Holger Peterson, then a CKUA radio producer, Stony Plain is the record label that reinforces one's belief in the frontier spirit. With Paul Hann as its first artist, Holger set his sights on expansion at the international level early in the game. To do this, you have to believe in what you do, come what may. These days, several top notch artists are available on the Stony Plain label in Canada. To name a few: Lenny Breau, Buddy Emmons, Joe Venuti, Vassar Clements, Doug Dillard, Robin Williamson, the Persuasions, Gatemouth Brown, Geoff Muldaur, and of course, "CROWCUSS". Most Canadians are of the opinion that this Winnipeg quintet came out of nowhere and gained fame and fortune. Wrong. Composed of ex-members of Guess Who, Mood JgaJga, and Witness, Crowcuss is a band that has seen a lot of action on the Canadian and international music front. The band's story could have been "How to make a hit record." Well, how do you make a hit record? There are several variables, e.g. talent, money, perseverance hard work, togetherness, loyalty, good production

and marketing techniques, and last of all, a market. While Canadians will back the hometown boy on his way up, it is well known in the business that to make money, you need a big market, and the market here is just not big enough.

## CROWCUSS

Stony Plain and Crowcuss are doing well together now, but it's been a long hard road. A single off of their first LP (Running Start) was charted in Western Canada, and was a best seller, in Guatemala, while the band itself was voted the outstanding group of 1978 in that country. With sights set in Europe (Decca) and Japan (Trio-Kenwood), Holger is giving Crowcuss a big push. There is a new LP in the works, (produced by Greg Riker from Indianapolis) recorded at Century 21 Studios in Winnipeg.

Paul Hann (the Cockney cowboy), the other Stony Plain artist is doing really well too, with TV shows, fourth LP in November and big push in the U.S. Well it's been a "running start," let's hope Stony Plain makes it to the top.

NICE WORK, HOLGER AND GOOD LUCK.

### Rachael Sweet "Fool Around" (Stiff Records)

By Shauna Oor

Stiff Records calls itself the world's most flexible record label. If that's true then Rachael Sweet certainly fits in. What do you call an artist like Sweet? If there's such a thing as country and western - new

wave music (and there probably is) then this is it at its best. The identification with country music is subtle though. Her singing style is "a little bit country and a little bit rock and roll."

It would be nice if the material on her next album were a little more consistent. "Fool Around" has one or two new wave songs, an excellent ballad called "Wildwood Saloon" some 50's songs (none of which stand out) and a pop/rock song called "Who Does Lisa Like?"

"Fool Around" makes Sweet look like she hasn't really decided what kind of material she wants to do. At 16 years old, she has already experienced a not-too-modest amount of fame opening for bands like the 'Talking Heads' in the U.S.

"Cuckoo Clock," off her album has all the commercial appeal of anything Elvis Costello ever

did and is the most memorable cut. Her high, powerful voice (a belter, this kid) is played up and catered to on "Fool Around" making her the focal point of the album with a faceless back-up band featuring Brinsley Schwarz on guitar.

It would be interesting to know if the contributing songwriter "Costello" is the dubious Elvis the "C" on Stranger in the House. If it is a Costello song, she's done great things with it making it somewhat less depressing than Elvis undoubtedly would have.

Overall, the album is well-done. And, cupie-doll look or not, this person really is talented. This album shouldn't be too difficult to locate, besides, we child prodigies must stick together.

Editor's Note: Perhaps Shauna has confused prodigy and prodigal.

## Tributes

Continued From Page A18  
write another word.

What is American network TV trying to do? What have they got against the institution of marriage that doesn't go on in their own weird institution? Why DO they put all that money into game shows the sole object of which is to lead the silly contestants merrily off to divorce court. Seriously, the Newlyweds Game for instance is revolting enough. Just because some Hoboken homemaker can't stifle the urge to spew forth the details of her tedious sex life, (in some cases, tedious would appear to be a misnomer), does this mean I must listen to it? No of course not. I can change channels, right in time to catch the new entry into the divorce court sweepstakes. This one's called Three's a Crowd in which some poor twit with a flair for masochism appears, as do his wife and . . . his secretary. Each of the women is asked questions about the lucky fella, to see which of the ladies knows him best (first time I've ever used "know" in the Biblical sense. All hell breaks loose of course. What do you expect when a wife discovers that Sally Secretary knows more about hubby's little ways in the boudoir than she

does. I like this kind of scene in real life about as much as I like income tax, and I hate squirming in embarrassment in my own home. Why then must I be treated to these marital gladiators slugging it out verbally for what may be the last time. (These people are in an unstable situation anyway, or why would they be there at all?) Perhaps some people find this kind of thing a therapeutic sop to their repressed hostilities. Bully for them. I just wish these folks would stay repressed when I'm around.

# Is teaching irrelevant?

By Monica Tapp  
St. Albert High  
Highschool. High-school.  
A "high" school...on second  
though, cancel that ideal But  
really, what is highschool?  
The name brings to mind a

"school of high knowledge" or a "school of high standards". Somehow, neither of those seem appropriate from the way I see things anyway. For instance, more than 80 percent of what we are being taught is quite irrelevant - we'll never need to know the molar heat of the combustion of sulphur, or how to use the quadratic formula. On top of that, this world is changing so quickly that often what we have

learned in grade ten is obsolete by the time we reach grade twelve. Interesting, isn't it?

Another really interesting thing just happened as I was writing that sentence about school teaching us irrelevant stuff - did you catch it? See, when I gave two examples of this irrelevant knowledge, one was from chemistry and the other from Math. Now, just as there are two

distinctly different parts of the brain (the logic side and the verbal side) there are two very different kinds of people - those who like math, and those who don't. Personally, I can cope with some 'irrelevance' in social studies, English and biology - that's because I enjoy these subjects. The knowledge gained from studying them may not be of any more use than from studying physics, math or chemistry but to me that's okay because at least it's fascinating trivia then.

Now, say a person who absolutely adored mathematical formulas and complex calculations had written this column. They would have claimed that studying history is a waste of time and memorizing the process of cell division is a drag!

It seems that making an unbiased judgement of high-school is impossible. We distort the facts according to how we see them - that is, based upon our own beliefs, preferences, and prejudices. "Hmm - ferry interestink" as our friend Sigmund might have said, "zo, zis high-school, it cannot be defined, eh? Is it den a figment of zee i m a g i n a t i o n?" Who knows....?

At any rate, we must pop back to reality for a moment. Grads of '79 (wherever you are) your grad pictures are in as ordered. Also, yearbooks will be in sometime in October, and some jackets have come in so if you ordered one now is the time, to pick it up. Signing off now. Roger. Over and out.

## Search on for student writer

A talented high school student in this area could earn \$1,000 in a Canadian student writing contest. A total of \$10,000 will be shared by other talented young writers from coast to

coast in the 13th Annual Student Writing Contest which is sponsored by Canada Trust Company.

The judges will be making major cash awards to the three best writers in each

province of \$500, \$300 and \$100 respectively. The ten provincial first prize winners are then judged together to determine the National Grand Prize winner who earns a further \$500 bringing this student's total award to \$1,000. The rules and regulations governing the contest have been sent to the principals of all high schools in this area. Interested students can obtain their own copy of the rules from the company's Public Relations Department at 320 Bay Street, Toronto, Ontario, M5H 2P6.

The rules state that the contest is open subject, to be written in English or French, up to 2,000 (10 pages typewritten, double spaced). The judging panel comprises representatives of the Ontario Council of Teachers of English with the President of the Canadian Council of Teachers of English acting as judge of the finalists.

The company's objectives are to stimulate interest in writing amongst students and to help them further their educational aims and interest. The contest is now part of the English curriculum at many schools and has the interest and encouragement of all provincial Ministers of Education.

Deadline for submission of entries to The Permanent's head office in Toronto is December 15, 1979. Winners will be announced in March 1980.

2 Blocks North of Hwy. Bridge in St. Albert

It was an exciting weekend for three young students from Lorne Akins Junior High School as they emerged victorious in the first flight of the 1979-80 Hi-Q competition at ITV Studio.

George Graham, Reed Johnson and Michael McAdam began the competition Saturday afternoon with a 90-point victory over a team from Crestwood Junior High in Edmonton. Moving into the semi-finals on Sunday, the amassed 510 points, in defeating Garneau Junior High by 370 points. The championship game was also a decisive victory, as the Akins crew defeated Westmount Junior High by 145 points.

Hi-Q is best described as a Junior High version of "Reach for the Top", a popular high school quiz show. Added features in Hi-Q competition involve public speaking activities. In the semi-final game, Reed Johnson delivered a two-minute speech on the topic of "Equality" and for his efforts was rewarded with an excellent 85 points.

In the final game, George Graham and Michael McAdam debated the pros and cons of the topic "Should Credit Cards Be Abolished?" The boys were given one hour to prepare their answers and once again both were rewarded for their speeches: George gaining 85 points and Michael, 80.

With their victory, the three boys, alternate Kiwi-Jo Lonsbury, and their coaches Mr. Gerry Buccini and Mrs. Lynn Joverg, the

Lorne Akins team moved to the championship round against winners of the next four flights to be held in the next few months. The championship series will take place in the 1980 year. The first T.V. broadcast of the Akins victory will be October 20.

The victories by the Akins team was well worth the effort as each member received a Hi-Q T-shirt, a medallion and a book from the Hurtig collection. The school will receive a plaque signifying the victory. If the team were to be successful in the championship round, each member would receive a \$100 savings bond and the school would get the championship trophy for the year.

Congratulations go out to the Lorne Akins team for a job well done!

It's coming!  
October 3rd.

Watch for it!

## Self-defense for women

Self-Defense for Women, offered by Grant MacEwan Community College, is a relevant course for women today and the problems they may encounter.

The four separate areas of the course; transactional

analysis, assertion, physical fitness and self-defense attempt to prepare women for a variety of "real life" situations.

From dealing with a potential rape situation to an over-aggressive individual at a party, women are encouraged to not only improve their physical condition but increase their awareness and self-confidence.

Instructor Doug Grimes has taught the course for 10 years in the United States and Canada. It is of his own design, based on his psychology background and combat instruction in the United States Army.

The course is three hours per week for 10 weeks, beginning the week of September 27, 1979 and is offered from 7 to 10 p.m. Thursday evenings at the Cromdale Campus, 8020 - 118 Avenue. The fee is \$50.00.

For further information contact Cheryl Natrass, Cromdale Campus, 474-8521.

## REGULAR EVENTS

WEDNESDAYS Community League BINGO, Community Hall, St. Albert.

IS DRINKING CAUSING A PROBLEM IN YOUR HOME? Al-Anon - Tues. 8:30 p.m.

Alcoholics Anonymous - Tuesday, 8:30 p.m. RCMP Centennial Centre - Larose Drive.

## MOTHER'S DAY OUT PROGRAM

Now operating five days a week Monday thru Friday, 9:15 to 3 p.m. For bookings call Days: 459-6585 or Evenings: 459-8736.

## DR. D. G. LESNIAK

## LUNCHBOX PIZZAZZ

The Food Advisory Division of Agriculture Canada has some lunchbox pizzazz that I'd like to pass on to you...

Consider this school lunchbox: a vacuum bottle of Vichyssoise soup, a few pieces of crispy chicken; two little plastic containers of coleslaw and fruit salad; and a buttered, crusty roll.

Adult's view of this lunch: nourishing, appetizing, satisfying.

Schooler's view of the same lunch: dumb.

Why? First of all, no one would be caught dead chewing on a chicken leg in the cafeteria. Who has the time for all that anyway, on a thirty-minute lunch including two locker stops? Besides, this lunch is sissy - children's attitudes to lunch are different from adults. Lunch is like the school uniform; it has to look right.

## FEATURE THE 4

A good lunch should contain something from each of the four main food groups: a protein food (probably the sandwich filling), bread (the sandwich again), fruit or vegetable (ideally both), and milk.

## OUT WITH WHITE BREAD

The wrapping around the sandwich filling doesn't always have to be white bread. Use whole wheat rolls, sesame buns, submarines, bagels, muffins, crackers, and a variety of breads, rye, pumpernickel, malt, cheese, cracked wheat and oatmeal. Combine two kinds of bread in one sandwich.

## "BALANCED" LUNCH COMBOS

Double-decker sandwich with chicken and egg salad on round malt loaf; celery sticks and cherry tomatoes; granola bars; apple; milk. Bagel with cream cheese,

sliced beef or ham; green pepper sticks, grapes, oat meal cookies with date filling, tomato juice.

Buttered whole wheat muffins or carrot bread; chunk of cheddar; hard-cooked egg; celery stuffed with peanut butter; peach; milk.

## KEEPING FOODS SAFE

Make sandwiches ahead and freeze. Fillings of meat, poultry, fish and cheese freeze well. These include roast pork, roast beef or meatloaf with chili sauce and cheese; peanut butter and raisins; peanut butter, honey and chopped apricots; cream cheese with chopped dates and nuts, chopped chicken and chopped olive, or chopped turkey and cranberries. Eggs, however, become tough and dry; luncheon meats and bologna become overly salty. Frozen individually, wrapped sandwiches packed in the morning will thaw by noon.

Freeze a small can of juice - it helps keep other foods chilled and is ready to drink at lunchtime. Or you can use a small freeze gel pack.

Early training results in sensible eating; children can handle a lot more nutrition education, subtle or otherwise, than you might imagine. Their health and food attitudes will be reflected in their children. So make a start by working on those school lunches.

# Living with change

## MAKING ESKIMO PARKAS AND JEANS

A three-day workshop to sew one parka from duffle fabric will be held in the St. Albert United Church basement on October 5th, 12th and 19th from 9:00 a.m. to 4:00 p.m. Registration fee is \$17.00.

A 1 1/2 day workshop to

sew one pair of blue jeans from denim or corduroy fabric. These classes go October 9th from 10:00 to noon, and October 16th 9:00 to 4:00 p.m. in the Akinsdale Clubhouse. Registration fee is \$6.50. For more information on the above courses contact the District Home Economist at 939-4351.

## MOTHER'S DAY OUT

will re-convene on September 11 four days a week Tuesday - Friday 9:15 - 3 p.m. Children bring your own bagged lunch. For information and bookings phone Bud at 459-6585 days and 459-8736 evenings.

# Braeside Church plans expansion

A congregational meeting morning's service and a was held at Braeside Presbyterian Church after Sunday motion passed to hire Leonard Klingbell as archi-

tect for the Church's building project. Mr. Klingbell was one of several considered by

the Steering Committee. He has designed a number of churches in Edmonton, other

parts of Alberta and elsewhere in Canada.

Braeside is outgrowing its present building and at a recent service even the lobby was filled.

A building fund was set up some two years ago and the congregation has to date raised \$36,000 through a variety of projects and contributions which are continuing. Braeside Church is fortunate in having sufficient

land for expansion, since many congregations in St. Albert are finding it both difficult and extremely costly to acquire land for church sites.

As previously reported, the St. Albert Roman Catholic Church is also involved in expansion plans for two more parishes.

Other churches are operating in schools while they endeavor to find appropriate church sites.

## Good News for Today

DONALD A. DODMAN,  
RECTOR, ST. MATTHEW'S  
ANGLICAN CHURCH

### PRAYER

It is quite amazing to me what so many people, who are not really very familiar with the church, think about prayer. For that matter, many people within the church have some rather interesting opinions about it. First of all, I am often asked, "You mean you people still actually pray?" From that point I usually discover that their conception of prayer is that it is asking for things. Perhaps our North American emphasis on the material things of the world has led to this idea.

Western Christianity has unfortunately laid aside or de-emphasized the mysticism which is a true and valid part of it. It is no wonder that

many young people look to Zen, spiritism and even to the occult to find the other-worldly elements that are missing from their lives.

Prayer does involve asking God for the things that are necessary for our daily lives--the Bread spoken of by Jesus, for example. But prayer is more a matter of trying to put ourselves into a state of harmony with the Will of God. In the same prayer where Jesus tells his disciples that they should pray for "daily bread" He prays "Thy will be done." Jesus Himself in the Garden of Gethsemane, just before His crucifixion, prayed "Father, not my will, but Thine be done."

Our prayer should be for wisdom and enlightenment so that we might cut through the mist of the confusion around us and see the Father more clearly.

## Saints open season in Red Deer Sunday

Marty  
O'Kell

WE BLEW IT . . . AGAIN! St. Albert could have hosted the World Arm Wrestling Championships. But Leduc is getting it instead.

The story behind goes like this. The promoter of the event look around Western Canada for cities to stage the event. After a while, he came across the fair city of St. Albert, and asked City Council to think about it. In fact, he even began to beg them to take it.

Our council dilly-dallied for a while, and eventually lost it . . . to Leduc.

But really, we couldn't stage the Championships because we don't have a facility big enough for the suspected crowds. The promoter thinks crowds could be in excess of 3,000 fanatics. The Akinsdale Arena has a seating capacity of about 800, and the fire marshalls don't like putting any more than that in the building. Ditto for Perron Arena.

City council was split evenly on interest in the show, which doesn't bother me. I'm sure we could have gone ahead with it, if we had some place that could hold well over 2,000 people. Council's concerns about seating were certainly well-founded, and they actually made the right decision not to try and stage the muscular extravaganza.

The whole problem, though, stems from the idiotic thinking of the previous council. Those ninnywags went ahead with plans to build the Akinsdale Arena, with a seating capacity of about 800.

I can think of several towns in Alberta, with half the population of ours, that have arenas that seat in the 1,500 to 2,000 range.

But our elected officials thought that any more than the 800 seats would be much too costly. Horsefeathers!

What we have here is a white elephant. Oh sure, no problem when it comes to minor hockey and the figure skating club. But the damn arena is so limited in what can be held there.

What would happen if the St. Albert Junior Saints hockey club began drawing crowds consistently over 800 (which they do at the end of the season and in the playoffs)? And what would happen if, after St. Albert grew to even bigger proportions, the Saints were traded in for a Tier 1 hockey club, like the now dead Edmonton Oil Kings?

I'll tell you what would happen! Members of the public would be crying for a bigger arena. And that crying could come sooner than you think.

But getting back to the Arm Wrestling Championships, there is still a possibility the 1980 event could be held here. That, however, would depend on what transpires in Leduc.

I talked to Jim Morris, sports editor of the Leduc Representative, and he told me their new Black Gold Recreation Centre, in the process of completion, will have about 500 permanent seats, with another 1500 temporary seats that can be pulled from the wall. That means seating for a hockey game would total about 2,000. And for something like the World Arm Wrestling Championships, even more.

In conclusion, the whole situation is unfortunate, since St. Albert would have been put "on the map". I hear ABC Television would have probably brought in the "Wide World of Sports" crew to broadcast the event. I have always wanted to meet Howard Cosell.

Let's hear it for short-sightedness!

**THE CONTINUING SAGA OF MARK MESSIER**  
... "We open this episode deep in the heart of the Varsity Arena of the University of Alberta, where members of the NHL's Edmonton Oilers are scrimmaging. A youngster by the name of Mark Messier is on the ice, doing impressions. Not the Rich Little kind, but the kind that impress the coach, Glen Sather."

Yes folks, it's true, Messier is doing a job on Sather. He's playing well in the scrimmages, and sometimes has even been one of the best players on the ice. Speculation now has it that Messier may make the Oilers as their fourth centre iceman. And from what I've seen at practices, he certainly deserves it. He's been working damn hard out there. He probably doesn't want to go to Houston to work "on the farm".

By Larry Mitchell  
The Alberta Junior "A" Hockey League will begin its 14th year of operation this Sunday in Red Deer with the home town Rustlers hosting the St. Albert Junior Saints.

There may be other games on the weekend but league president Ron Leopold of Calgary still has not released the complete league schedule which has to be very bush league to say the least.

It's very hard for sports writers to promote the A.J.H.L. when they can not get access to a thing as simple and important as an overall league schedule. It would be easier to find out when and where the Inuvik Snow Birds open their season.

The game in Red Deer will be the first of a 60 game schedule for both teams with 30 at home and the same number on the road.

Saints will also be on the road for their second game

when they travel to Sherwood Park for a game with the Crusaders on the 4th. They will open their season at home on the 6th against the Taber Golden Suns.

Wednesday and Saturdays will be the most popular

home dates in St. Albert with 12 on Wednesday and 11 on Saturday, Saints have no Monday home dates, one on Tuesday, two each on Thursday, Friday and Sundays.

Taber Golden Suns, Calgary Canucks, Calgary Spurs

and Drumheller Falcons will be in St. Albert for three games each while the Crusaders, Traders' and Red Deer will make six visits each.

The team has played five Please Turn to Page B2

### RMC loses first flag football game

## Bombers pull upset of the year

**Good news.** RMC Sportsmen are not invincible after all.

**Better news.** They were beaten this week by the Mayfair Plumbing Bombers.

**Best News.** The Bombers are not a superpower; they're a quite ordinary team with a quite ordinary win/loss record.

Bombers QB Larry Powers continued to throw with great

accuracy (some say it's the ability of his receivers to catch anything close) and moved into the lead in TD passing. His five TD strikes, the last one to win the game with just two plays remaining brought his total to 26 in seven games. RMC's Terry Beitel was also good on five to keep pace with Powers at 25.

Don Savich was the man

pulling down the crucial game winning pass. It was his fourth of the game and boosted him to fifth place in scoring.

An informant says that the "clutch pass receiving of John Osgood and Dan Powers" kept Bomber drives going and made the win possible. The same informant also alluded to the Please Turn to Page B2

### LEADING THE ATTACK

St. Albert (black) led the attack down centrefield but was often met with a strong Edmonton defence. The St. Albert girls faced strong competition as the Edmonton squad left them with a 3-1 defeat in girls juvenile soccer action Sunday.

## Saints

Continued From Page B1  
exhibition games to date with other A.J.H.L. teams and has won only two with wins over the Crusaders by a 8-4 score and 3-2 over the Calgary Canucks, who won the league title last season.

Saints also went down to defeat twice to the Red Deer Rustlers by scores of 7-6 in

Red Deer and 4-3 Monday night in St. Albert. The game at home saw a total of 39 penalties called by referee Larry Antoniak, who lost control early in the second period.

Mohammed Ali would have been proud of the match as there were more punches thrown in the two and a half hours than in 10 years at Madison Square Garden. Each club had four 5 minute majors for fighting

while the Saints had seven game misconducts to six for the Rustlers.

Fortunately there was a small crowd, as no one wants to sit and watch that kind of performance.

Hopefully the two teams will stick to playing hockey the way they both can in the Saints-Traders series.

Troy Murray leads the Saints scorers in exhibition play to date with five goals in three games.

## football

Continued From Page B1  
tough blocking of Bob Brayman and the pass rushing of Larry Dick as being other key factors in the win.

The clutch receiving of John Osgood could possibly provide us with a clue to some possible 'behind-the-scenes' maneuvering that just may explain the game's unexpected (to say the least) outcome.

Here's the theory. As most of us know, RMC Sportsmen are really a band of school teachers merely masquerading as 'good sports'. As most of us are also aware, teachers must periodically negotiate new contracts with their respective school boards. This is where our friend Mr. Osgood enters the picture. John just happens to be the ATA local president. The harder the bargain he is able to drive at the table, the more time the teachers will have for frivolities like football. And better yet (for the teachers anyway) the more money they will have to cover the costs of their leisure time activities. Would the assumption not follow that the teachers just might have laid off a little, not wanting to upset their representative at the bargaining table? After all they could afford to drop one game this year (to a team with more than one loss) and still finish on top of the heap.

A perfect cover for a public relations maneuver and a perfect excuse if you care to use it Sportsmen!

By the way the score in that one was Mayfair Plumbing Bombers 38 and RMC Sportsmen 33.

Wins by both the Standard Generals and the Rummies creates a three-way tie for first place.

Generals look to be heading into the playoffs in top form with the league's best defense and an offense second only to the Sportsmen. If you'll pardon the play on words, the Phantoms appear to be quickly fading away. They've just lost their fourth game after a rather promising start to the season and they now find themselves scrambling to finish ahead of the Casuals and Sabres. But then that's not much of an achievement either, really. A team of retired secretaries could probably accomplish that much (no offense ladies!).

Brothers Gil and Denis St. Arnaud did most of the scoring for the Generals with four and two TDs respectively. Also getting in on the act was brother Norm who directs things as quarterback. He was good on five passes for majors.

Scoring leader Allan Stephen had two TDs for the

hardluck Phantoms.

Geoff Holden returned to the Rummies this week and threw three passes for touchdowns to help lead his team to a 28-18 win over the Sturgeon Sabres. Gord Grant crossed over for majors three times for the winners in that one while Sabres Dave Raboud scored twice. It looks like the strong rush of the Sabres has lost its biggest asset - surprise.

Chargers managed to keep their unblemished record going as they dropped their seventh straight by losing 32-6 to the Dirty Dozen.

Dozen QB Dave Grice connected for five majors in that one. Ian Langridge was on the receiving end of three. After running up a respectable score in their previous three encounters with strong opponents the Chargers appear to have slipped a little with the meagre six-point showing. Let's hope they're not losing interest with only one game to play on their schedule.

Check your schedules Chargers. That last game pits you against the scourge of the gridiron groupies, the Bonneville Casuals. Wouldn't it be nice to end the season on a winning note?

Games this week - It should be the best part of the

schedule. All games feature evenly matched opponents beginning with the Standard Generals and the Rummies.

The outcome of that one hangs on what sort of pressure the Generals will be able to put on Holden. If Holden has the time to set up not even the best defense in the league is going to prevent him from picking out his receivers. Gut feeling gives this one to the Generals along with second place.

Early Sunday risers will thrill to the pleasures of witnessing two cellar dwellers vie to determine whose bumbling will give the game away. Let's give this game to the second year club, Bonneville Casuals by two touchdowns.

Phantoms and Sabres will play for second last with the Phantoms favoured by two points.

RMC Sportsmen will be out to prove they're still the best in the league when they meet the Dirty Dozen. Dozen, on the other hand, find themselves in jeopardy of missing the playoffs if they should lose. A loss would put them up against the Bombers in the last game for both clubs with the winner going on to post season play. And that's just what the case will be. Sportsmen by a touchdown.

## Ajax clips Yellowbird Jets

Edmonton's Ajax juvenile girls soccer team defeated the St. Albert Yellowbird Jets 5-1 Saturday morning to advance to the provincial finals against Calgary on the weekend.

Sharon Van Buren scored St. Albert's lone goal.

The Jets will be playing

tonight at 7 p.m. at Akinsdale field in the Challenge Cup. Opposition for the match will be Edmonton's Beverly club.

In midget girls action, St. Albert defeated Norlite 1-0, but lost the next match 3-1 to Edmonton's Blue Jays in

northern regional playoffs.

The St. Albert girls can't hang their heads though, as Ajax won the Western Canada Championships last year, losing to Quebec in the national final. Ajax has continually been one of the best teams in the country.

# Colt defense stymies Rams

It was meant to be a thriller, and it was.

The Standard General Colts came up with some great defensive football in a defensive game, coming away with a hard and well deserved 15-7 win over the previously unbeaten Sherwood Park Rams at Kinsmen Park Sunday.

Head coach Roger Graff termed the Edmonton and District Bantam Football contest as "an excellent game....the kicking was good, the catching was good, and the tackling was superb."

Although the first half was not dominated by either team to any extent, the Rams offense was able to push the Colts back after several series of plays. Midway through the first quarter, the Colts gave up their first point of the season when the Rams connected on a 34 yard field goal attempt that went wide. Standard General Marty Hoffart conceded the single.

With the Colts on their own 35 yard line, quarterback Mike Tessier hit Brent Lewis for a 61 yard pass and run play, taking the ball to the Rams 13. The next play, though, saw Sherwood Park intercept a Tessier throw, nullifying the Colt drive.

The St. Albert defense held the Rams deep in Sherwood Park territory, forcing them to punt. It was returned to the Rams 32, and on a second down and two play, Tessier romped into the endzone unmolested on a quarterback sneak. Tessier scored a single point on the convert attempt for a 7-1 lead.

The second quarter was full of fumbles and "back and forth" play, with both defenses coming up with excellent defensive stunts.

The Colts, however, did manage to create a drive into Ram country in the dying minutes of the half, ending

with a single point from a wide 37 yard field goal attempt by Tessier.

The Rams controlled most of the third quarter of play, as the Colt offense had a difficult time getting on track.

Sherwood Park tried two field goals, but both times the Colt returners brought the ball out of the endzone.

With the Colts in a third and two situation early in the fourth quarter, on their own 22, a coaching error caused the Rams to get a lucky break. The coaching staff thought it was second down, and sent in a short yardage play. The effort failed, and Sherwood Park took over the ball on the 22.

After a short ground gain, the Rams powered their way to the Colt one on a 19 yard run around the left end.

The Colt defense stopped the Rams on the first and goal play, but couldn't stop a fake handoff and pitch on the next. The Rams scored a major.

The Colt defense showed their "stuff" on the following convert. Just prior to the play, they studied the "convert rush" stunt, with the thinking that a blocked convert would keep the Colts up by one point. The boys must have done their homework right, as no less than five Colts stormed into the backfield to block the convert, keeping the Rams behind by an 8-7 score.

"We were quite willing at that point to take an 8-7 win," Graff said.

The kickoff return was called back for a clipping infraction, and the St. Albert club was forced to start at their own 10. Tessier threw a beautiful on the next play to receiver Garth Borle, however, the pass went off Borle's fingertips near the midfield stripe. Lewis punted on third down and got away an astounding 65 yard kick

which bounced an additional ten yards. The Colts pulled down the Ram returns for a four yard loss, and Sherwood Park had to scrimmage from deep in their own end.

After swapping control of the ball, the Rams were again deep in their end when Colt Darcy Granley pounced on a fumble on the Ram 19. The next play, Lewis ran up the middle on a draw for a touchdown. Tessier converted on the point after for a

15-7 lead and the win.

**COLTS CLIPBOARD:** Tessier threw nine passes and completed four, all to Lewis. He also ran the ball three times for 30 yards. Lewis had five carries for 30 yards. Hoffart had eight carries for 30, and Kelly Murray ran eight times for 25 yards..... Coach Graff was proud of the defense, saying, "Defensively, the whole team played excellent, they with-

out a doubt won the game for us". He singled out Roy Riege, Granley, and Lyle Soetaert for super efforts.... Doug Eglinsky, normally an assistant coach, but the "head coach" for this game, did a fine job with play selections....Selmar Johnson with bruised ribs and Murray with a banged up elbow were the only casualties of the game for the Colts, however, both are expected back for

the next game against the still undefeated Union Tractor squad. That game will be played this Sunday at 1 p.m. at Kinsmen Park....In the Bantam Challenge Cup semi's, St. Albert beat the Rams 3 to 1 in touchdowns. The mini-game final will be played this weekend during halftime of the Edmonton Wildcat game. Opposition will be the Sherwood Park Northstars.

The Colts remained undefeated over the weekend with the help of a strong defence against the Sherwood Park Rams. Photo-Al Popli

# Standard General wins battle of leaders

The Standard Generals defeated unbeaten Akins 30-28 to remain on top of standings. The Generals, who haven't lost a game themselves, also downed Willowbrook by a large 47-16 margin.

In other games on the

weekend, Akins rebounded from their loss and smothered winless Carma 25-8.

Tim Lavallee led the Generals with a pair of touchdowns in their win over Akins. Shane Vanedestine scored a major on a 45 yard pass and run play from Greg

Mowbrey. Mowbrey scored one TD for the Generals as well. Lavallee opened the scoring with a single from a pick-off. Gary Berbanak scored a pair of two point converts plus a single on a punt.

Scott Rusnak romped for two touchdowns for Akins, while Tim Duhaime and Stephen Khan ran in for one each. Kelly Matear and Wilf Keiser each hit for a convert.

In the Standard General-Willowbrook contest, the losers hit the scoreboard first when Desi O'Kell threw to Brent Sedgewick for a 75 yard pass and run major. O'Kell ran into the endzone for a two point convert.

The Generals bounced back later in the opening quarter with a pair of TD's. Vanedestine ran in from the 20 yard line to cap a 55 yard

drive, and Mowbrey scored one shortly after. Berbanak scored two point converts on both touchdowns.

Mowbrey scored his second major of the day in the second quarter with a 10 yard run. Berbanak again converted for two points.

Lavallee scored two TD's in the second half on runs of 53 and 45 yards. Mowbrey kicked a regular convert on the first, and Vanedestine made good on a two pointer on the second.

Willowbrook's O'Kell ran over from the one, capping a 40 yard drive. He also ran into the endzone for another

two point convert.

The last march of the game saw Standard General bull their way in from 55 yards. Mowbrey romped for a 50 yard gain, then went over from the one yard line to ice the cake. Vanedestine picked up a two pointer, giving Standard General a 47-16 win and a 4-0 won-loss record.

The Akins defense blanked Carma in the first half of play, with Akins getting majors from Bobby Havens on a 40 yard ground gain, Ron Couture on a 20 yard pass and run from Khan, and later Khan on a pass and run from Duhaime.

Akins also received a

single on a kick, while Keiser scored two two point converts for a 25-0 half time lead.

Carma hit the scoreboard for their only scoring play of the game in the fourth quarter. Todd Ewen threw a 15 yard pass to Robbie Strecker, ending a 60 yard march. Tim Maruyama took the ball in for a two point convert.

Rene Bourgeois intercepted a Carma pass deep in the Carma country late in the game, but the offense didn't pick up any points.

For standings, see the Sports Scoreboard elsewhere in the sports section.

## Badminton registration coming up

The Sturgeon Valley Badminton Club will be holding registrations for last year's members on Tuesday, October 2 from 8:30 to 10 p.m. at the Vital Grandin gym. Membership must be limited at this time as hours of play have been shortened, so a first come, first serve basis will prevail. If hours can be extended, more openings in the club will be made public.

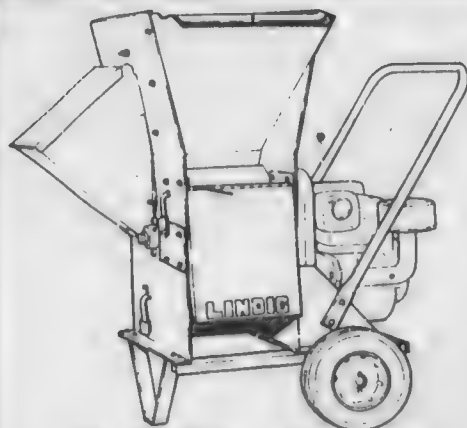

The annual meeting and election of officers was held recently, with Harris MacPhee elected as president. Jim Symonds is the new vice-president, Larry Thompson the secretary-treasurer, and Roswitha Throckmorton the membership chairman. Publicity director this year will be Dorothy Barton.

Play commences October 2 and will be held every Tuesday, Thursday and Friday from 8:30 to 10 p.m. when the gym is available. Watch the notice board and the Gazette for any cancellations.

Peewee Try-out Time Change  
**Friday, Sept. 28,  
6:30 - 8 p.m.**

The Rep Hockey Committee would like to sincerely apologize for a recent statement in the Gazette etc. stating that an 11 year old rep team might be formed this year. Since that time the Kinsmen Minor Hockey Association which governs all hockey in St. Albert, has decided that it would be inappropriate to form an entirely 11 year old team. The Rep. Hockey Committee hopes that these 11 year olds will continue to develop and have a good season in the house league this year.

# FOOTBALL FIGURIN'

Both Joe Who and Marty O'Kell thought it was going to be a tough weekend in the NFL. And it was. A few surprises brought down the records slightly. This week promises to be just as difficult to predict.

Joe's record now stands at 18-38 in the NFL after a 4-10 weekend, but Joe is quick to point out he has picked winners in 34 of the 56 games. In the CFL department, a 1-3 weekend puts him at 7-10.

Marty came through with a decent weekend again, scoring 8 rights and 6 wrongs for a total of 34-22 in NFL picks. His CFL record on the weekend was another split of 2-2 for a total of 9-8.

It's too bad only point spreads count!

Here's the action this week through the crystal balls.

## JOE WHO'S JOTTINGS

### NFL

Buffalo at Baltimore -

They've made a believer out of me. Bills by 3.

Cincinnati at Dallas -

They'll win in a romp. Cowboys by 6.

Cleveland at Houston -

Another close one. Oilers by 2.

They're on a winning streak. Saints by 3.

Pittsburg at Philadelphia -

It will be a long day for Bill Bergey's replacement.

Steelers by 7.

St. Louis at Los Angeles -

## St. Albert comes up loser in soccer playoffs

Edmonton hosted the Northern Regional Provincial semi-finals on the weekend, and out of six groupings, St. Albert failed in all cases to advance to the finals next weekend.

In bantam division 1 play, St. Albert tied with Edmonton Black Gold 3-3, but lost the chance to advance because Edmonton had a better goals average. Earlier, St. Albert defeated Sherwood Park 5-1, while Edmonton clobbered the same Park team 7-1.

In bantam division two,

Edmonton Kenora clipped St. Albert 2-1, however the match is under protest.

In pee wee one, Edmonton Leeffield nipped St. Albert 3-2, while Edmonton Evansdale beat St. Albert 4-3 in a very close and well played pee wee two game.

Edmonton Kilkeny blanked St. Albert 1-0 in mite division one action, and Edmonton Carnavaron beat St. Albert by the same 1-0 count.

All winners will play in the finals in Edmonton on September 29 and 30.

I like their chances. Cards by 3.

San Francisco at San Diego -

O.J. won't be much help this Sunday. Chargers by 9.

Tampa Bay at Chicago -

I don't like them THAT much. Bucs by 6.

Washington at Atlanta -

Joe Theissman's got it going. Redskins by 3.

New England at Green Bay -

Oh, the woes of Bart Starr and his Packers. Patriots by 7.

# Tennis club winds up tournaments

This past weekend saw the last of three successive weekends of tournaments for the St. Albert Tennis Club, with the final junior tournament on Saturday and the family tournament on Sunday. The beautiful weather lately has been conducive to maintaining a high interest in tennis still at this time of

the season.

## JUNIOR TOURNAMENT

Winner of the major trophy for the Under 18 boys singles was 15 year old Ashley Sage. Ashley's closest competition in this division was provided by brother Kevin. All the

juniors played a round robin competition. The winner of the Under 15 boys singles was Curt Coates, and his closest competitor was Brian Chai. Winner of the major trophy for the Under 18 girls singles (There was only one division for the girls) was 15 year old Dorothy Kirk. Runner up for the girls was

Kathy Goodall.

## FAMILY TOURNAMENT

Winners of the "A" section of the family tournament were Kevin and Cynthia Sage. Their closest competition was provided by the other members of their family Bob and Ashley Sage.

Winners of the "B" section of the tournament were Ron and Bruce Riley. Runners up in this section were Dave and Daphne Rudge. It is interesting to note that as some of the juniors get older the winners are now parent and child combinations - whereas up until two years ago the winners were always hus-

band and wife.

## FINAL PARTY

Club members (and friends) are reminded of the final party Saturday, October 13 at 8:30 p.m. at the St. Albert Community Hall (Lower Floor). There will be award presentations, dancing, door prizes, lunch and bar. Tickets are \$7 per person and are available from Mary Heathfield 458-7218, Anita Henderson 458-8168, Norma Begley 458-2274 or Bonnie Childs 459-6815.

## SINGLES & DOUBLES

Due to a printing error the following winners were omitted from the Gazette write-up last week. The winner of the C mens singles was Percy Zalasky who defeated junior Chris Donnelly in a marathon match 6-7, 6-4, 6-4. The winner of the C ladies singles was Lee Dizegby who defeated Gabrielle Van Ens in the final 6-1, 6-3. Secondary winners (those who lost their first round match) for mens doubles were Adrian Kennedy and Ken Sharp over Don Thompson and Tom Dizegby 6-1, 6-3.

## Fastball

## banquet

## on Oct. 5th

The greater St. Albert Men's Fastball league's first annual banquet and awards night will be held Friday, October 5th at the St. Albert Legion banquet hall.

Tickets are \$25.00 each and some are still available by contacting any member of the league or by calling Gary Mix at 458-2663.

Cocktails will begin at 6:30, dinner and awards at 7:30, followed by a dance at 9 p.m.

## Fountain Park courts to open Saturday

The racquetball courts at Fountain Park Rec. Center are expected to be ready for play Saturday, according to center manager Brian Sullivan.

The courts were closed for about three weeks to have repairs made on the front walls and have the floors refinished. Fresh coats of paint were also applied to the walls.

The swimming pool, closed for about two weeks, re-opened last weekend, and the new fall schedule is now in effect. You can pick up a copy of the schedule at the pool.

The pool itself received general maintenance and was drained to make sure that everything was in good working order before the warranty runs out in November.

# Scotia Plan Loan approvals are fast.

When you want to borrow money, you want that money *now*. That's where we believe a Scotia Plan Loan has a strong competitive edge: our Scotia Plan Loan Officer has full authority to check out your credit and income on the spot. No need to wait for a credit report or high interest rate. Every Scotia bank branch has at least one Scotia Plan Loan Officer. It's his or her business to compete with the other banks for your loan business. By making your loan approval as quick and easy as possible. By making sure that your repayment plan isn't too heavy for you.

You can get a Scotia Plan Loan today. No need to wait for a credit report or high interest rate. Every Scotia bank branch has at least one Scotia Plan Loan Officer. It's his or her business to compete with the other banks for your loan business. By making your loan approval as quick and easy as possible. By making sure that your repayment plan isn't too heavy for you.

Every Scotia bank branch has at least one Scotia Plan Loan Officer. It's his or her business to compete with the other banks for your loan business. By making your loan approval as quick and easy as possible. By making sure that your repayment plan isn't too heavy for you.

That's how Scotiabank has become a leader in the field of consumer bank loans... more than 5 1/2 million loan approvals, and that number is growing daily. No matter where you do your day-to-day banking business, we want your loan business and we think we should have it, because of our competitive edge: our Scotia Plan Loan Officers.

Talk with the Scotia Plan Loan Officer at our Scotiabank branch near you. Or look for a dealer with Scotia Plan Loan Financing.

Scotiabank has approved more than 5 1/2 million consumer bank loans.

# Because that's the way life is.

THE BANK OF NOVA SCOTIA

Just around the corner. Right around the world.

## Scuba divers find fun and adventure

Scuba diving is for many people, one of life's extreme highs. The first time a school of fish passes by you with rays of sunlight reflecting off their bodies; the first time a seal twice your size swims to within inches of your face and you're sure he's laughing at you; the first time a fish bigger than you streaks by; the first time you see a large eel sitting in a hole in the rocks jawing at you; the first time you see an octopus; you will know diving is one of the greatest activities in the world. If you wait ten years to take a diving course, then you will have missed ten years of good diving and you will be disappointed.

What about the danger?! The real danger in scuba diving is the untrained, ill informed, reckless individual. Scuba training will make the activity as safe as any there is. It has elements of danger but all can be easily handled or avoided. The trick is to enroll in a quality diving course.

St. Albert is offering a course in scuba diving at Fountain Park Pool and brochures are available there which explain the training and costs. Interested people should pick one up before October 3rd, the registration date.

Over the years there have been many films and T.V. shows describing the fascinating world beneath the sea. Shows like "Jaws" and many others are so far from the truth that many people would hesitate to take the plunge. Yet there is less danger under the sea than in driving a car through any major metropolitan area.

The sport of scuba diving has much to offer the recreational enthusiast. Tropical waters offer the warmth of sand and sun, and underwater you will find an infinite variety of extremely colorful fish, inhabiting exceptionally beautiful coral formations. The serenity is occasionally enhanced by the sight of other creatures such as ig rays, dolphins, sharks, moray eels, etc.

In the ocean waters off Canada divers will find perhaps the most abundant marine life in the world. The

fish lack the bright colors but the area makes up for this in the diversification of species of animals and plants.

The sport offers a variety of activities. One of the best is underwater photography. Following conservation rules, the diver can become involved in specimen collecting or perhaps dining on ocean cuisine. A diver who takes to exploring never knows what he or she might find. There are countless wrecks in the ocean waters.

Alberta lakes and rivers are full of boats, motors, fishing gear, cameras, etc. Search and recovery activities can be very rewarding. There is a special mystique for the night diver. There are cavern explorations, wreck explorations, ice dives, all fascinating and exciting. In addition there is the friendship and involvement in one of Alberta's many diving clubs.

R. Kirstein will be happy to answer any questions at 458-0079 or 432-3570.

## Fritch wins club championship

The 1979 Sturgeon Ladies Club champion has been determined after 54 holes of play at the Sturgeon Valley Golf Club. This year's champ is Carrie Fritch who held onto her lead from the first day. Runner-up was Joan Thom.

Stevie Donovan was the winner of low net and Gail Jones placed second. Jess Niblett and Susan Forth tied for low gross on the third day scoring a 95, which was also

the lowest score in the three days. Carrie Fritch shot a 95 on the first day also.

A High Handicap tournament took place over the same three days with June Raven coming out on top for this. Claudia Campbell was runner-up and also the winner of the low net.

C.L.G.A. pin rounds were completed and Bernice Cook finished with the five lowest net scores. A runner-up was decided after an 18 hole

play-off with Susan Firth winning that spot.

A Fun Day was held Tuesday with 60 ladies playing for prizes in teams of three. The two best balls using net scores counted for each team.

A reminder to all our members that the wind-up banquet and meeting is Monday, October 15 at the club. Tickets are \$6.50 and are available from Jean Varner.

## Nominations needed for baseball award

Nominations are being sought for the Carling-O'Keefe Award of Merit, Amateur Baseball's top individual award in Alberta.

Last year's winner of the prestigious award was Joe Lebeuf, of Wanham.

Nominations should be sent, in writing, to Ron Hayter, Chairman, Board of Trustees, Carling-O'Keefe Award of Merit, 205 Birks Building, Edmonton, T5J 5A1. The deadline is October 30.

They should be comprehensive, outlining fully a person's service and contribution to baseball in the province. Nominations will be accepted from baseball clubs, leagues or associations affiliated with the Alberta Baseball Association.

This year's winner will be announced at the ABA's annual meeting in December.

# Oilers have hectic exhibition schedule

Edmonton Oilers should be in good shape when they open up their first ever season in the National Hockey League October 10th in Chicago as they will have played 10 exhibition games.

Winnipeg Jets spoiled Glen Sathers N.H.L. coaching debut as they scored three second period goals enroute to a 4-2 win in Brandon Sunday night.

Oilers were in Calgary Monday to meet Canada's Olympic team, with the National's downing Edmonton 5-0.

The balance of the exhibition schedule will see the Oilers tangle with Vancouver Canucks in Vancouver September 26 and on the 30th in Spokane, with the other out of town game in Los Angeles Sept. 29th.

The five game home stand will be in a eight day span starting October 1st against the Kings, Minnesota North Stars on the 3rd and then successive nights starting on the 5th with Toronto, Winnipeg and New York Rangers on the 7th.

Tickets are still available for all games and can be purchased in St. Albert at Farlie Mohawk on the St.

Albert Trail.  
18 year old former St. Albert Saint Mark Messier is still with the team and has not looked out of place in practices.

# Community Services Report

## Submitted by City of St. Albert VOLUNTEERS NEEDED

Volunteer drivers are urgently needed to drive seniors on Tuesday, Wednesday, Thursday and Fridays to and from the Senior Citizen Centre. If you have some time to spare, kindly phone Helene Durand at 459-6601, ext. 70.

## BABYSITTING REGISTRY

The co-ordinators of the "Babysitting Registry" would like to update their

registry. If at one time you had your name down as a "sitter" but are not available anymore, please phone Community Services at City Hall, 459-6601. The service is strictly a referral service, run by volunteers in each area of St. Albert. Teen-age sitters are needed and may call the same number for their area co-ordinator.

## DATES TO REMEMBER

The regular monthly meeting of the Senior Citizen Club will be held on Friday, September 28 starting at 1:30

p.m. and is open to all seniors.

Monday at 1:30 the choir meets at the Centre, under Director Mrs. Kennedy, 459-6435.

Tuesday - Cards or Bingo  
Wednesday - afternoon is for crafts.

Thursday - every Thursday noon a hot meal is served at the Centre to a limited number of seniors by Meals on Wheels.

On Thursday, September 27, a bus trip to the AGT Tower will follow the meal. All seniors are invited to come to the Centre around 12:45 p.m. and join the rest of the group on this exciting field trip.

Friday - bridge is played at the Centre at 1:30 p.m. Remember there is no bridge on the last Friday of the month.

Saturday, September 29, the "almost new" shop will again be opened from 1 - 3 p.m. at the Centre. Clothing, footwear for all ages, or household articles are at rock bottom prices.

The Flower Arranging Club Christmas Workshop in the Further Education program will be a one-day

Workshop only on Saturday, December 8 from 9 a.m. to 4 p.m. at the Akinsdale Club House. There are still open-

## International Reading Association schedules first program

The Edmonton and District Local Council of the International Reading Association has scheduled its first program event for the year on Tuesday evening, September 25, 1979. A presentation on "Organizational Strategies for Combined Grades" will be given by Ruth Duncan, Principal of the University Demonstration School in Calgary. Mrs. Duncan will present ideas on instructional strategies for use with a range of elementary students.

The program will be held at 7:30 p.m. in the auditorium at Barnett House, 11010 - 142 Street, Edmonton.

All members and interested teachers are invited to attend.

ings in this workshop by sending your application to Community Services. The cost of the program includes all the materials necessary.

A Weekend Needlecraft Workshop with Mary Sustrik will be held October 13 and 14, 9 a.m. to 4 p.m. each day at the Southwest Cultural Centre, 11507 - 74 Avenue, Edmonton. Mary will pass on techniques of textured canvas work, and previous canvas work is preferred. Registration is limited to 20 persons. Call 436-7874.

Civic Grant applications are now available to individuals and organizations in the City. They may be picked up at the Community Services Department, Mission Ridge Shopping Plaza, from Monday through Friday 8 a.m. - 5 p.m. Deadline is October 1.

Although registrations for Fall programs "officially" closed September 17, there are still several openings in many programs, particularly weekend workshops. For information phone 459-6601.

## Attention: Curling School

Curl Canada with qualified instructors, are having a curling school at St. Albert Curling Club. For juniors and adults.

Oct. 13 - 14 -- Novice School  
Oct. 20 - 21 -- Intermediate School

Registration must be made before October 2.

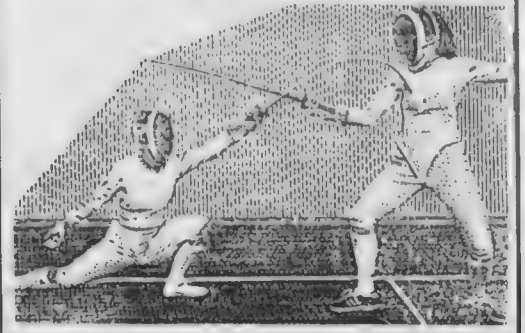

Registration contact  
PEGGY FAIRFIELD - 459-8452

## FENCING

The St. Albert Fencing Club offers lessons for teens and adults. Fencing is good exercise, good for reflexes, competitive and fun. Cost \$70 includes equipment and 10 lessons (Monday evenings).

If sufficient registration, adults and teen lessons will be separated.

**FUEL AND OIL  
TENDER**

Sealed tenders, clearly marked Fuel and Oil Tender, will be received until 2 p.m. local time Friday, October 12, 1979 by Mr. D. Corrigan, City Engineer, for the supply of fuel and oil products for the City of St. Albert for the one year period commencing November 1, 1979.

**INSTRUCTIONS:**

1. All prices to be F.O.B. City of St. Albert, Public Works Yard, #7 Riel Drive, St. Albert, Alberta.
2. All prices to include Federal and Provincial taxes with the exception of the Federal Excise Tax on gasoline. The City of St. Albert will supply its permit number for exemption from the Federal Excise Tax on gasoline to the successful gasoline bidder.
3. All submissions are to be made on the form provided.
4. All submissions shall have the prices broken down to the quantity requested.

**GENERAL:**

1. All products are to be delivered between the hours of 9 a.m. to 3 p.m., Monday thru Friday.
2. The City of St. Albert undertakes to give 24 hours notice of products required for delivery.
3. Estimated requirements for the year are as follows:  
Gasoline 70,000 gallons  
Diesel Fuel 30,000 gallons  
Lubricating Oils 15,000 gallons  
Hydraulic Oils 800 gallons  
Greases 1,000 pounds
4. The City of St. Albert reserves the right to award the tender in two sections being:  
Gasoline and Diesel Fuel  
Oils and Greases

Prices to be as of date of tender opening. Any price change between date of submission and tender opening to be provided on a written supplementary.

Further information if required, may be obtained from Mr. J. Corcoran, General Superintendent of Works, 459-6601, local 62.

## #533 RC (Air) C Squadron

# Air Cadets in review

By F/Sgt. C. Leibel  
Thursday, September 20 was the first parade night for #533 squadron. It was great to see a lot of familiar faces as well as a few new ones.

As well as new cadets we also have a few new officers and a few promotions. Capt. K. Armstrong who was Commanding Officer of #533 Squadron a few years back has now returned and regained his position of C.O.

One of #533's officers attended an Officer Training Course this summer. Lt. Maybee who is presently working in administration and has taken over Capt. Martin's previous duties is now a Captain. Congratulations Ma'am! Assisting Capt. Maybee in administration is F/Sgt. L. Maybee.

The training office is completely in the hands of newly promoted 2Lt. W. Fecteau. He is in charge of all the courses and the drill portion of #533 squadron. Assisting 2Lt. Fecteau in training are Olc. G. Armstrong and a new officer to

#533 squadron, 2Lt. M. Mitchell. An ex-cadet who has returned as a Civilian Inspector, Pauline Quaghebeur is also assisting in the training office.

Lt. Nord is #533 squadron's supply officer. He is the one who keeps the cadets in uniform.

There are many courses offered to cadets in #533 squadron. Cadets have already signed up for courses in engines, air frames, electronics, bush survival, first aid and photography. All are 16 week courses. Effective Speaking is the first part of a two part course. After sixteen weeks, cadets in this course will then switch to a leadership course. There is only one course which runs all year and this is the flying subjects course. All first year cadets are required to complete a basic course before they proceed to any other courses.

2Lt. M. Mitchell who is now a part of #533's training staff, has been with the air Cadet League of Canada for

seven and a half years, both as a cadet and officer. He is originally from #719 squadron, Port Hawkesbury, Nova Scotia. For the past five years he has been a member of Cold Lake's Senior Leader's staff. The senior leader's course is a scholarship which only a few chosen cadets attend. He taught leadership in Cold Lake and will be teaching a leadership course as well as drill with #533 squadron. On behalf of #533 squadron, welcome 2Lt. Mitchell and we hope you enjoy working with #533 St. Albert Squadron.

The band and sports teams will be meeting for the first time at 7 p.m. at Sir George Simpson School in the gym starting October 1. Any cadets interested, please attend.

Anyone who is interested in joining #533 squadron can obtain information on Thursdays at 7 p.m. at the Community Hall.

## RCMP Blotter

The following persons appeared in Provincial Court during the past week.

Possession of a narcotic for the purpose of trafficking - Bruce James Nichol, fined \$400 plus one day in jail, in default three months in jail.

Illegal possession of liquor - Garth Donald Roberts, \$50 i/d 7 days.

Refusing to provide a breath sample - Gerald Barsness, \$300 i/d 30 days.

Common assault - Perry Allen Yates, \$250 i/d 60 days.

Indecent assault - Randolph Pollard, suspended sentence and 18 months probation.

Attempted rape - Leslie Robert Jackson, pleaded guilty to two charges and was sentenced to six years on one charge and five years on the other. He was also given two years in jail for assaulting a peace officer engaged in the execution of his duties.

## NOTICE OF PUBLIC HEARING

1. The City of St. Albert proposes to pass Bylaw No. 32/79, being the City of St. Albert Land Use Bylaw in accordance with the provisions of The Planning Act, 1977.

2. The purpose of the land use bylaw is to prohibit or regulate and control the use and development of land and buildings within the municipality, as outlined in Sections 66 to 72 of The Planning Act, 1977.

The Bylaw, when passed, will replace Zoning Bylaw No. 23/71 and Development Control Bylaw No. 11/75.

3. A copy of the proposed bylaw may be obtained between the hours of 9 a.m. and 4:30 p.m. weekdays from the Planning Department at City Hall, St. Albert. The bylaw is available for examination at the Office of the City Clerk in City Hall and at the Public Library during normal office hours.

4. Council will hold a Public Hearing on the proposed bylaw on Monday, October 15, 1979 at 8 p.m. in the Council Chambers, City Hall Annex, at which time the Chairman of the Hearing shall call upon any person present to come forward and speak. If necessary, Council shall provide for further hearings as required.

5. Written representations concerning the bylaw will be received by the City Clerk until 12 noon Friday, October 12, 1979.

Date of Publication: September 28 and October 3, 1979.

FIONA DANIEL  
CITY CLERK

THE CITY OF **St. Albert**

## CIVIC GRANT APPLICATIONS

Civic grant applications are now available to interested individuals and organizations in St. Albert.

The deadline for submission of civic grant requests is October 1, 1979.

Application forms and criteria are available from the Community Services Department, Room 202 Mission Ridge Shopping Centre. For information call 459-6601, Elaine Durst.

THE CITY OF **St. Albert**

## APPOINTMENTS TO CITY BOARDS

Interested citizens who are residents of the City of St. Albert, are invited to apply for appointment to the following Boards:

1. **Business Industrial Advisory Board**  
One appointment for a two-year term ending 31/10/81. Meeting dates are established by the members.

2. **Community Services Advisory Board**  
Seven appointments for a one-year term ending 31/10/80. The Board meets monthly on the 4th Tuesday at 7:30 p.m.

3. **Development Appeal Board**  
Two appointments for a one-year term ending 31/10/80. Meeting dates are the 1st and 3rd Tuesday evenings of the month.

4. **Library Board**  
Two appointments for a three-year term ending 31/10/82. The Library Board meets monthly on the 3rd Thursday at 7:30 p.m.

5. **Municipal Planning Commission**  
One appointment for a one-year term ending 31/10/80. Regular meetings on the 2nd and 4th Tuesdays of the month at 4 p.m.

Applications in writing, containing a brief resume of background and experience, will be received by the City Clerk prior to 5 p.m. Friday, October 5, 1979. Further information on the role of the Boards may be obtained by telephoning 459-6601 (Ext. 58).

Fiona Daniel  
City Clerk.

## King refuses school debt reduction

By Jeff Adams

Efforts by the Sturgeon Division School Board to have the province set up an education debt-reduction program similar to the one for municipalities has hit a major snag.

In a letter to the Gazette that has since been forwarded to the board, Education Minister David King says there just isn't enough education debt around the province and that as a result, such a program "is not warranted at this time".

Mr. King hints in the letter that he'll oppose any requests for debt reduction that might come from the

Alberta School Trustees Association.

It's that organization that 'll be hearing the Sturgeon Board's demand for help with capital debts. The board has approved a resolution for debt reduction that'll be going to the ASTA's major convention in November and if the ASTA ratifies it, the resolution will be forwarded to the minister for his consideration.

Passing ASTA resolutions on to the education minister is traditional but Mr. King isn't obligated to take any action. After reading the minister's letter during their September 12 meeting, the Sturgeon trustees held little

hope that Mr. King would do anything.

"It shows you how our resolution will be dealt with," said board chairman Lois Hole.

"You can almost read between the lines that they're not going to give it to us," concluded superintendent Frank Robinson.

Mr. King wrote that no help with school boards' debts is needed now because, "The latest audited figures available (1977) indicate that the unsupported capital indebtedness of all school boards in the province averaged 1.2 mills or \$7.1 million per annum. The corresponding figure for

1979 is estimated at approximately \$9 million."

He added that, "To further illustrate the relatively minor impact of such a program, school board unsupported capital indebtedness for school districts in 1977 was 3.6 per cent of the supplementary requisition (local tax levy) or 0.94 per cent of the total operational budget."

But that thinking, said the

board's assistant superintendent, Walter Hepler, assumes that all boards across the province have an equally small amount of debt. "I think the impact on individual school boards is considerably higher."

"There must be all kinds of school boards who've never built a school in the last 10 years," added Mrs. Hole. "How can you compare them with us?"

illaSchool (1969), Horse Hills School (1969-70), Bon Accord School (1970, 1977), Gibbons School (1975-76) and complete construction of Sturgeon Composite High School.

Future building plans include an addition to Sturgeon Composite and new schools at Namao and Redwater. Mr. Please Turn to Page C3

## Most not new to political game

## By-election has five candidates

By Carla Blit

When three of the five candidates in a by-election are former councillors and one of those three the former mayor, it becomes no ordinary by-election.

This is the situation in today's by-election in Redwater. Polls opened at 9 a.m. and residents are watching results with keen interest, most betting it will be a close race.

There is no one outstanding issue. After all, this is only a by-election and the general election will not be for another year.

Former mayor, Margaret Lorraine Jegard and ex-councillors, John Sadownyk and Jack Dennett sat on council for periods between 1969 and 1977. Bill Johnson and Dale Hart round out the five-candidate roster, for two council vacancies. The last occurred with the resignation of Tim Whitten, a councillor for only eight months.

Candidates feel what

council most needs now is strength, the kind which can only be provided in numbers, and Mr. Sadownyk goes one step further. He feels strength will also provide maturity, one things he feels the present council sorely lacks.

"It was a much more mature council when I sat," he said. "We initiated the paving program, built a new town hall and water storage facility. In the last two years I haven't seen much improvement."

Mr. Sadownyk was elected in a by-election in 1975 and sat until the general election in 1977. During his two years in office, he was deputy mayor, chairman of public works and was also on the first police commission which succeeded in getting the RCMP to police the town.

Jack Dennett, also a former council member from 1974 to 1976 feels the addition of secondary and primary industry to supple-

ment the tax base would boost economic potential in the town. While this may be difficult to do in only one year, Mr. Dennett said he would settle for the construction of a new exhibition ground.

"I want to see grounds established permanently on a year round basis," he said. "Other things will take time but once the ball is rolling things can begin to develop."

He spent three years on council but resigned because he said, he did not want to be accused of conflict of interest when the town was dealing with a business he owned at the time. During his tenure he was actively involved in community services. In charge of parks and recreation, Mr. Dennett was also a member of the finance and employee relations committees and is now involved in the multiplex, president of the home and school association and active in the agricultural society.

## Sturgeon Regional Recreation Council News

### CHILDREN'S GYMNASTICS

A 10 week recreation oriented program for children ages 6 - 10 will be held in the gymnasium of Camilla School on Thursdays, October 11 to December 13. The class on October 11 will be held from 6 - 8 p.m. Deadline for registration is October 8 and pre-registration is required.

### MODERN RHYTHMIC GYMNASTICS

This program for ages 6 - 12 combines the techniques and beauty of dance, yoga, gymnastics and movement. Classes will be held in the gymnasium of Horse Hill School on Thursdays, October 18 to December 6. Classes for ages 6 - 9 will be held from 6 - 7 p.m. and 7 - 8 p.m. for ages 10 - 12. Pre-registration is required and the deadline for registration is October 12.

### IT'S COMING . . .

The deadline for registering for fall programs is approaching. If you would like to register for a program, please do so before the deadline. Pre-registration is required for all programs. For further information and registration, please consult your "Programs for People" Tabloid.

### PROVINCIAL DRAMA WORKSHOP - 1979

Alberta Culture, Performing Arts Branch, will be holding their 11th annual drama workshop at Red Deer College on November 2, 3 and 4. The Adult Program will consist of the following electives: Dramatic Role in the classroom; Drama - Language Arts Integration; Basic Directing Skills; Producing Theatre for Young Audiences; Make-up; Reader's Theatre in the Community; Musical Theatre Choreography; Technical Aspects of Theatre; Program and Curriculum Development; Community Theatre Operation and Drama in Therapeutic Situations. For students, ages 16 - 18, the following electives will be offered: Playwriting, Musical Theatre Movement; Performance Program-1; Performance Program-2; Production Program; Technical Program-1 and Technical Program-2. For further information please contact Alberta Culture at 427-2563. The deadline for registration is October 19th.

### TOWN OF MORINVILLE

A growing community of approximately 4,000 population located on Highway 2, 20 miles north of Edmonton, requires:

#### Machine Clerk

Applicant should be thoroughly familiar with the operation of mini-computers and with Municipal accounting procedures. May be required to perform general office duties.

#### Labourers

Applicant must be in good physical condition in order to perform duties normally associated with this job.

Excellent fringe benefits provided. Please send resume outlining experience and qualifications to:

## Redwater residents get royal flush

Residents of Redwater will just have to flush their toilets more often if they hope to prevent blockages in their sewer lines. This was just one of the suggestions made at last week's council meeting, to put an end to the rash of complaints from several residents who have had problems with tree roots entering lines and backing up sewage in basements.

One resident even brought a bucket full of roots to the town office to illustrate his predicament. The problem has resulted in plumbing bills for the town, and while

the bills, averaging \$60 each, have been paid up to now, council has decided to have the public works committee investigate to determine if the 'root of the problem' is really the town's fault.

Part of the difficulty, though, exists with flow in the lines themselves. Roots can enter the lines through small cracks in the pipes but with more constant use the blockage is worn down. The town also has poplar and elm trees growing on boulevards, and the problem may be coming from these roots.

"With growth of poplars

and elms on boulevards we may have a perennial problem," said Mayor Alex Konasewich. "We may have to look at putting a toxic in the sewer lines to see if we can eliminate the problem from that end."

Alberta Environment does allow certain chemicals to be disbursed in sewer lines to remove blockages, saving the town the cost of plumbers to go down lines with power augers.

Some concern was expressed, though, over what effect these chemicals would have on the sewage lagoon.

Councillor, Tony Fueril, suggested the problem might be handed over to "our maybe yes, maybe no, engineers". He was alluding to a situation which has now developed over whether the town has a contract with Associated Engineering Services Ltd., (AESL), a problem which is now being looked into.

Even so, council recommended the engineers check out the situation and report to the next public works committee meeting.

## MD development officer has annexation experience

By Carla Bit

Planning and development is not entirely new for MD's new development officer, Greg S. Daruda. Even though this is his first job in the planning field since graduation, a little over one year ago, his first experience involved setting up options for Edmonton's annexation proposal.

Mr. Daruda has been with the MD for close to two months. But a six month position with Hu Harries & Associates involved preparing background information for annexation hearings, which started before the Local Authorities Board yesterday.

The company were and still are financial consultants for the city," he said. Their job was to prepare assessment information, operating revenues and expenditures, and that information would assist the city in choosing the best annexation alternative.

Seven alternatives, along with their pros and cons were set up, he said, and the city chose the seventh and the largest proposal. The remaining six detailed smaller land areas for growth, from no growth to the present annexation request.

That job ended in June and provided Mr. Daruda with an insight into both sides of the annexation question. But because his job is now in one of the areas affected, he is more inclined to remain neutral.

#### EDMONTON WILL GROW

"The city does need room for expansion, but it will be a political decision as to how many years they should be allowed to plan for," he said.

"If they're expected to plan for 20 to 25 years then maybe they do need more land."

Various projections, he added, show that Edmonton will definitely continue to grow with its population upwards of one million by the year 2010. Should annexation become a reality, said Mr. Daruda, the impact on St. Albert and the county of Strathcona would be more devastating than on the MD.

"The MD would lose more in terms of assessment than in actual physical size. Because the industrial base is close to the boundaries with Edmonton, it would lose a significant portion of its industrial base which is also a significant amount of the total tax assessment."

However the industrial effect on the city of Edmonton would be minimal, he added.

"In terms of what is in the city now, adding Refinery Row, for example, would make very little difference in terms of the ratio of residential to non-residential assessment," Mr. Daruda commented.

#### IMBALANCE ON ERPC

He suggested increasing the number of votes the city has on the Edmonton Regional Planning Commission (ERPC) might be one planning alternative. As a provincial body set up as the subdivision approving and planning authority for counties and municipalities outside Edmonton, it provides planning control for the area. Edmonton, however, only has three of the 21 votes on the Commission, an imbalance considering its pop-

ulation in proportion to the surrounding area.

GREG S. DARUDA

Mr. Daruda's experience in Edmonton, is augmented by his education background. He earned his Bachelor of Arts (B.A.) in Urban and Regional Studies in August 1978, at the University of Lethbridge. As Lethbridge is a small city, the emphasis was on rural and small community planning, which could provide him with insight in to the MD district.

Proximity to Edmonton, he has realized, for example, brings in numerous calls for country residential development.

"I knew there would be pressure for country residential development but the phone does ring a lot," said Mr. Daruda. "I think it's starting to slow up from what it was a year ago, but I still get a number of calls each day inquiring about it."

In addition to handling development inquiries he is also responsible for issuing building and development permits, drawing up development agreements once subdivisions are approved by the ERPC, and acting as a liaison between the ERPC and MD council.

A lot of it is paper work and accounting to council which represents ratepayers. But while development in the private sector is alluring, Mr. Daruda prefers public service.

"While you use the same knowledge in the private side, the bottom line is already written, and it becomes your job to justify those predetermined conclusions, usually based on dollars. In the public side there's more planning involved and more freedom to decide what's the right way to go about it."

## Redwater police busy with thefts

It's been a busy September for the RCMP staff in Redwater, as they have had to contend with several thefts of various kinds.

Bobby and George Powder of Radway were each charged with robbery with violence after a man was beaten and robbed of \$20 on September 20. The two will appear in court October 4.

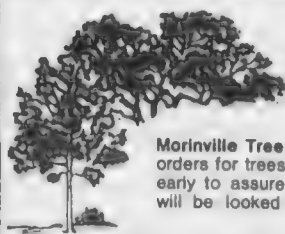

Back on September 12, Wendell Calkins of the Redwater area was charged with possession of stolen property in relation to a theft of a car battery from out of a vehicle.

Sheldon Bausman of Redwater has also been charged

with possession of stolen property as a result of investigations into an incident where a tire and rim was taken from a vehicle.

Also on file is the theft of a motorcycle from a Redwater area acreage. Police are still investigating.

An RCMP patrol picked up Raymond Joseph Cardinal in the Redwater area in the small hours of September 23. He has been charged with two counts of possession of stolen property, impaired driving, refusing to give a breath sample, and driving while suspended. Edmonton City Police have also charged him with break and enter.

## Write minister if anti-metric

It is the understanding of our organization that the present federal Minister of Agriculture, Mr. John Wise, favors conversion to the Metric System.

With so many Progressive Conservative MP's in favor of a return to the Imperial System it came as a great shock to our organization to be informed that the Minister of Agriculture, of all people, favored the Metric System. This surely must be a result of poor advice from the bureaucrats in the minister's department or other misinformation.

Farmers as a group are more adversely affected by the metric system than any other segment of the population which leads us to wonder if Mr. Wise knows the feeling of the people of his constituency?

Mr. Wise has a duty to his constituents as well as to the entire Canadian agriculture industry.

In order that he may be better informed we urge everyone interested and particularly those engaged in agriculture to write to Mr. John Wise, Minister of Agriculture, R.R. 4 St. Thomas, Ontario stating their opposition to the Metric System.

R. E. Randall  
Secretary  
Alberta Anti Metric

## Gazette chastised

I wish to inform you that articles which have recently appeared in the St. Albert & Sturgeon Gazette pertaining to the affairs of the Village of Bon Accord contain inaccuracies and require correction. In order that our ratepayers may be properly informed, I request that this letter be printed in your next edition.

**Item 1 September 12th edition - Municipal Inspector's Report:** While the information contained in this article is substantially correct, it must be pointed out that no minutes of Council meeting have ever been "thrown out." While a motion to adopt the Minutes of the November 21 and 28, 1978 meetings was passed, the record of the motion was inadvertently omitted from the typed minutes.

**Item 2 September 19th edition - Late Payment of School Supplementary Requisitions:** Bon Accord was not late and never has been late in paying its requisition to Sturgeon School Division. Sturgeon School Division, without giving notice, calculated quarterly payments differently from the Village. Prior to this year, our calculations were never questioned. The net result was that the Village was asked to pay an interest charge in the amount of \$4.63. We might add that the basis for this charge is still being questioned. Our residents must be assured that their tax dollars are not going towards interest charges on School requisitions that this year amount to \$107,871 which requires a mill rate of 8.8 mills as compared with 8.7 mills required to operate the Village.

While Council appreciates good newspaper coverage of its business, we would advocate caution in sensational reporting, especially on trivial matters.

Kenneth P. Fearnley - Mayor  
Village of Bon Accord.

**EDITOR'S NOTE:** Information on late payment of school requisitions came from the Sturgeon School Division office.

## MD pressing province to take over Cardiff Park

The Sturgeon Regional Recreation Department and the MD of Sturgeon are trying to get the provincial government to take over Cardiff Park.

The park, located two miles south and two miles east of Morinville across from the Hamlet of Cardiff, has been owned and operated by the MD since it was abandoned as a mining site in the late 1960's.

The 325 acre site has become expensive to maintain and Recreation Director, Larry Kirkpatrick is now arranging a meeting with Peter Trynchy, Minister of Recreation and Parks, through MLA Myrna Fyfe to discuss the takeover.

The MD, he said, feels that if the province would take it over and turn it into a provincial park it would be maintained on a regular basis and could be used for camping.

Until three years ago, when Alberta Environment provided funding under a park reclamation program, the site still housed remnants of the old mining operation. Sink holes were all over the park and signs indicating the danger are still posted today.

The 325 acre Cardiff Park still shows remains of an old abandoned mine site. The mine was reclaimed as a park three years ago but it has become expensive to maintain. Discussions are now going on between Sturgeon Regional Recreation Department and the Minister of Recreation and Parks to see if the province will take it over and make it a provincial park.

Under the reclamation program old garbage dumps, landfill sites and mining areas across the province were turned into usable park areas. Funding was provided for some initial work on the park and this summer, the recreation department received \$14,000 Young Canada Works grant to employ six people to clean up the park.

"They cleared up the lake and built hiking and cross country ski trails and generally maintained the park," said Mr. Kirkpatrick. "Some

parts were also seeded last fall and spring but they're not ready for people to walk on them yet."

Mr. Kirkpatrick is now awaiting a reply from Mrs. Fyfe and hopes to meet with the minister as soon as possible.

## Candidates for by-election

Continued From Page C1  
The third, second time around candidate is Margaret Jegard. Hardly new at the political game, she has spent over 11 years on the political scene in Redwater; one year as councillor in 1968 and three years as mayor from 1969 to 1972. Since then she has been a trustee on the local hospital board and active in the local Catholic parish.

Margaret Lorraine Jegard

Mrs. Jegard is familiar with two of the other candidates having worked with them on earlier councils and feels that the only issue, if there is one, is good government for the town until the next general election.

"I'm running because my experience and ability will be an asset and I want to serve the town," she said. "There are no issues, just to ensure that the business of the town is done for the town."

The two novice candidates are Dale Hart and Bill Johnson. This may be their first political venture but both are confident that they could make significant contributions to council.

"I'M PERSISTENT"  
- JOHNSON

Mr. Johnson's name, of late, has been synonymous

**Bill Johnson persistence may pay off**  
with the ambulance service which was started after three unsuccessful attempts. As a first run candidate he rates his chances as 50-50 but feels that his ability at having brought a needed service to the town will be an asset to any council.

"It shows I'm persistent," he said.

### NO PROMISES - HART

Dale Hart, at 24, is the youngest candidate but has a businessman's sense of pragmatism, something he feels is essential for council. Only 22 when opened his automotive business in town, he feels that what he lacks in experience he will be able to make up determination.

"I'm not promising anything," he said. "I run a business and I know what it's like to promise something and not be able to follow through."

A high voter turnout is expected, but with five qualified candidates it could shape up to be a battle to the last ballot. But whoever residents select today, they will have to bear in mind that they will only be filling in time until the real test, the general election next October.

## Debt reduction

Continued From Page C1  
Robinson said later that, "In all likelihood if we continue to grow the way we are Sturgeon Heights, Camilla, Bon Accord and Gibbons schools will all need additions."

If no further construction took place it would take about 20 years for the board to pay off its \$437,000 unsupported debt, Mr. Robinson said. "But more building has to take place and costs for it will certainly rise."

He noted that when Sturgeon Composite was built two years ago construction costs were \$48 per square foot within the school and \$32 per square foot for portable classrooms. Today's prices have risen by more than 25 per cent to \$65 and \$50 per square foot respectively.

During September 12th meeting, Mr. Robinson said the minister's contention that the education debts across the province weren't large enough to warrant

provincial aid also left him wondering.

"If it (the debt) is as insignificant as they point out, then there shouldn't be any trouble in them agreeing to the resolution. It shouldn't cost them very much."

He added that he couldn't understand why the minister saw any reason to differentiate between school and municipal debt. Both could use help, he said.

Trustee Don Hood said it's unfair that municipalities receive funds -- even more

funding than their indebtedness requires -- while school boards get no aid.

Some municipalities, he said, "don't even have a necessary project at this particular time. They're just investing it or sitting down and scratching their heads to figure out what to do with it."

The board has since learned that at least one other school division will be presenting a similar debt reduction resolution at the A.S.T.A. convention.

# Redwater confused on relationship with engineer

By Carla Bit

Redwater council is either suffering from amnesia or for years the town has been operating a common law relationship with its engineer Associated Engineering Services Ltd., (AESL).

The situation arose last Tuesday when council was confronted with an engineering report on the town's massive paving program but had no engineer to explain the progress on the work to date. Even worse, the town's own superintendent Doug Holt had not bothered to show up to give his report.

Redwater has used AESL's services for years, but no council member, including Mayor Alex Konasewich and town manager, Keith Miller, was able to recall if a contract between Redwater and the firm to provide engineering services on an ongoing basis, and specifically on the paving project, had ever been signed.

"Do you mean we don't have a motion in the books actually appointing them (AESL) as town engineer, and we have to have a motion to appoint one everytime a job comes up?" said Mayor Konasewich. "I'm sure a motion has to exist."

No councillor could con-

firm or deny the Mayor's suggestion, but according to Mr. Miller AESL is not on retainer. That is, the town cannot request that an engineer be present at every council meeting, unless the town pays travelling expenses for the trip out. If the town had a contract an engineer would need to be present even though engineering matters were not necessarily being discussed.

## PAVING PROGRAM AFFECTED

The issue has serious ramifications for the town's \$1 1/2 million street paving program for which AESL is acting as engineer. The Municipal Government Act requires that when funds of that magnitude are applied for through the Local Authorities Board (LAB) an engineer must be appointed by council resolution and furthermore, must be a member of the Alberta Association of Professional Engineers.

Council would have had to have passed such a resolution to apply for the money, and funds would not have been disbursed unless this clause had been satisfied to the LAB's satisfaction.

This requirement apparently slipped all council member's minds, though Mayor Konasewich did maintain a motion must have been passed or paving would not have commenced.

"With \$1 1/2 million worth of paving projects I would like to be sure that we have an engineer for them," said councillor Tony Fueril. "We're in the dark and I think we should get the

engineer now."

## CLARIFICATION REQUESTED

Councillor Brian Davies suggested council and the town manager do some "homework" to determine if a contract did exist. He said that there could be some legal overtones in future unless the relationship between the engineer and the

town was clarified.

"By what authority would the town make such commitments for engineering work without an engineer?" he said. "I suggest this might be a matter for our solicitors to look into. If you find you have no written contract, our solicitor will tell us our legal position, especially with regards to progress payments for work."

Council hesitated in taking

such action as yet but did agree that the books (past minutes and agendas) be checked to see if a motion was passed to hire AESL and if not, the matter will be referred to the solicitor for comment. Council also firmly recommended that Mr. Holt be present for all future council meetings to provide his report on public works projects particularly paving, going on in town.

# Morinville Memos

## By Margaret Yacysen COMMUNITY BREAKFAST

The season's first Community Breakfast will be held on Sunday, September 30 from 9 a.m. to 12 noon at the Recreation Centre. Hopefully many Morinville residents will turn out for the breakfasts, which are held every month for the purpose of keeping the community together.

Different local clubs cater for each breakfast with the money earned eventually going toward the installation of air-conditioning in the hall.

All members are encouraged to attend the meeting. Please contact Anne Kryskow at 939-4243.

## LIONS CLUB BARBECUE

The Lions Club will hold its annual barbecue on Saturday, September 29 in the International Building on the Frontier Daze grounds. Anyone wishing to purchase tickets may contact Harry Brown at 939-3517.

## FARMERS MARKET WINNERS

The winners of the Collect - A - Letter Contest were: 1st - Terry Weisgerber and 2nd - Joyce Leadbeater. Fresh pumpkins are now in and will be available this week. The Farmers Market will continue until sometime in October, the closing date to be published.

## CURLING SCHOOL

The Morinville Curling

Club will sponsor a curling school on October 17 and 18 at 7 p.m. in the curling rink. Instruction will be provided through Curl Canada. The fee is \$10 per person.

To register or obtain further information call Margaret Yacysen at 939-3047.

## MINOR HOCKEY

Registration for all minor hockey leagues will take place on Monday, October 1 at 7 p.m. in the Agriplex. This year parents must be present when registering their children.

For further information call Doug Ramer at 939-4565.

## FIGURE SKATING

The Morinville Lions Figure Skating Club is holding registration on Tuesday, October 2 at 7 p.m. in the ice arena.

Lessons in the A.R.S.A.

program will be held on Tuesdays with fees ranging from \$37 - \$42. Lessons in C.F.S.A. will take place Thursday evenings and Saturday mornings with registration set at \$51 plus teacher fees.

For further information call Linda at 939-4762 or Denise at 939-4401.

Skates may be bought or sold at the time of registration.

## NEWS

Anyone with news items is asked to contact Margaret Yacysen at 939-3047, mail Box 100 Morinville or stop in at 9715 - 99A Avenue.

People interested in bowling with the Sturgeon Bowling League are asked to contact Terry Ann Panchyshyn at 961-25581.

## CLOTHING COURSES - GIBBONS

## Kerckhof-Korlochuk exchange vows in Calahoo

By Liz McLeod

A beautiful wedding was solemnized in St. Catherine's Church, Calahoo on June 30th, uniting Denise Mary Kerckhof and Edward Frank Korlochuk, in bonds of Holy matrimony.

Denise is the eldest daughter of Marcel and Theresa Kerckhof, Calahoo, and Eddy is the son of Tony and Mary Korlochuk of Quill Lake, Saskatchewan.

The Reverend Father Frank Lavery officiated.

Mrs. Pat Sheehan from Villeneuve played the wedding music. Solists were Patricia Sheehan and Colleen Soetaert.

The bride, given in marriage by her parents, was radiant in a long white overlay gown, accented by lace at the neckline, waist and the edge of the long sleeves.

A floor length sheer veil formed a train, trimmed in lace and held by a capstyle headpiece. She carried a bouquet of red and white Sweet Williams, green leaves, with white lace encircling the bouquet.

The groom's sister, Georgina Korlochuk was maid of honor and the bridesmaids were Jackie MacFadden and Georgette Van Brabant.

They wore identical blue tiered sleeveless gowns with blue picture hats and nose-gays of blue and white carnations and daisies.

Attending the groom were Louis and Jack Korckhof and his brother Ron Korlochuk, in blue tuxedos with frilly shirts and blue bow ties.

The groom was dashing in a blue tuxedo, white frilled shirt, blue bow tie, complemented by a white carnation

with red rose in centre boutonniere.

Henry Kerckhof (bride's brother) and the groom's cousin, Edward Yablonski ushered the many guests.

The reception was held in Riviere Qui Barre hall with the bride's sisters, Mary and Diana Kerckhof and Debbie Boddez taking care of the guest book.

For her daughter's wedding, the bride's mother looked charming in her full length sleeveless coral gown, complemented by a long sleeved full length lace jacket. The groom's mother was elegant in a full length turquoise gown.

Mr. Leo Verbuk from Oliver, B.C. was the jovial master of ceremonies, and Mr. George Lanoue proposed the toast to the bride.

For travelling Denise

chose a white pant suit, accented by a brown and white striped blouse and Eddy chose an off white two piece suit, with a dark brown shirt.

A honeymoon trip took them to Jasper, Banff, Calgary and parts of Saskatchewan, ending at their parents' home in Quill Lake, where another gala reception and dance awaited them.

Out of town guests were Josef and Mimi Cocquyt and Miss Lieve Cocquyt from Belgium; Emiel and Maria Dendoven from Ontario; George and Mary Lanoue from Tracy, Minnesota; Emma Delanghe of Marshall, Minnesota; and Ken and Louise from Elk River, Minnesota.

The happy couple are making their home in Edmonton, Alberta.

MR. AND MRS. EDDY KOROLCHUK

## Cardiff Column

By Florence Vranas

Anyone interested in bowling on Thursday nights in the Sturgeon Bowling League should phone Terry Ann Panchyshyn at 9612581 immediately as there are still a few openings. The bowling will once more take place at the Namao Air Base.

Everyone is welcome to attend an organizational meeting for a Junior Forest Wardens Club. The meeting will be held at the Bon Accord Community Center on Monday, October 25 at 7:30 p.m. If your children are between 10 and 16 years old, come out and see what junior forest wardens is all about.

### BABIES IN THE NEWS

Coreen Blouin was born June 20. She is the first child of Bernie and Lawrence. Coreen tipped the scales at six pounds, nine ounces.

Next, on August 1, Pat and Colleen Beck welcomed their third child, a girl, whom they named Carly Anne. She weighed seven pounds, 15 ounces and has a sister Shannon and brother Dallas.

Ed and Ann McLaughlin, formerly of Cardiff are also the proud parents of their third child who is also a girl. Meghan Kathleen was born

August 23 and was six pounds, 11 ounces at birth. Meghan has a big sister Orla and brother Ronan.

Finally, Randy and Theresa (Cookie) Calahoo became parents for the

second time on September 11. Little Ann Marie weighed in at eight pounds, one ounce and has a big sister Louise.

Congratulations to the new parents and welcome to all the "Wee Ones".

MR. & MRS. RICHARD VAN DE WALLE

## Area couple wed in summer ceremony

**By Carmen Morin**  
In a picturesque summer ceremony, Father Paul Lyonais celebrated the nuptial Mass uniting Delores Monpetit and Richard Van De Walle in St. Albert Roman Catholic Church on August 17.

The bride is the daughter of Mr. and Mrs. Roger Montpetit of St. Albert and Richard is the son of Mr. and Mrs. Walter Van De Walle from Legal.

Baskets of natural flowers graced the altar. Gilbert Montpetit was altar boy. Ushering the guests were Emile Larose and Tony Pelletier. The readings were given by Cecile Cuku, sister of the groom and Ben Van De Walle, brother of the groom.

Solists were Pam Henry and Brenda Kowalshyn (Demers) accompanied on the guitar by Larry Douzich, uncle of the bride. Larry also sang two of his own

compositions. The organist was Claudette Bilodeau.

Given in marriage by her parents, Delores was radiant in her chantilly lace floor length gown featuring a stand up collar and short sleeves. The gown was enhanced by a cathedral train. Her skull cap trimmed with pearls and sequins held her traditional three tiered veil edged with chantilly lace. The bride carried a bouquet of natural red roses. Walking down the aisle accompanied by his parents, the groom was attired in a white formal gabardine suit and wore a red rose and white carnation boutonniere.

Bridesmaids Laurie Weller, Betty Warshawski, friends of the bride; Lorraine Van De Walle, sister of the groom, and Joanne Montpetit, sister of the bride (junior bridesmaid) wore identical floral polyester and cotton gowns with a lace stand up collar accented with a shoulder and skirt bottom flounce. They carried a

parasol and cascade of mini white and pink carnations and daisies. The parasol was bedecked with identical natural flowers and pink velvet ribbon. Their dresses were sewn by the mother of the bride.

George Van De Walle, brother of the groom; Donald and Harvey Montpetit, brothers of the bride; and Gerald Montpetit, junior bestman, cousin of the bride; and the groom were all dressed in dusty rose formal suits with white carnation boutonnieres.

Following the ceremony a reception and dance was held at the Polish Hall in Edmonton for some 450 guests.

To receive her guests the mother of the bride chose a polyester knit floor length coat and dress ensemble in a dusty rose with a white gardenia en corsage. The mother of the groom wore a soft pink polyester knit gown with matching elbow length cape type jacket compli-

mented by a white orchid.

Ben Van De Walle was master of ceremonies, enlivening the dinner with his own brand of wit and humour. Grace was said by George Montpetit, grandfather of the bride.

Marcel de Champlain proposed a toast to the bride and Harvey proposed a toast to the lovely bridesmaids.

Joanne welcomed Richard to the Montpetit family and George welcomed Delores to the Van De Walle family. Mr. Victor Douzich, grandfather of the bride, rendered two beautiful songs at the banquet. Pam Henry also entertained accompanied by Larry Douzich.

Richard and Delores thanked all the guests for joining them and making this special day such a memorable one. They especially thanked their parents for making that day possible.

Following their honeymoon in B.C., Rick and Delores are making their home in St. Albert.

## Gibbons Sunday School vandalized

**By Margaret Atkinson**

It was a very sad thing to find the windows of the Gibbons Sunday School broken by rocks.

Mrs. Della Gibbons has worked so very hard, at helping all the kids. "Why break these windows then?"

Residents who live nearby, or someone passing, could prevent this from happening by phoning the RCMP while it was being done.

That Sunday School takes in all denominations. All are

welcome to become a part of it, so why the stones?

"Parents, of Gibbons, Please!" Help your children to grow up "caring". You could see they are home after dark.

Sunday School children have been doing many good deeds. They are learning to protect nature and its living creatures, to love everyone and working to gather funds for the senior citizens' comforts.

"Please, children and

adults, protect our Sunday School. You can run quickly to a responsible person and give the description of persons doing the damage. (you will be protected.) Then, when the person or persons replace the broken windows, perhaps they can try the classes too. It might help them to see how wrong it is to just break things."

Respect our churches -- and kids -- this is your church. You guard it well and this will help. God bless and do your best.

# Hog farming brings home the bacon for Clavan Farms

By Carla Blt

There is nothing aesthetic about hog farming. It smells and it is noisy, but for the past 20 years 'hogging' as it is known, has been bringing home the bacon for Clavan Farms Ltd., near Morinville.

The farm, run by the Vansevenandt family, gears the resources of its 2,000 acres to the hog operation with wheat, oats and barley used as feed. The system has worked very well and has produced some of the best hogs in the MD, with most destined for export.

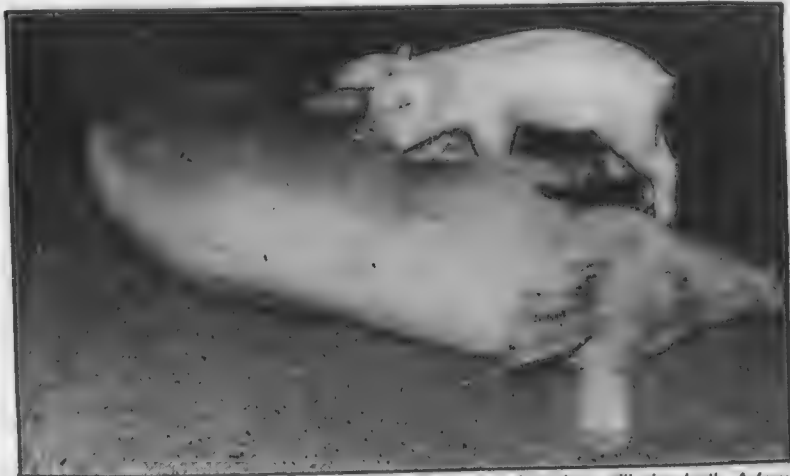

Unique in farming circles

today, is that the farm is 100 per cent family run. Roger Vansevenandt oversees the farming operation, but eldest son George is the real hog farmer. He is helped by younger brothers, Richard, James, Daniel and Mark, while sister Judy is off for her third year in Education at the University of Alberta. Mother, Isabelle, also takes a big hand in the business, combining with her husband during harvest time.

The farm started as a partnership, with 'Claven' coined from the first three letters of his former partner's name and the first

Piglets waiting anxiously for mother to provide dinner. Clavan Farms Ltd. is one of the most successful hog farming operations in the MD raising hogs for slaughter, with most destined for export.

Date tags are placed over the sow pens to indicate when they will give birth. A few days before, George Vansevenandt, the eldest son who takes care of the hogging operation, will move them to a special barn. Piglets are then born and kept until they are weaned.

three letters in Vansevenandt. Mr. Vansevenandt bought out his partner several years ago but decided to keep the name.

Few farmers in the area thought the farm would survive long, though. Mr. Vansevenandt had had little experience with farming, having worked for a farmer in 1948 and then spent the years up to 1960 working on construction.

"People thought we'd never make a go of it," said Mrs. Vansevenandt. "But Roger had a dream to have this farm and we've done pretty well. There was really only one year we didn't make money, but we still paid the bills."

The milking cows were

soon eliminated to allow the family to concentrate on the hog operation. Besides, said Mrs. Vansevenandt, at that time there was no one to take care of them when we went on holidays. The only livestock the family keeps now is chickens and rabbits, and these are used to supplement the family diet, which consists a great deal of pork.

An acute business sense earned Mr. Vansevenandt and Clavan Farms the farm family of the year award at this year's One Century of Agriculture exhibition, during Klondike Days.

The farm was nominated by the Morinville Board of Trade and while Mr. Vansevenandt likes to downplay the award, he feels that it

was just as much for his activities off the farm as it was for his successful farming operation.

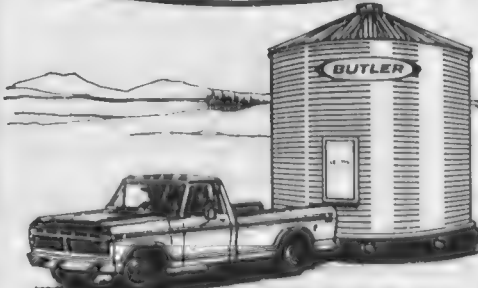

"In the off season I spend about three-quarters of my time in outside activities," he said. "I'm involved on church council, the grainage board and president of the Legal Alfalfa Pellet Plant."

These diversified interests and his success in farming puts him in a good position to offer advice for farmers starting out. While it may be a biased comment, he feels livestock is a much better proposition than grain farming. Few will question his advice.

A little hard work, he added smiling, wouldn't hurt either.

Sows and boars are kept in separate compartments until breeding begins. There are only about 300 head on Clavan Farms near Morinville, but there are close to 2,000 once the piglets are born. Hogging has been in the Vansevenandt family for 20 years. Roger Vansevenandt and his family operate the business "hogging" which has been in the family for 20 years.

# Gibbons library news

School students will find some new Science in Action books available at the Gibbons Public Library. Each book has illustrations, photographs and diagrams and are written for the student in the high elementary grades. The titles of the

books in this series include: Man's Future in Space; The Weather; The Quest for Fuel; The War on Pollution; Living With Computers; Spare Parts for People; Man Made Fibres and Science Versus Crime.

Younger children will

enjoy the new set of Young Naturalist Books recently added to the shelves. There are lots of pictures in these books and the stories tell of the habits and homes of such animals as zebras, elephants, kangaroos, chimpanzees and many others.

A set of books on the province's history were sent to all libraries in Alberta, including the Gibbons Library. These books were purchased with money from the Heritage Fund. There are novels by High Dempsey, W.O. Mitchell and Rudy

Wiebe as well as stories depicting the lives of the pioneers of the west such as "Pathfinding on Plain and Prairie", "The Little White School House" and J.G. MacGregor's "A History of Alberta".

If there is something you want to know or a particular book you would like to read, ask for it at the library. Books

can be ordered from other facilities through interlibrary loans. The library is open on Monday, Tuesday and Thursday evenings from 7 to 9 p.m. and on Wednesday and Saturday afternoons from 1 to 3 p.m. Membership fees are \$1 for adults; 50 cents for children, for one year. We welcome you to come in and browse.

# Legion plans ahead in Legal

Well, we are back at it again for another season, kind of sad to see summer go and knowing what is coming.

It is the time of year that all clubs are back at work again, organizing for its new term. As you legionnaires know, we have not let up all summer, as to bingos every Thursday and having the Legion doors open Saturday evenings.

We held a general meeting on September 18th, and have lined up the coming events for this fall and also into the

beginning of the new year. Legion members will be getting a newsletter in regards to all events in the near future, and there are quite a few of them. As you know we are still collecting paper for paper cycle and this coming week on Friday night if you want your papers and magazines picked up we will be driving around town to pick them up. Please have your journals, magazines, etc. tied up in proper bundles and place them at your front door. Or call C. Dobord

939-4108 or D. Clarke 939-4658. All the money derived from this project goes into our new building fund some time in the future.

We always welcome new members, and anyone who would like to join please call Al Davies 939-4132, membership chairman.

The Branch is also getting ready for Remembrance Day coming November 11, 1979 which will be on a Sunday this year. Canning will be done again about two to three weeks

before to local business places, and also if those persons who would like to purchase wreaths for families should please get in touch with C. Dubord 939-4108, Poppy Chairman.

Bingos have been going great all year with very good support from all over the country but we still need workers so come over on Thursdays.

Next meetings are as follows: Executive Meeting - October 3; General Meeting - 3rd week of every month

(October 17). We need you at the general meeting so members please attend.

Please be advised that the Command Service Officer, Mr. Colin A. McKay will conduct interviews at the Edmonton Poppy Office, 10720 - 101 Street, Edmonton, from 9 a.m. to 5 p.m. Wednesday, October 3, 1979.

The purpose of these interviews is to give all veterans and ex-servicemen and their widows an oppor-

tunity to discuss their problems personally with the Command Service Officer.

The Edmonton Poppy Office have kindly consented to schedule these interviews at thirty minute intervals, therefore, any person wishing to take advantage of this free service should contact Mr. Russ Dembiski, any week day between the hours of 1 p.m. and 4 p.m. His telephone number is 423-3965.

## Legal Locals

By Carmen Morin

The Legal Lions Club will launch its first annual Community Birthday calendar. Members will be out to see each family in the coming week.

This calendar will be of special interest for the community of Legal as it will contain the birthdate and wedding anniversary of each family contacted by the Lions members. The calendar will also contain meeting dates of all organizations and special events.

The campaign will start September 24 and conclude

October 3, 1979. Proceeds from the sale of calendars will go towards the proposed Lions Park and other worthwhile community activities.

The Lions Club would also like to remind bingo lovers that their bingos will be starting some time in October. Definite dates will be announced later.

### DAY CARE

There is only one week left to register for the Legal Day Care. Five more children are needed for the program to

commence. The program consists of crafts, painting, coloring, cutting, gluing, free play, games, teaching children personal hygiene (brushing after meals, etc.), movement and exercise, outdoor activities and much more. Children will receive a hot, nutritious meal each day - along with two snacks, milk and juice throughout the day.

The charge is very reasonable; \$8.00 (income tax receipts issued) per day. The day care will be open 7 a.m. to 6 p.m. and run throughout the summer.

The director is Bonnie Pelletier. She has recently attended several pre-school activity, game, movement, craft, music and safety programs and workshops.

Deadline is September 30. If five more names aren't enrolled, the day care will not commence. Phone Bonnie at 961-3939 to register now.

### JUNIOR FOREST WARDENS

Everyone is welcome to attend an organizational meeting for a Junior Forest

Wardens Club. The meeting will be held at Bon Accord Community Center on Monday, October 25, at 7:30 p.m. If you have children between the ages of 10 and 16, come out and see what Junior Forest Wardens has to offer.

### STURGEON BOWLING

Anyone interested in bowling on Thursday night in Sturgeon Bowling League is asked to contact Terry Ann Panchyshyn at 961-2581. Six teams are required to make up the league.

## Legal C.W.L. Club News

On September 18 the Legal Catholic Women's League held its first meeting since adjourning for the summer vacations. Father Levasseur, director, opened the meeting with the League prayer.

The spiritual reading by Lorraine Keane was a poem "It's in Your Face", which brought home to members how much our face is like a barometer of our inner selves.

Summer events were reviewed, such as the picnic, presentation of a service pin to Jeanne Barry and the float entered in the parade. Pat Montpetit thanked all who helped decorate the float.

Correspondance from the Sacred Heart Program was next dealt with. As individual members are urged to write to the stations which broadcast this program expressing appreciation. The program can be heard on C.J.C.A. radio at 7:15 Sunday morning.

Mildred Klassen gave a brief report on Development and Peace, outlining the help being given to the Indo-Chinese refugees. Mildred will be getting speakers for future meetings.

The St. Vincent de Paul Society is in need of winter clothes and dishes as their supplies have been depleted. The C.W.L. is sponsoring a depot for anything residents may wish to donate. Please pack in convenient size boxes or bags and leave at the back of the church. Donations may also be left at the home of Mrs. Gary Cromwell by October 7th.

President Pat Montpetit would like the members to

review the book "Family Reflections on the Gospels of Mark", before next meeting. Most have this book and its potential for a study and discussion program will be discussed at the next meeting.

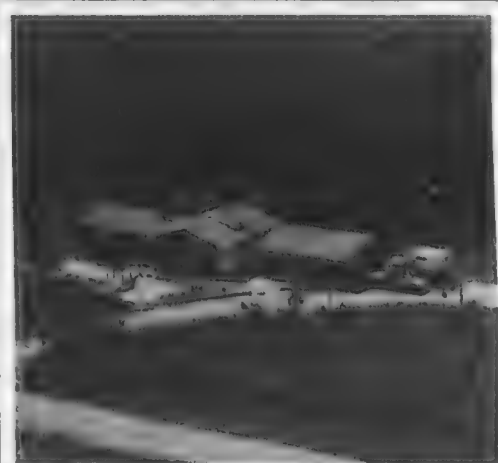

Next to be dealt with was a stereo LP record "Sincerely Yours" and correspondence received from Father Hefernan. The literature dealt with "The Moral Develop-

ment of Radio and T.V." The LP contains 32 "one minute messages of inspiration" set to music. The record will be looked into more fully at a future meeting.

Commercial people are now being exposed to on T.V., such as female hygienic products, jeans and lingerie. Some members are doing something positive about it and are writing letters about offensive advertising.

Father Levasseur reminded members that winter will soon be here and the tombstones in the cemetery that need repairing or straightening, or any other maintenance, would best be done now, while the weather is still pleasant.

The next meeting will be on October 16. Anyone interested or having any questions concerning C.W.L. should feel free to drop in.

1½ miles to Legal. 3 acres view property or 8 plus acres with 2009 sq. ft. home overlooking creek ravine or both above parcels 11.49 acres with further subdivision potential. Low taxes. PHONE 961-3770.

# Franchuk sisters die in accident

The Namao - Carbondale district was deeply saddened this week when two young sisters Elsie Franchuk, 19 years and her sister Susan Gail, 15 years were killed in a two-car collision between Morinville and Carbondale, on September 16, 1979. Both

girls attended Namao School. Elsie was in Grade 12 and Susan was a student in grade 10. They were both keen members of Namao C.G.I.T. and had been Explorers. Susan was the secretary of the C.G.I.T. this past season.

They are survived by their loving parents Mr. and Mrs. Peter Franchuk of R.R.#2 St. Albert; two brothers and four sisters, Larry of Edmonton, Randy at home, Mrs. (Diane) Tony Kiss of Redwater, Mrs. (Pat) Tom Homeniuk of

Morinville, Mrs. (Judy) Melvin Whitney of Edmonton, Joanne at home; maternal grandparents, Mr. and Mrs. Bill Sarafinchan. Predeceased by one sister Lucille in 1955 and one brother Gerald in 1954.

Prayers were held on Wednesday, September 19 at Park Memorial Chapel. Funeral services were held on Thursday, September 20 at the Holy Trinity Russo Orthodox Church at Smoky Lake with Rev. A. Melnyk

officiating and interment in the church cemetery.

In memory of Elsie and Susan the Franchuk family are setting up a Scholarship Fund to be awarded to students in Grades 10 and 12 at Namao School.

## Namao News

By Norma Crozier

### WITH SYMPATHY

Sincere sympathy is ex-

ended to the Gordan Walker family of the Namao-Carbondale district in the loss of Mrs. Minnie Walker, who passed away on Sep-

tember 21, 1979 at 58 years of age. She is survived by one son, Lawrence at home and one daughter, Judy of Calgary. Funeral services

were held on September 25 at the Namao United Church with the Reverend Hal Sambell officiating followed by interment in the Namao

Cemetery.

\*\*\*

Deepest sympathy goes

out to Mr. Lawrence Rye and his family in the loss of his sister, Mrs. Cora Hodgins, widow of the late Rev. E.J. Hodgins.

## The Gibbons News

By Margarette Atkinson

Here I am, turned, "News Writer". If you all help me, I'll try my best to get "your" news into your column.

Gibbons has quite a number of new "tiny" residents. Congratulations to the mums and dads.

### BINGO

Gibbons bingos are getting bigger and better and for new residents the "RIM" (the school gym) is the place, every Thursday at 8:00 p.m. Charities supported are the Sacred Heart Parish and the Royal Canadian Legion. When you win it's worth going, and I did real well last Thursday. Children, under 14, must be with a parent or adult.

### STREET VASTLY IMPROVED

The very long hours, spent

in fixing Gibbons streets have made a vast improvement. Housewives and storekeepers are finding it a great help. No more dust!

Welcome to all newcomers to Gibbons. Contact me if you have something you wish published, or contact the Town Office on anything you wish to know.

### SUNDAY SCHOOL

Kids! If you've met some new friends, who haven't much to do at times, invite them to try out your Sunday School. They might enjoy all the great times you are having too and wouldn't be nice if dad, grandad, or an uncle who is a "handy-man" would do some fixing up at the Sunday School?

### CEMETERY CLEANUP

Members of the Sacred

Heart Church are invited to a "clean-up" campaign for the cemetery.

Thistles, knee-deep, will sure fall from swinging scythes, hoes, mowers and rakes (next weekend and onward).

The little cross of Marguerite Nadeau peeks over tall grass there. She died having tonsils out, a very "crucial" thing in 1933, but a minor operation in 1979.

Please come out and join forces, folks. How fine it will be to get it done during these nice days or weekends.

### DOGS CARED FOR

It would be wonderful to know people are caring for their pets. One poor doggie, made me feel very sad. He is a fairly large dog, running loose, who had a rejected

meat sandwich in his mouth, about to eat it. As I removed it from him, I found it to be full of maggots. The dog is black and white with a black patch over one eye and he looks half-starved.

### NEIGHBORHOOD WATCH

Here is a really interesting program coming to the Gibbons Community Hall at 8:30 p.m., October 2nd.

Bring the whole family along as this will be a very informative session for all.

Constable Beech - RCMP from Morinville will be

conducting the program. "I'll see you there!"

### BINGO - SEPT. 20

There was a good crowd at the Rim with the "jack-pot" standing at \$125.00 in 56 numbers. However, since nobody got it, it carries on to \$125.00 in 57 numbers, so you better get with it.

Congratulations to Jim Crawford and Bob Heidt, on splitting the "Share the Wealth" game. Earl, you will call the game on September 27.

### DANCING

Registration for Ukrainian Dancing will be held in the Community Hall Tuesday, October 2 at 6:30 p.m.

Xrays and tests on my husband, Albert indicate I have to give up being Gibbons News Correspondent.

What I know now indicates nearly my whole time must be devoted to my beloved husband. I will not really say good-bye, because I will still write my feature articles.

## Gibbons courts not ready

It's difficult to play tennis when balls bounce in every direction, except that of your opponent, or if you have to keep chasing the ball down the street, or look for it in the shrubbery. But when there's no fencing and an uneven court, there's little choice unless you're a Chris Evert-Lloyd or Jimmy Connors.

Players in Gibbons have been putting up with the situation ever since the courts were erected, but soon, they're going to have

no court at all.

The courts still need additional surfacing to smooth out the playing area and a coating to keep them from buckling and heaving after winter. This has caused a delay in fencing because the additional asphalt and final sealer coat must be applied to the edge of the courts and a fence would get in the way.

Costs to add the surfacing will run about \$2,880 with

\$300 to even out the surface and coat it. Lines were mistakenly painted giving players the impression the courts were already complete, but once the final coat is put in later this fall, new lines will be drawn.

The major expense will be fencing, though, already purchased by the town. A Calgary firm is expected to complete the job, and with luck, players will have proper courts to play on by spring.

## NOTICE OF PUBLIC HEARING

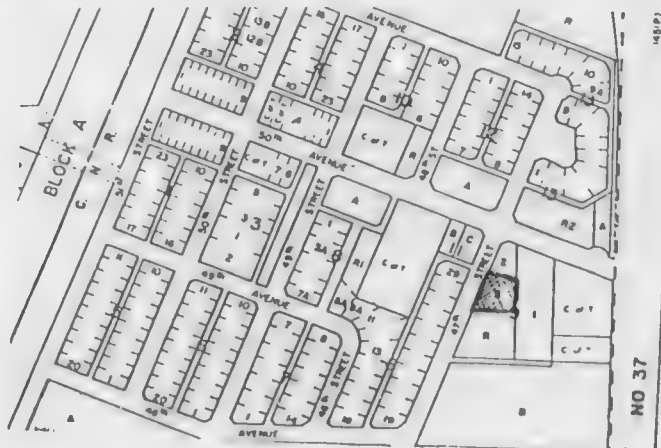

The Council of the Town of Gibbons, having been given authority under Section 119 of the Planning Act, R.S.A. 1970, as amended, to control development within the boundaries of the Town of Gibbons, by zoning, will hold a public hearing.

The purpose of this bylaw is as follows:

That the Zoning Map attached to and forming part of the Zoning Bylaw of the Town of Gibbons be amended by Zoning:

Lot 3, Block 9, Plan 1085 R.S.  
(as shown)

from R1 to C1

The proposed bylaw may be examined between the hours of 9 a.m. and 5:30 p.m. at the office of the Municipal Administrator of the Town of Gibbons. The Public Hearing will be held in the Town office on the 25th day of October at 7 p.m. Written objections to the proposed bylaw will be received by the Municipal Administrator at her office until 5:30 p.m. on the 25th day of October, 1979.

Objections shall be submitted in writing prior to the meeting. Those written objections which have been received before the designated time will be discussed at the meeting, before further presentations will be recognized.

A. R. McLean  
Acting Municipal Administrator.

## The last round-up Gibbons senior citizens

By Katie Brandle

### GIBBONS SENIOR CITIZENS MARK FIRST YEAR

On our regular meeting day September 13, we celebrated our first anniversary.

Representatives from the Sunday School Circle, the A.C.W. Association and the Coronado U.C.W., both Units 1 and 2 were our guests.

Roll call was answered by 34 members. There were 13 visitors: Jean Briggs, Eleanor Drinkill, Reg and Zaida Drinkill from Elmvalle, Ont., parents of Mr. Drinkill. (Reg was celebrating his 75th birthday today and we all sang "Happy Birthday"), Della Gibbons, Margaret Highson, Peggy Langston,

Gail St. Nicholas, Eileen Stirton, Winnie Shaw, Bea Simmons, Gladys McWhirter and Lois Williamson.

Emily Oliver extended a warm welcome to all the visitors, then gave the chair to Reg Austin. Reg took us back one year ago, when the Drop Inn Centre was officially opened and reminded us of the good fortune we had financially, to get our centre going. He then called on Robert Duncan to entertain us, by playing several old favorites on his accordion. Robert is 92 years young.

Lillian Austin read an amusing poem on growing old.

Earl Toane with his violin accompanied by Emily Oliver at the piano played several lively old time dance steps. I am sure we all wished we were several years younger.

Earl Toane recited a poem

titled, The Shooting of Dan McGrew.

We all joined in a sing song with Peggy Langston, with accompanied herself on the guitar.

A note of thanks from the St. Albert Senior Citizens were acknowledged.

This brought a very pleasant afternoon to a close. Many thanks to those who helped to make this day a special one.

A bountiful lunch was provided by Sheila Crosbie, George Knight and Aureole Lamoureux. Thank you friends, it was delicious.

The next regular meeting will be held on September 27. Ruth Berman from the Preventive Social Service Branch at Morinville will be our guest speaker.

We extend a most cordial invitation to all seniors to join us.

# Bon Accord News

By Sadie Allen

Market Days are drawing to a close and with the one this Wednesday and the final one in conjunction with the Thanksgiving Supper on Monday, October 8, a most enjoyable season will be over for another year. Not only a source of supplies, crafts, fresh vegetables, honey, home baking and more, the markets have provided an opportunity to meet and visit with the neighbors! September 26 will feature a home baking sale sponsored by the Chubby Club -- no doubt out to get more members! A show sponsored by the Tiny Tot organization will also be a feature of this market. The show starts at 6:30 p.m. so moms can get the young ones home to bed in good time. The following young gardeners won prizes with tomatoes produced by the Ag. Society's give-away plants last spring. In the seven and under class, the prize went to Glen Olson; to Julie Serediak and Nicki Mansfield for eight to 11 and to Becky Shwetz for 12 and over. Congratulations are extended to all these young gardeners. If you have been getting your Farmers' Market shopping bag dated all summer, bring it in on October 8. The one with the most dates gets the prize.

Congratulations to Dave Schwan who's ticket to the Car Raffle and Dance on October 20 was drawn in the Early Bird Draw. A pat on the back to the Schwans, who turned their \$100 win into another ticket for the event.

There will be a meeting of the Bon Accord skating club in the Community Hall on Thursday, September 27 at 7:30 p.m. The decision re having an Ice Show will be made at this meeting. Come and express your opinion and vote.

Congratulations are extended to Mel and Colleen Bandravala on the arrival of their son, Curtis Jason, 8 lbs. 2 oz. on September 20.

Bingo got underway in the B.A. Community Centre on Sunday, September 23. The Bonanza was shared by Ralph Boisvert and Helen Robertson. Free admissions for next week went to Irene Roblin, Peggy Schurman and Ralph Boisvert. Bingo is held every Sunday at 7:30 p.m. in the BACC. All proceeds go into community recreation. Volunteers to help conduct the Bingos are needed. If you feel you could give even one Sunday evening to work the concession, sell tickets, etc., please call Glenda Bobbie, 921-3574.

## OPEN HOUSE - EMERGENCY SERVICE

The Bon Accord Fire Department and the Bon Accord-Gibbons Ambulance Emergency Service will be holding an Open House on Sunday, October 14, at the Bon Accord Fire Hall, starting at 1:00 p.m. and running through to 4:30 p.m. There will be a slide presentation on different aspects of your emergency service. There will also be demonstrations in the use of

fire extinguishers as well as demonstrations showing the different types of equipment in use in both emergency services. Volunteers will be on hand to explain procedures and answer questions. Here is a chance for you and your children to view your emergency services. Don't pass it up. For further information, call Ken New, 921-3762.

## LADIES CLUB

The Ladies Community Club will meet at the home of Joyce Clark on Wednesday, October 3. This is an important meeting as the club will be finalizing plans for the Thanksgiving Supper. It is important that all members and interested community workers turn out for this meeting.

Attention -- Brownies, Guides and Pathfinders! --

Registration will take place October 3 at 7:00 p.m. (sharp) at the Community Hall. A short meeting to elect a new executive for the Ladies Association will also be held. NOTE-- this meeting and registration is for Parents Only. No prospective Brownie, Guide or Pathfinder need attend. Registration fee is \$9.00 per girl, and a Community Hall Users fee of \$5.00 per girl. All registrations must have a Community membership for 1979/80, obtainable at the Village Office. In charge of Brownies (six - nine) are Penny Lesyk, 921-3871 and Marg Schneider, 921-2417. For Guides (nine - twelve) and Pathfinders (12 - 15) call Kathy Hutton, 921-3861 and Linda Schwanik. The leaders need parental support provided by the Ladies Association. Their time is all given voluntarily. Won't you help? It is your daughter who

benefits from this worthwhile organization. For further information, please contact Phyllis Christiani, 921-3640, or any of the leaders.

If you like bowling, players are needed to bowl at the Namao Air Base starting on October 11. If interested, call 961-2581 -- Mrs. Panchyshyn, by October 2.

Bon Accord news items are appreciated. Please call 921-3813 or leave at the house preferably no later than 10:00 a.m. Mondays.

Square Dancing is scheduled to start on Thursday, October 18 at 7:30 p.m. in the Bon Accord Community Centre with Norm and Loretta Demeule instructing. New dancers are welcome. For further information, call Doris Carleton, 921-3686 or Marg, George, 921-2465 (evenings).

Get well wishes go out to Edith Carleton in the Sturgeon General.

## FILM ON SCOUTING

For anyone wishing to learn more about the Scouting Movement from Beavers and up, there will be a film "Introduction to Scouting" shown in the Bon Accord school library on Thursday, September 27 at 7:30 p.m. If you have registered your son

## JUNIOR FOREST WARDEN

Everyone is welcome to attend an organizational meeting for a junior forest wardens club. The meeting will be held at Bon Accord Community Centre on Monday, October 15 at 7:30 p.m. If you have children between the ages of 10 and 16 come out and see what junior forest wardens has to offer. Please Turn to Page C 12

## Avadex® BW plus fertilizer.

### Control next spring's wild oats and feed next year's crops in one quick trip this fall.

What's the one thing you never seem to have enough of? Unless you're a whole lot different from the farmers we know, it's time.

So combining two jobs in one ought to seem like a pretty good idea. Don't you think? Especially when it'll also save you fuel. And when it'll mean one less soil disturbing trip over your fields this fall.

AVADEX® BW herbicide and fertilizer. It's a combination that makes sense this fall. And not just because it'll save you time and energy now.

Next spring's crop will get off to the best possible start. It'll have extra nutrients in the critical early stage of growth. And it'll have those nutrients without a lot of wild oat competition. AVADEX BW will have taken care of that.

AVADEX BW lies in wait through the winter. Then, early in the spring, it goes after wild oats. Before they can break ground. Before they can steal moisture and nutrients from the crop.

And AVADEX BW works in six major crops—wheat, rapeseed, flax, mustard, barley and sugarbeets.

So you can mix AVADEX BW with your fertilizer this fall and still have plenty of cropping options next spring. And you can do it with urea or liquid fertilizer.

As high flotation applicators grow in popularity, increasing numbers of farmers are opting for tank mixes of AVADEX BW and liquid fertilizer (28-0-0 or 10-34-0). And the combination of AVADEX BW and urea has just been registered for use this fall. Liquid AVADEX BW can be impregnated on granular urea and applied through spin or dribble spreaders.

Ask your dealer or custom applicator about all your AVADEX BW plus fertilizer options. Pick the one that's right for you. And reduce the number of trips across your fields. Next year, you'll be awfully glad you did.

ALWAYS READ AND FOLLOW THE LABEL FOR AVADEX BW. Avadex® is a registered trademark of Monsanto Company. © Monsanto Company 1979. ABW-C7-79

# Redwater News

By Jeannie Hare  
ELECTION DAY

4603 or Terry Maslyk at 939-4098.

This was their first visit here.

Five candidates are running for the two positions on the Town Council for Redwater. The candidates include Bill Johnson, John Sadonyk, Jack Dennett, Lorraine Jegard and Dale Hart. September 26 will be election day.

## BINGO

The latest bingo was held last Thursday at the Legion Hall. A new bonanza jackpot was started at \$200.00.

## SOCCER

The final league mite tournament will be held on September 29th at Gibbons at 6:30 p.m.

## SHOWS

On Saturday, September 29th "Where Angels Go" will be shown with Rosalind Russell and October 6th "Race for Your Life (Charlie Brown)". Shows start at 10:00 a.m. (except for Market Saturdays) at the Hall.

## JETS HOCKEY

The Jets started an ice try-out camp on September 21. Any players, ages 16-20 from Redwater area that missed it can get information from Norm Hooper at 939-

## FALL COURSES

Registration for fall courses can be done by mail or in person. No phone registrations will be taken, and registrations are on a first-come first serve basis. Deadline is 5 days prior to the first day of class.

Courses being offered are Basic Chinese Cooking, Dried Flower Arranging, Woman's Fitness, Men's Fitness, Ladies Take a Break, Woman's Poise Plus, Cross Country Skiing, Drama, Oil Painting, Photography, Playschool, Children's and Teens Painting and Drawing, Ukrainian Dancing, Tap, Jazz and Ballet Dancing.

## POST OFFICE

There will be no wicket service, no receipt or dispatching of mail on Monday, October 8. Box office will be open as usual.

## VISITORS

Glenda Lawrendeau of Quebec and sister Irene and Victor Reynolds of London, England were visitors of their sister Muriel Paulsen of Redwater for one month. They found Redwater very friendly, and while here also visited Banff and Jasper.

## UNITED CHURCH SERVICES

United Church Services are at 0930 every Sunday with Sunday School during Church. A church service at 11 a.m. will be held at Coronado with Sunday School during Church. Rev. Ladey and wife Linda arrived from Ontario in the middle of August to take over the Redwater pastoral charge, following the retirement of Rev. Sidney Vincent.

## ROMAN CATHOLIC MASS

Mass given by Father Irwin begins every Sunday at 0930. Catholicism classes will 0930. Catholicism classes started last Wednesday at the school and after school hours. For further information call Mrs. Pasemco at 735-3492. The St. Clares Ladies Group is held every first Monday of the month at the Catholic Church Hall at 8 p.m. and anyone wanting more information can contact Alice Haloenen.

## UKRAINIAN DANCING

A general meeting was held concerning the Ukrainian Dancing Club on Tuesday night. Anyone is eligible from six to 14 and older boys are needed. For information call Mary Rozak at 7353366.

## EVANGELICAL COMMUNITY CHURCH

The Redwater Evangelical Community Church on the corner of 47th Street and 47th Avenue has been going through several changes. The Church has decided to affiliate with the Christian and Missionary Alliance denomination and thereby change its name to the Redwater Alliance Church. The church has a new pastor, Kevin Peters, recently come from Regina. On Sunday the program starts at 10:00 a.m. with Sunday School for all ages, followed by the morning worship at 11 a.m. There is also an evening fellowship at 7:30 p.m. From October 8 until October 12, the church will be having a Kids Crusade, so keep that in mind. If you require help or information fee free to contact Pastor Kevin Peters at home at 735-2598 or at church at 735-3013.

## WEDDING

On September 8th at 4:00 p.m. on a beautiful snunny day, Susan Hahn and Melvin Lavallee were united in marriage at the Moore United Church by the Rev. Neil Lackey. The bride entered the church on the arm of her father, wearing a long white gown, which she had made. The bridesmaid was the groom's sister, dressed in a long blue gown with packet. Bestman was the bride's brother. Following the ceremony a reception and dance were held in the Legion Hall for about 50 guests. The flowers in the church were beautiful arrangements from local gardens consisting of glads, dahlias, sweet peats and marigolds. The happy couple are now residing in Edmonton.

## MINOR HOCKEY

A minor hockey meeting was held September 10 and thanks to some interested parents, and some more specific positions, minor hockey will not be dissolved. An executive was elected as follows: President - Ernest Nimchuk, 1st Vice-president - Andy Danyluk, 2nd Vice-president - Glenn MacLean, Secretary - Kathy Kelliher, and Treasurer - Connie Wazinski. On the phoning committee: Mary Ann Reid, Tonya Smith, Vicki Onushko, and F. Ludwig were elected.

## NEWS

Phone your news items in to 735-4432.

## BROWNIES & GUIDES

Registration for Brownies and Guides took place on September 19. The redefined age groups are 6-9, 9-12, 12-15 and 15 and up. Anyone that missed it and is in this age group, rural or urban, can get information from Anna Schmidt.

## WESTERN STORE OPENS

For all the western fans in the area, a new western wear and tack shop opened on the weekend. "J-Lynn's" opened their shop in the new shopping plaza in Redwater. They can be reached at 735-2366.

## ELECTION

The Chamber of Commerce sponsored a "Meet the Candidates for Council" forum on September 24th.

## BOWLING

Registration for the 197980 season is at 6 p.m., September 27 for boys and

girls five to nine. A ladies bowling meeting will be held September 25 at the bowling alley.

## NEW LOOK

The Moore Memorial United Church has had an uplift this week, as members worked on the exterior, with a new paint job and shingles

## FARMER'S MARKET

Another successful Farmer's Market was held in September with fruit and vegetables in abundance. Mrs. Janet Chaba was the lucky door prize winner, which was a box of mixed fruit. The next Farmer's Market is Saturday, October 20.

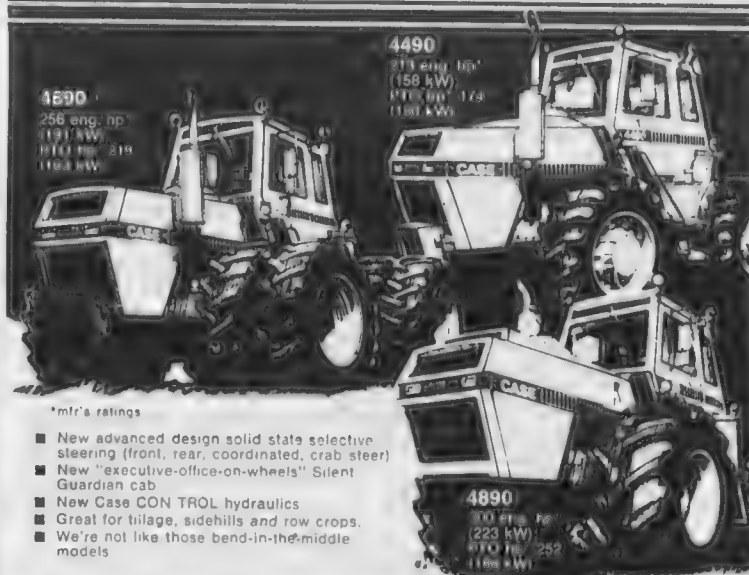

## SCHOOL OPENS

There are 433 students enrolled in Grades one to nine this year at Redwater and 136 in high school with a total enrollment of 569. This figure does not include kindergarten which has 28 in the morning class and 21 in the afternoon class. Kindergarten again is taught by Mrs. Louise MacDonald. New teachers this year include Mrs. Vandenberg (Grade One), Mr. Semotuk (Grade Two), Mr. Golan and Mr. MacKay (High School), Mrs. Russell (Principal), a new counsellor, Mr. Calaycay and Special Help Teacher Mrs. Palfy.

## FALL SUPPER

A fall smorgasbord supper will be held from 5:30 to 8 p.m. October 17 at the United Church in Redwater (corner of 51st Street and 51st Avenue). Cost is Adults - \$3, Students, ages 12-16 - \$2, ages six to 12 - \$1.50 and five and under - \$1. For more information call Betty Dixon at 735-3254.

**Come to our field demonstration on Wednesday, October 17th and see these new Case 4-wheelers.**

## Bon Accord news

Continued From Page C 11 in Beavers, Cubs or Scouts this is your opportunity to learn more about the program.

On October 3 at 7:30 p.m. in the Community Hall a meeting will be held for parents of boys registered in Beavers, Cubs or Scouts. It is important that you attend this meeting. For anyone who has not paid his registration, or for anyone who still wishes to register, this is your last chance! Anyone wishing to help out as leaders or helpers is

cordially invited to attend.

## CHILDREN'S PAINTING

More children are needed in the Painting and Drawing course. A really good instructor will conduct this class. Perhaps there's hidden talent in one of your children. This course provides a valuable opportunity to bring it out.

Two more courses that will really pay those who sew at home for their time! -- A sheepskin slippers, mittens and vest course will be held

on October 23 from 9 a.m. - 3 p.m. in the Bon Accord Hall. The cost is \$5.00 with Norma Clark.

A blazer and suit jacket course will be held with the preliminary half-day session slated for October 25 in the Bon Accord hall balcony. This is a 3 1/2 day course and will be held on three consecutive Saturdays, November 3, 10 and 17 from 10 a.m. to 3 p.m. in the Bon Accord Hall. The cost is \$14.00 and the instructor is Norma Clark. Contact Lynda Bland, 921-2374.

## STUTT FAMILY BENEFIT

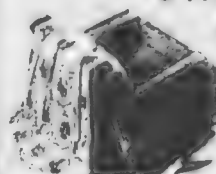

The benefit for the Jim Stutt family Friday in the Bon Accord Community Hall, drew a few people and managed to raise enough money for the Stutt's to refurbish their wardrobes.

Two poodles were lost in the fire which destroyed the family home five miles north of Gibbons, September 14. Mr. Stutt and his three children are now living in Edmonton.

## Swiss are richest

ZURICH — On the basis of gross national product per capita, Switzerland ranks as the richest country in the world. A survey by the Union of Swiss Banks says the Swiss moved into first place because of a 34 per cent appreciation in the value of the Swiss franc last year, which increased average income to just under \$14,000 a person. Kuwait dropped to second place. (PN)

## Boosting prison food supply

A four-fold increase in food production at federal

prisons is the goal of a new inmate employment program of the Correctional Service of Canada (CSC).

There are now five farms run by the federal correctional service. They produce less than one-quarter of the food needed by Canada's 9,300 inmates. But through more intensive management of the farms and acquisition of new land and buildings, CSC hopes to produce two-thirds of the value of food needed.

Officials at Agriculture Canada provided much of the expertise in planning the new program. Emphasis will be on beef, poultry and vegetable production.

## Log cabins set new trend

Log homes in Canada are rapidly gaining the respect they inherently deserve according to Doris Muir, editor of Log Home Guide for Builders and Buyers.

"With inflation and energy conservation affecting the housing market many people are looking to log homes as a sound investment," she said. Log homes often cost less to build than conventional houses, they require little maintenance, they are sturdy and have excellent insulation qualities.

The Eastern Forest Products Laboratory in Ottawa recently issued a report that states that the colder a white pine log wall gets the better it insulates. It also said a six-inch wall made of pine is equal to about an R12 insulation value. Most log walls are much thicker than six inches, resulting in substantial insulation and less wasted heat.

Covering the North American market the guide details many companies. Building styles covered include the Scandinavian chinkless method through to logs milled into kits.

Stories range from the firmly established Pan Abode system to a surprisingly new concept of mobile log homes.

This rather unconventional use of logs for building is getting a lot of attention south of the border. The

structures look like log houses, yet are transported down the highway as regular mobile homes and can be set on the same foundations as regular mobile homes.

# We've gone international with Realty World so we can make "A World of Difference" in all your real estate transactions.

## We've added to our names...

We've added Realty World in front of our names so we can serve you better with some of the most advanced resources and professional real estate techniques in the industry today.

**Scientifically designed sales aids.** Realscope, for example. A photographic tour of your home's most salable features that benefits both buyer and seller. For sellers, it offers additional selling power and helps eliminate many unnecessary and inconvenient trips through your home by unqualified "just lookers." For buyers, it allows you to sit in our offices and see more homes in a few minutes than you could probably see driving around all day.

**Massive advertising.** In newspapers, as well as on radio and/or television, helps Realty World reach most potential buyers and sellers in your area.

**Qualified, professional salespeople.** All Realty World agents are well-educated and knowledgeable professionals whose expertise is constantly updated in a continuous training program that is one of the most progressive and thorough in the history of the industry.

**Greater exposure.** Realty World works closely with every major multiple listing service in this area. Additionally, our own international referral system and Realscope both help expose your home to more potential buyers.

## while keeping our personalized service and attention.

Even though we're part of the Realty World international network of offices, we still give you the same personal service and attention you've always valued. That's because each office is still independently owned and managed. This local autonomy allows us to continue serving you as neighbors... and no one knows your neighborhood better than your neighbors.

So you get  
the advantages of  
dealing with  
a big real estate  
organization  
without the  
disadvantages.
